Would Suspend Lewis-led Unions

(By Joseph L. Miller) (Associated Press Staff Writer)

WASHINGTON, July 13.—Two American Federations of labor executive council members said tonight they believed suspension from the federation was the only way to handle tactics of the rebellious unions led by John L. Lewis.

IN MEMORIAM

MISS ANNIE R. COLES

Funeral services for Miss Annie R. Coles, were held from the Gardner funeral home, 50 Summer St., Haverhill, Mass., May 10th Rev. J. F. Polley, D. D., pastor of the first Presbyterian church, officiated. Former Alderman Bernard L. Durgin rendered several selections. Nurses from the Gale hospital attended the services in a body, and were in full uniform. During the services, the nurses stood at attention and went to the grave where they formed a guard of honor.

The pall bearers were: John L. Marshall; Chester Angus; James Morrow; Max Groom; Dr. Alden, George and Jess Fuller, Jr.

Alderman Warren, O. Hunkins, commissioner of health and charities, and William W. Savage, Director of the Municipal Hospital, were present. Members of the Medical profession attended the services in a body. Burial was in Elmwood Cemetery, Bradford, Mass., where committal services were conducted by Rev. Dr. Polley. Many floral tributes received.

Angered at Lewis' announced plan to disregard craft lines in steel, automobile and rubber or- ganization campaigns, the council several weeks ago directed the United Mine Workers and seven affiliated unions to send representatives to the current meeting to explain their action.

Women Mindful of Current Problems

(By The Canadian Press)

BOSTON, July 14.—"We are confronted with a momentous choice, a choice that must decide the future of America," said Mrs. Philip Woodward, assistant New England director of the National Economy League, at the annual luncheon of the Harvard Women's Club.

ROOF FIRE YESTERDAY—The fire department was called out about 12.30 yesterday for a roof fire on the kitchen at the rear of the dwelling of Roy Huestis, School Street. Hand chemical was used. There was little damage.

CAVENDISH Y. P. S.—On July 3rd the Cavendish Y. P. S. met for their weekly meeting in North Rustico Church with Mr. Gordon Pyfe as president pro-tem. Miss Antia Webb conducted the devotional period of the evening. The usual business period was carried through, and the chief feature of this was the election of officers which resulted as follows: president, Elmer Pyfe; vice president, Eric Simpson; the secretary-treasurer and assistant secretary remaining as before. Dorothy Toombs and Pauline Webb respectively. After the business period Miss Anne L. Lowther took charge of the programme, which was on "Prince Edward Island." She read a very interesting paper entitled "The History of Cavendish." The secretary assisted the convener of this community by giving a short sketch of the life of Jean Pierre de Laas at Brudenell Point, also a short article entitled "Memories of Childhood Days" by L. M. Montgomery. After a contest was enjoyed, the meeting dispersed with the Mizpah Benediction.

Angered at Lewis' announced plan to disregard craft lines in steel, automobile and rubber or- ganization campaigns, the council several weeks ago directed the United Mine Workers and seven affiliated unions to send representatives to the current meeting to explain their action.

Women Mindful of Current Problems

(By The Canadian Press)

BOSTON, July 14.—"We are confronted with a momentous choice, a choice that must decide the future of America," said Mrs. Philip Woodward, assistant New England director of the National Economy League, at the annual luncheon of the Harvard Women's Club.

ISAAC E. BURDEN

It has become our painful duty to record the death of one of Montague's most highly regarded and respected citizens in the person of Isaac E. Burden, who passed away Sunday morning May 31st at the comparatively early age of sixty-five years. As Mr. Burden had been ill only a few days, his death came as a severe shock to his relatives and friends.

He was a native of Fredericton, N. B. a son of Mr. and Mrs. James Burden of that city. He was educated in the city schools and at the University of New Brunswick, after which he took a business course at the Belleville Business College at Belleville, Ontario. He was well prepared educationally for the onerous duties to which he was destined.

He joined the Kitchen Contracting Company of Fredericton as accountant and paymaster, with whom he remained for fifteen years, during which time they built many branch railway lines and other public works in the Maritimes, including the Murray Harbor and Montague branches in this Province.

Mr. Burden's qualities of heart and mind pointed him out for positions of distinction and honour. He had been a Justice of the Peace, Town Magistrate for the town of Montague, Accountant for the Montague Electric Company, Ltd. While at the time of his death he was a Past Master of the St. Andrew's Lodge No. 13, A. F. and A. M., as well as having been Secretary of the same for some years. He was also Secretary of the County of Kings' County. A commissioner for taking affidavits in the Supreme Court and a commissioner in King's County for taking proofs and admissions of debts and wills.

Mr. Burden was a lover of music and particularly admired the masters. He was a citizen which Montague can ill afford to lose. A loving husband; a kind father and a man who had a host of friends. He was a staunch supporter of every good cause.

Besides his wid-ow who was formerly Miss Anne M. Campbell of Cornwall, he leaves to mourn five children: Margaret R.N., Charlottetown; James, of the Bank of Nova Scotia, Charlottetown; Gladys, Lucille and George at home, to whom the Guardian extends its most sincere sympathy.

The funeral, which was largely attended took place on Monday, June 1st at 2 p.m. from the United Church, Montague, where the service was conducted by the pastor, the Reverend Mr. Long assisted by the Reverend Mr. Armstrong and the Rev. Mr. Sterling. From thence to the New Cemetery, where the Masonic funeral service was fittingly performed by the Most Worshipful Past Grand Master L. M. McKinnon assisted by the Most Worshipful Grand Master Kenys and several of his officers, as well as a large number of his brethren from St. Andrew's Lodge A.F. and A.M. Montague and St. George's Lodge A.F. and A.M. Georgetown. His body was committed to the grave, his spirit, having taken flight to the great unknown beyond from whose bourne, no traveller returns.

His work was not done, but his column was broken, his death was untimely, and his Brethren mourn.

Blue and white is a cool combination in a print for early Summer. Brightly colored flowers, gloves, belt or hat trimmings give them the necessary "third degree" or shade, "that is so fashionable this year."

THE ENGAGEMENT is announced of Mary Ruth, daughter of Mr. and Mrs. William Arthur Miller, Charlottetown, to Mr. Harold David Henderson of Sackville, New Brunswick. The marriage will take place early in August. L-6101-7-15-11.

EXHIBITION PRIZE LIST now being mailed to all former Exhibitors. We want as wide a distribution of them as possible, and will thank anyone having an interest in the Provincial Exhibition to send for free copy. This year's Prize List is the best in Exhibition history. Write today for your copy. J. W. Boulter, Secretary, Provincial Exhibition Association. L-5947

North River And Vicinity

Miss Norma Younker of this community purchased a lovely Chevrolet car recently.

The tea held at Milton on Wednesday, July 8th, was a huge success. A very large crowd were in attendance. The tables were covered with a delicious spread of all the best of food, while ice cream and confectionery were sold from a nearby booth. The young men of the district were attracting the attention of many by playing baseball. An open air program was heard all evening.

The Carmel Y.P.U. had a picnic in their district on Thursday, July 9th, having in attendance a large gathering. Sports were carried on.

The picnic recently held at North River was also a wonderful success. Meals were served and the sale of candy and ice cream took place.

The following is the address read to Mr. and Mrs. Wilbur Younker of Charlottetown by the Y.P.U.: Mr. and Mrs. William Younker, the members of the Kingston Y.P.U. have met in your home this evening to extend to you our best wishes for a happy and prosperous wedded life.

To you Mrs. Younker we are pleased to welcome into our midst and although now a stranger to most of us, we hope as the days go by that you will be added to your chain of friendship.

To you Wilbur, we are glad to say that you have been a valued member of the Kingston Group since its organization eight years ago. Always ready to help in entertainments or any social activity and now that you have entered into the holy bonds of matrimony we wish you happiness and joy you will remain a member of our group. We ask you now to accept this gift, not for its value but expressive of our friendship and good wishes and may happiness and success follow along your pathway.

Friends and neighbors gathered at the home of Mr. and Mrs. George Livingston at Clyde River on Wednesday evening to tender a shower to Miss Lena MacKinnon, one of last week's brides. The bride was escorted to the chair of honor by Miss Lydia Murray, while Miss Winnifred Best played the wedding march. The many useful gifts were opened by Miss Alma MacPhee, Jean MacLean and Olive Livingston, while the accompanying verses were read by Laura Livingston.

Miss MacKinnon expressed her thanks for the useful gifts and invited all to her new home. After singing "For She's A Jolly Good Fellow" the evening passed quickly in music. The ladies served refreshments.

Women Mindful of Current Problems

(By The Canadian Press)

BOSTON, July 14.—"We are confronted with a momentous choice, a choice that must decide the future of America," said Mrs. Philip Woodward, assistant New England director of the National Economy League, at the annual luncheon of the Harvard Women's Club.

LEAVES FOR SYDNEY—Rev. R. Hensley Stavert, Grand Worthy Patriarch of the Sons of Temperance, Prince Edward Island, left yesterday afternoon for Sydney, Cape Breton, to attend the annual sessions of the National Division of the Sons of Temperance which meets there July 15-17. A large number of delegates from United States as well as from the various provinces of Canada will attend.

PLEASED VISITORS TO P.E.I.—Mr. and Mrs. Avery V. Wolfrom of Palestine, Ill. U.S. were visitors at home of Captain and Mrs. T. J. Craig, Rose Cottage, Orwell Cove, on Saturday and Sunday, July 11th and 12th. With them were their four children, Avery Jr., Elizabeth, Mr. and Mrs. John. The family left home on July 1st, and drove through Michigan to enter Canada at Sarnia, Ont. They stopped at Kingston, Ont., to visit relatives and went on through Montreal to Quebec City, and thence on down the south shore of the St. Lawrence river to round the Gaspé Peninsula. After driving south through New Brunswick, they ferried to P. E. I. by the magnificent S. S. "Charlottetown." Early Monday morning they began the return journey, stopping to complete the 4,000 mile trip by the end of the week. Mrs. Wolfrom is the niece of Captain Craig. Mr. Wolfrom is Superintendent of the Educational Department of Chicago Public Schools. The Wolfrom family was enthusiastic in its praise of Prince Edward Island, they were agreed that nature had been lavish in its gift of beautiful scenery, and they can well understand the pride the citizens take in their home land. The party left the Island well pleased with the pleasant greetings and the courtesy and hospitality extended to them wherever they went.

PERSONALS

Miss Anne Buffet, graduate of the Royal Victoria Hospital in Montreal, left on Monday for her home in Sydney. Miss Buffet spent several days visiting her classmate Miss Jean MacLaren at New Perth.

Miss Jean Weeks, Millstream, N. B. has arrived safely in England and is spending two months touring the continent with her brother, Ernest, who has just completed his three years' course at Oxford.

Among those who arrived in Charlottetown Monday night were the Misses Mary Byrne and Katherine MacDonald. The former coming from Pasadena, California to spend the summer with her parents, Mr. and Mrs. Louis Byrne, Morell. The latter coming from Boston, to spend a short vacation visiting her parents Mr. and Mrs. David MacDonald, Mt. Stewart.

Drought Crisis In United States

CHICAGO, July 13.—Drought state conditions were summarized by agricultural observers as follows:

NORTH DAKOTA—One thousand and five hundred farmers on relief jobs. All crops are continuing to deteriorate rapidly. O. W. Roberts, Federal meteorologist said, from unprecedentedly high temperatures and extreme dryness. Spring wheat poor to rather poor, oats, barley and flax poor. Livestock being shipped out rapidly as pastures and ranges afford little feed.

SOUTH DAKOTA—Two thousand and six hundred farmers at work on W.P.A. projects and more being put to work daily. All state officials agree drought is worst in history of state. A. C. Russell, agricultural secretary, estimates damage to crops at \$140,000,000 exclusive of livestock losses due to drought. He said that the drought has now hit hard in south-east border counties still show fair to good prospects. Temperatures of 100 or higher prevailed daily last half of last week. It's harvest time, but only harvest of grain now in progress is in extreme southeast counties with yields discouraging.

NEBRASKA—Winter wheat harvest fair, and should bring in about \$35,000,000 to \$40,000,000 at current levels. Still chance to save corn crop if rain comes in week or ten days. A. V. Bordquist, a Federal statistician, reported, "No farmers on relief yet but some in northwest portion appealed for aid this morning. Grasshopper infestation severe."

WISCONSIN—Drought conditions became acute these days as with foreboding intense heat. Dollar loss since then estimated at millions to grain and pasture crops. Good hay crop was harvested prior to high temperature period, a boon to dairymen, the state's main agricultural reliance.

MICHIGAN—Crop damage generally slight because of recent rains and moderate temperatures until Tuesday.

IOWA—"Every day from now on with temperatures of 100 degrees or higher means irreparable injury and deterioration or Iowa's great corn crop," said Federal Meteorologist Charles D. Reed. He estimates oats and barley crops have been reduced by half in the southern and western portions of the state. "The grains have actually been cooked in the drought stage. Much of the crop is not considered worth harvesting and is being pastured," he added. Grasshoppers have started to eat the corn in western Iowa.

ILLINOIS—Fields of corn beginning to tassel in central and southern areas, a critical state as the plant is more subject to damage at that stage. Soil generally quite dry. Rainfall in June only 40 per cent normal, half normal in May. "Every day with high temperatures and no rainfall adds to the seriousness of the situation," said Federal Statistician A. J. Surat.

MINNESOTA—About 1,000 farmers in eight west central counties certified for drought-relief projects and being put to work as quickly as possible. Much grain being harvested but generally conditions becoming "worse daily." J. E. Jones, sec-

Antigonish Athletes Won Team Prize

(C. P. By Guardian's Special Wire)

ANTIGONISH, N.S., July 13.—Antigonish High School was notified today by Sheriff C. D. Shipley, Secretary of the Maritime Provinces Branch of the Amateur Athletic Union, its athletes won the team aggregate prize at the Maritime track and field meet in Saint John last week. Presentation of the prize was deferred pending investigation of the eligibility of some of the athletes competing for the Society.

Afflicted Child to be Cared For

CAPE TOWN, July 14.—(C.P.)—The Cape Argus puts in a plea for the neglected epileptic child. "Unhappy as the condition is of the epileptic child who has a good home, the child who has no suitable home is in an infinitely worse plight. Orphanages, industrial schools or reformatories cannot give suitable treatment to the sufferer. In fact, the epileptic in such institutions raises a problem to which no answer can be found. The inhumanity of subjecting an afflicted child to a life necessarily designed for youngsters who enjoy normal health, and the effect of this both medically and psychologically, needs no comment.

"The scheme for founding a special institution for epileptic children is, therefore, one which deserves support. It cannot be regarded as an experiment, for similar institutions have for many years been doing good work in other countries. In Germany, in particular, a colony for epileptics was found to give not only greater happiness to the patients, but a marked improvement in health. The present scheme is less ambitious. It is concerned only with the care and training of children and, being a product of the Department of Education, it could hardly go beyond this. But even within these limits a great deal of good work can be done, for it is in the childhood years that the cause of affliction is most likely to leave its mark on the sufferer, and it is in those years that he is best fitted to learn how to bear the burden and live a cheerful and useful life in spite of it.

"To provide for the institution \$100,000 is required and the Government has undertaken to give half of this if the public provides the other half."

EXHIBITION PRIZE LIST 1936—The Exhibition Prize List for 1936 is ready for distribution. Swine breeders will be interested to note that there is a Market Class for Single Bacon Hog Judged on Rail. Exhibitor will be allowed only one entry. Dressed weight 140-170 pounds, for which ten prizes are offered. 1st Prize L-5949

CHURCH OF SCOTLAND—The Sacrament of the Lord's Supper will be dispensed in the Kirk, Cape Traverse, on Sabbath, 19th. Services at 10.30 and 7. Preparatory services on Thursday, 16th, at 2 p.m., and Saturday, 18th, at 2 p.m. Usual service in People's Church, Charlottetown, Wednesday, 15th, at 7.30, and in Stanchell Thursday, 16th, at 7.30. Fishermen Describe Sea Serpent

(C. P. By Guardian's Special Wire)

CANOE N. S. July 13.—A description of a sea serpent nearly 40 feet long encountered in the Strait of Canso was brought in here today by three fishermen.

John Horne, his son Isaac and his brother Charles, said they saw the strange serpentine fish swimming through the water. They said they circled it several times but made no attempt to capture it.

An ugly head shaped like a dog's with a lump the "size of a dipper" on it protruded from the serpent's neck which was 10 inches in diameter. Behind the neck stretched a body 20 feet long and three feet in diameter, according to their description. It had a fin on the back near the neck and a tail forked like that of a swordfish.

FOOD INSPECTOR'S REPORT

To His Worship the Mayor and members of the City Council:
Your Worship and Gentlemen:
I herewith submit my report of food inspection for the month of June, 1936.

Continued as unfit for food and destroyed fifty-eight (58) portions of carcasses.
