NEW YORK

NEW YORK (AP) — Stock market trading for 1962 ended Monday in a typically turbulent year-end session and with a slight advance despite a final rush of tax-loss settling.

Sharp gains by securities of the Baltimore and Ohio Railroad — common and preferred stock as well as bonds—were the outstanding feature. The Interstate Commerce Commission approved Chesapeake and Ohio's bid to control B. and O.

The market will be closed for the holiday.

Turnover was the biggest in more than three weeks as volume swelled to 5,420,000 shares from Friday's 4,140,000. The total was about on a par with that of the year-end session of 1961.

The ticker tape ran seven minutes late at the close when there was the usual rush to get under the wire with final transactions to enter in 1962 tax returns. Not until 21 minutes after the final bell were the last quotations printed on the tape.

The Dow Jones industrial average rose .67 to 652.10.

OUTLOOK MIXED

The year ended with a somewhat mixed outlook for 1963, depending considerably on prospects for a U.S. tax cut. The National Association of Purchasing Agents believed that 1963 would get off to a slow start. A group of economists expected business expansion to continue at a moderate pace. Steel producers were reported to be looking for a big splurge in January shipments of the metal.

The Association Press average of 60 stocks rose .5 to 243.4.

B. and O. common, stamped as assented on the stock swap of 1¾ shares of C. and O for one of B. and O. jumped 3⅝ while unstamped common rose 1½. B. and O preferred rose 5¾ while stamped preferred gained 5⅜. The ICC said the proposed merger would benefit B. and O. financially.

Inspired by hope that pending mergers will win ICC approval, other roads also posted gains.

Prices were irregularly higher on the American Stock Exchange where volume swelled to 2,720,000 shares.

Sparked by news that the Quebec government has offered to take over 11 private power companies and offered Shawinigan stockholders $30 a share, Shawinigan advanced 3¾ to 27⅝. Power Corporation of Canada, which has a substantial interest in Shawinigan, rose 5⅛ to 8½.

MONTREAL

MONTREAL (CP)—Stocks of Quebec's private power companies shot upwards on the Montreal and Canadian exchanges in response to a weekend takeover offer to shareholders by Quebec's Premier Jean Lesage.

Other issues made a slight advance near the close to finish mainly higher for the day.

Shawinigan Power, the largest company of the group, rose 4⅝ to 30—the Lesage take-over bid—on a turnover of more than 83,000 shares. Gatineau Power added 5⅞ to 33¾, Lower St. Lawrence Power rose 6½ to 36 and Quebec Power gained 4⅛ to 35¾.

Power Corporation, which holds large interests in two of the take-over targets, Shawinigan and Northern Quebec Power, jumped 6¼ to 87.

The large gains by the stocks reflected the surprise take-over offer created on the otherwise-quiet market.

In other trading Atlas Steels fell ¾ to 34¾, and Abitibi fell ½ to 41.

On index, utilities jumped 2.7 to 111.7, industrials added 0.4 to 115.9, banks were up 0.6 to 125.8, composite rose 0.8 to 116.2 and papers added 0.4 to 95.6.
