Grain WINNIPEG, Feb. 25 — (CP) — Prices were lower all across the board today on the Winnipeg Grain Exchange, influenced by declines on United States markets and the U.S. embargo on Canadian wheat. Buying was fair in the opening stages, with oats and barley receiving shipper support, barley and flax processor buying, and rye American purchases. However, selling increased toward the close when American markets turned lower. Export loadings of Canadian wheat included 600,000 bushels to the United Kingdom and 350,000 to South Africa. There was no change in prices.

Markets At A Glance (By The Canadian Press) Toronto — Prices edge irregularly higher. Montreal — Industrials, papers ease. New York — Stocks mixed in quiet trading. Toronto — Bacon hogs unsettled, price not established. New York — Cotton closed 45 cents to \$2.45 a bale higher.
