HARDWARE
 BOTH STORES

Plymouth Trim-ese Power Mower

Close Side Trimming . . . Here is maximum cutting convenience—lets you trim right alongside walks, flower-beds. Also clips front trim at mid-point between the front wheels. Natural Cutting Angle Side Discharge—Reduces clogging by throwing mowercuttings clear of the mower faster. Full 18-inch Blade Of Special Steel—Tempered to just the right degree to give a maximum combination of strength weight and toughness. Three cutting heights from 1 inch to 3 inches.

Sturdy Construction—One-piece drawn steel housing with welded wheel supports. Wheel supports are located to as-sure rigid construction. Steel Handle—Strong two-piece handle packed in carton. Limit stops for safety. Handle that doesn't flop over—doesn't allow feet near the mower when operating. Wheels—Hard Plastic Bearings on wide semi-pneu-matic rubber wheels. Friction clutch and 2 H.P. Motor. Colour: Blue with Silver engine and handles.
