DOMINION PARLIAMENT.

The Nova Scotia Coal Deal.

SOME INTERESTING ITEMS.

OTTAWA, Feb. 21. Mr. Burns, M. P., left yesterday, en route to English. He will not return before the House rises. The opponents of the Nova Scotia coal legislation in its present form take courage from the Premier's remarks in the House of Commons on Friday. Dr. Weldon and his half hundred associates are confident that when Sir John Thompson makes himself fully acquainted with the scope of the legislation he will see eye to eye with them, from a Canadian, as well as an imperial standpoint. The last of the matter has not yet been heard of on the floor of the House of Commons or in the court. Hon. Mr. Oulmet laid on the table the annual report of the Department of Public Works. In reply to a question, Hon. Mr. Foster said that the Government was not yet prepared to give the particulars of the treaty signed with France. Mr. McLean, of York, gives notice of a resolution that it is expedient to substitute a nickel coinage for the present copper one; and Mr. Davies of an enquiry as to the freight charged on the L. C. R. for the carriage of coal from Stellarton to Londonderry mines; also, the rate on pig iron from Londonderry westward. Hon. Mr. Laurier has promised to pay a political visit to Manitoba and the Northwest in the spring. The interest taken by the Quebec and Ontario members in the Nova Scotia coal deal is not the result of mere idle curiosity. According to reliable data, well up to 700,000 tons of coal from that province were shipped to Quebec points last year, and yet there are people who say that our inter-provincial trade is not growing. Dalton McCarthy is expected to take a hand in the budget debate to-day or Wednesday.

Terrible Storms.

LOSS OF LIFE.

Damage to Property.

BOSTON, Feb. 21. Despatches from northern New England say that the storm of yesterday was the worst since the blizzard of 1888. LONDON, Feb. 21. A fishing boat went down with nine occupants yesterday in the storm off Hanf on the Scotch coast. Two fishing boats foundered in the storm off Wick. All of the nineteen men in the boats were drowned. A terrific storm has swept the northeast coast of Scotland. Much wreckage has drifted ashore and reports of losses of life at various points are received hourly. BOSTON, Feb. 21. Edward Blake's speech in the House of Commons on Friday night was much applauded in the House and in the press. Leonard Courtney, a Unionist and Deputy Speaker of the House, who followed Mr. Blake, expressed the belief that Mr. Blake would in time reach a position in Great Britain equal to that occupied by him in Canada. The Canadian's speech is expected to herald Mr. Blake's selection as the man to lead the Irish party. In this way it is hoped that the Parnellites and anti-Parnellites will be united.

Mighty Sale

We have bought the entire Stock of MESSRS. PATTON BROS., consisting of General Dry Goods and Carpets.

The Pattons are hard workers, energetic and obliging, honest as the sun; but through the desire of the strong to crush the weak they have had to retire, not, however, before they were the means of revolutionizing the prices on several lines of goods, for which the public should ever be grateful to them.

They did not intend to close up so soon, but through the misfortune of Messrs. Geo Carter & Co. by the late fire, they have sold out and rented the Store to them, in order that they may at once resume their Seed business, which is so important at this season of the year, thus showing their big-heartedness and kindly feeling towards the unfortunate.

The Stock is one of the largest ever thrown on the market, and must be sold, so everyone may be sure of getting bargains.

The Stock includes 30 pieces Black Cashmere and Merinos, 200 pieces Colored Dress Stuffs, 80 dozen Shirts and Underclothing, Carpets, Curtain Poles, House Furnishings of every description, Fancy Goods, Men's Felt Hats, Fancy Ties, and a good assortment of all kinds of goods found in a first-class Dry Goods establishment.

We most respectfully request everybody to call and have a look through. No trouble to show goods, and if you do buy it won't cost much. One man's misfortune is another man's gain.

Mr. Charles Patton is now in our employ, where he will be happy to see all his old friends, and bring your friends with you

Remember, it is very seldom you can get such a chance to secure Dry Goods, Carpets, Clothing, etc. The goods are all fresh, as the boys have only been in business for about one year and a half. Come one and all to the Great Bargain Sale.
