

SHOCK HAZARD

presents

Programming and information you can't live without from CIMN

Station News

Happy 1990! Welcome back to Shock Hazard, CIMN Radio's mish-mash of station news, music news, interviews, album charts and program highlights. Hope you all had a great Christmas. Santa was very good to us and managed to drop off a shiny new CD player and CD's, a brand new double cassette deck, headphones and a lot of other little additions to the station. He even made sure that we are broadcasting in the Pit once again.

By the time you read this, CIMN will be back on the air again on a daily basis from 9 am to midnight. Just a reminder to all DJ's that the program schedule from last semester has been wiped clean, so be sure to drop by the station on the third floor of the Barn and put your name down for a shift. Anyone and everyone is welcome to come up and be a DJ, no experience necessary.

Besides DJing, CIMN has a couple of other jobs open at the radio station. We are looking for energetic people to fill the positions of Advertising Manager and we also require a number of

people to be Production Assistants. We will provide all necessary training. For more information, drop by the station or phone the office at 566-0417.

CIMN Radio is making a change in programming. We claim to be an album-oriented "alternative" station. Therefore we are trying to cut back on the amount of top 40 hits being played on CIMN. You will still hear many popular artists, but, CIMN will be playing different album cuts instead of the same singles that you hear on other radio stations. Hopefully this will enable us to offer something different and still play what you like to hear. Our request line is still 892-CIMN and, unlike most other stations, you can request anything, hit or non-hit, single or non-single, so phone in; our programming is based on what you want to hear.

That's about it until next week. The program schedule and some program highlights should be in next week's editions of Shock Hazard.

Impress Your Friends

Claim the title of CIMN Production Assistant.

We are seeking 2 more people to fill the positions of production assistants. These people will be in charge of the production of advertisements, station identifications, promos and anything else they want. Each person will chose a minimum of an hour per week. During this time the production asst. will be at the station, available to do production work or help others who require help with production. This is a fun and rewarding position, unfortunately, it is a volunteer position. In addition to producing, the assistants will assume the responsibilities of technical training. No experience is necessary - we will provide complete training.

If interested, phone CIMN's office at 566-0417

Get a Job!

We are looking for an energetic person to fill the position of Advertising Manager. This person should be outgoing, friendly and persuasive. You will be paid on a commission-basis, the harder you work, the more you will get paid. We will supply the desk and the stationary (pun intended). The advertising manager contacts prospective clients

(telephone or mail) and often follows up the contacts with meetings in person. A car would be an asset but is not a requirement.

If interested phone CIMN's office at 566-0417.

Interviews will be held Friday, Jan. 20 1990 (that's right folks, ninety).

JAMAICA
