CIVIC.—The regular monthly meeting of the City Council will be held this evening at 8 o'clock.

MAN is often deceived in the age of a woman by her gray hair. Ladies, you can appear young and prevent this grayness by using Hall's Hair Renewer.

HOOK & LADDER.—The regular monthly meeting of the Hook and Ladder Company will be held at their room this evening at 7.30 sharp. By order.—C. BELL, Secretary.

ALSIEK CLOVER.—Mr. Theophilus Crosby, of West River, sent to this office a few days ago a bunch of Alsieik clover, fully four feet long. This is something out of the ordinary rank for clover.

VERY SUCCESSFUL.—The Summerside papers say that the tea at Kenstigt on on Thursday last was a decided success. The attendance was very large, and all present thoroughly enjoyed themselves. The amount realized is estimated at about \$800.

UNTIL the blood is cleansed of impurities, it is useless to attempt the cure of any disease. Rheumatism, which is traceable to an acid in the blood, has been cured, in numerous cases, by the use of Ayer's Sarsaparilla, external treatment being of no avail.

NO MATTER what may be the ills you bear from indigestion, a dose of Ayer's Cathartic Pills will ease you without question. Just try them once and be assured they have much worse dyspeptic cure. You'll find them nice and amply worth the price.

AN ACTIVE OLD WOMAN.—Mrs. Haines, of Elgin, N. B., a lady 86 years of age, lately made five squares of puzzle patchwork in one day. During the past winter she knit seven pairs of socks and stockings, besides taking care of a family of grandchildren.

THE GOLD YIELD.—A Nova Scotia paper says—The Northrup gold mine is improving as the leads deepen. Jane has proved a grand month. The clean-up, which occupied 18 days, panned out splendidly, producing a brick of 500 ounces, valued at over eight thousand dollars.

MORE ISLAND HORSES.—The St. John Telegraph of Saturday says:—Mr. W. S. McKie sold eight of the lot of fifteen P. E. I. horses which he received on Tuesday, to parties in the city. On Wednesday Mr. McKie received three more horses and disposed of them at good prices inside of ten minutes. This morning Mr. J. W. Smith will ship eight P. E. I. horses, which he received Wednesday, to the United States.

GO TO KINKORA.—The jubilee tea and excursion at Kinkora will be the attraction for to-morrow. The committee in charge have made every arrangement for the accommodation of an immense number of people, and are determined to make everyone happy. Every description of amusement will be provided. The tea tables will be well stocked with delicacies. For special train arrangements and other information see advertisement elsewhere.

TROTTER PARK.—A correspondent at North Lake writes:—Mr. John Eneas McDonald has almost finished his new trotting park, and will have it ready for sport about the middle of July. There are a good many fast horses around here, and we expect soon to be able to enjoy trotting sport at home. Already there is a match agreed upon between J. F. Stewart's horse Birdy and Daniel D. McDonald's horse Bob, which is to take place as soon as the track is finished. There will also be purses offered for other races.

THE LOTTERIES.—The lotteries at the Convent Bazaar and Strawberry Festival in Market Hall last week resulted as follows:—

Table scarf—Mrs. James Eden.
Doll—Mr. A. Allen.
Queen Anne Table—Mr. Queerfellow.
Tea table—Mrs. James Waddell.
Fire screen—No. 210.
Grotto of Lourdes—Mr. Cunningham.

The proceeds of the bazaar amounted to almost \$700.

Nickerson, arrived from Boston at four o'clock yesterday morning, bringing the usual general cargo and the following passengers: Mrs. Goldsmith, Kate Melsaac, Kate McAulay, Mrs. Trainor, Mr and Mrs Green, Miss Kelly, Mary Kelly, Mrs. Sencabaugh W Murphy, J. H. Porry, A. Stewart, Mrs. McLaughlin, E. Morrissey, Mrs. E. Ashton and daughter, Miss Perry, Lillie Daley, Miss McKenna, Mrs. C. W. Walker and child Miss Mathewson, F. Gillis, Kate J. McLean, J. S. Steele, William Mitchell, E. S. Pollard, Frank McDonald, Maggie Welch, Nellie Welch, W. G. Smith and wife, Mrs. A. Gillis, C. A. Nickerson.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and get Mrs. Winslow's Soothing Syrup and take no other kind. (April 1888)

British Plate Mirrors.—At the closing out sale of the Lorne Hotel furniture at Ross, Queen Street, on Thursday, July 11th, will be offered 3 recently imported British plate mirrors, 36 by 48 inches—best quality, latest style.—A. McNeill, Auctioneer. 11/8/89

NEWS OF THE DAY.

RELIEVING THE SUFFERERS.
Paris, July 5.—A credit of 200,000 francs was voted yesterday by the Chamber of Deputies for the relief of the sufferers by the mine disaster at St. Etienne.

THE MASSACHUSETTS MEN VICTORS AGAIN.
London, July 5.—Massachusetts rifle-men won another victory at Numhead range to-day, defeating the London Rifles by a score of 1,068 to 1,025.

THE PARNELL COMMISSION ADJOURNED.
London, July 5.—The Daily News says the Parnell Commission will adjourn to August 9. Council for the Parnellites will receive their speeches until after the long vacation.

BLACK DIPHTHERIA RAGING.
St. Cloud, Minn., July 5.—A report comes from the village of Albany, 20 miles west on the Manitoba road, that black diphtheria has broken out in 113 families. Both churches and schools are closed. No deaths have occurred so far.

ANOTHER BIG FIRE IN LONDON.
London, July 5.—A large fire occurred to-day on the river front. Timber sheds and other buildings extending one hundred yards on the Russian and Commercial docks, and seven barges lying alongside the docks were burned. Loss, £60,000.

TROUBLE AT AN ICE CREAM PICNIC.
Adair, Iowa, July 5.—A hundred persons were poisoned at an ice-cream picnic yesterday. The cream was made in new cans and it is supposed a formation of sulphate of zinc caused the trouble. The victims suffered terribly, but it is thought all but one or two will recover.

STRUCK BY LIGHTNING.
New Orleans, July 5.—John H. McGinnis, of the firm of A. A. McGinnis & Son, one of the largest mercantile and financial houses in the city, was killed by lightning yesterday while swimming at his bath house. McGinnis married a daughter of William M. Tweed, of New York, the marriage being one of the grandest ever seen in that city.

THE WAY OF THE TRANSGRESSOR.
Birmingham, Ala., July 5.—The body of the wife of Rev. Henry Duncan, the preacher who eloped with Miss Baidsee last week, was exhumed yesterday and it was found she was poisoned. The place where Duncan bought the morphine and strychnine the week previous to her death was also found. Duncan has been arrested at Dalton, Ala. He would probably be lynched if brought here.

INTERNATIONAL COURTESIES.
London, July 5.—At the world's Sunday school convention yesterday it was decided to send a memorial to the European sovereigns asking them to exert their influence in favor of the proper observance of the Sabbath. An English colonial delegate's resolution congratulating the Americans upon their auspicious anniversary was adopted. There was loud cheering for Queen Victoria and President Harrison, English and American flags were waved and the national anthems were played. The Earl and Countess of Aberdeen were present, and the former spoke.

GIVEN LIFE IMPRISONMENT.
St. John, July 5.—At the Queen's County Circuit Court, before Judge Wetmore, this week, an insane woman named Fannie Godfrey, was tried for the murder of her sister, Mary Ann Godfrey. They had lived together near Gagetown, and Mary Ann was found dead in the house. The evidence was rather slim, but the Judge charged strongly against the prisoner, and the jury brought in a verdict of manslaughter. While in the prisoner's box, the woman showed every evidence of insanity, talking shouting and endeavoring to escape. To-day, Judge Wetmore sentenced her to penitentiary for life.

IT MIGHT HAVE BEEN WORSE.
Dubuque, Iowa, July 5.—Last night a freight train on the Chicago, St. Paul and Kansas City railroad collided with an empty excursion train four miles above this city. The excursion train was returning to Twin Springs, where a big Grand Army picnic was held. Brakeman William Garvin was killed, but the engineers and firemen jumped, all escaping with several injuries except the passenger engineer, who had three ribs broken. The engines were badly wrecked. Ten thousand people were left at Twin Springs with very cold, fences were torn down to make fires in order to keep them warm.

TO START A FRANCO-IRISH REPUBLIC.
Chicago, July 5.—A number of prominent Irish-Americans held a private meeting yesterday to discuss the advisability of establishing an Irish-American Republic to further the interests of the Irish race. An organization was perfected to be known as the Irish-American Republic Association. It is hoped to secure Lower California for the purpose of establishing a republic. Efforts will be made to secure this land or a large tract of Canadian lands. Should the Canadian land be secured an effort will be made to colonize it with 1,000,000 Irish and Irish-American farmers. This number of Irishmen, with the addition of the Irish already in Canada, and the assistance of the French-Canadian element would, it is thought, be able to capture the Canadian government and convert it into a powerful Franco-Irish republic.

AN AERNAUT'S FEARFUL EXPERIENCE.
Providence, R. I., July 4.—One of the most frightful experiences ever had by an aernaut was that of Prof. Walker. Yesterday he dropped from the clouds a distance of twelve hundred feet, and still lives to tell the tale of the fall. The ascension was made about four o'clock. The balloon rose three hundred feet, when it was caught in a current. Suddenly the balloon veered, and set off to the north. Then reaching an altitude of about twelve hundred feet, a current of air from the west swept the bal-

loon towards East Providence. Suddenly the balloon collapsed, turning bottom up, and rolled around once more, and the basket lay out horizontally. Then it fell rapidly. The terrified spectators next saw the gas bag on top once more, and fast nearing the earth. Whipping out his knife, Allen pierced a rent in the canvas, and the balloon spread out like a parachute, shot downward, and landed in a lot. The aernaut was picked up semi-unconscious, but not seriously injured.

The Clan-na-Gael Again.

MYSTERIOUS DISAPPEARANCE OF DOCTOR O'CLEARY OF CHICAGO.—CRONIN'S ENGLISH BROTHER.—BURKE'S CASE.—A MYSTERIOUS PRISONER.

CHICAGO, July 4.—Dr. O'Cleary, of the town of Lake, is one of the many men whom the anti-triangle wing of the Clan-na-Gael believe have been seized forever by the Sullivan-Boland-Felley section. O'Cleary disappeared about twelve months ago.

To his friends his absence was unaccountable, and but few even of the Cronin faction of the Clan-na-Gael suspected foul play. Among these were D. J. Haggerty, to whom Alexander Sullivan had once said that Cronin ought to be removed, and Col. Richard O'S. Bourke. In 1885, O'Cleary, then high in the confidence of the executive, was despatched to Europe on active service. During his absence it was given out by the triangers that O'Cleary was in California, the fact being that he was in Amsterdam, from which point he conducted "his operations."

O'Cleary returned from his last trip about 18 months ago, and is said to have been at that time in a state of absolute poverty. All his funds were exhausted and he is represented as having been in a most deplorable condition. He made application for funds to the executive, but no attention was paid to him. O'Cleary became denigratory, and raised quite a row in the organization over his treatment. Six months later he disappeared, and all the efforts of his friends to locate him ever since have been fruitless.

The murder of Dr. Cronin, the first victim, whose body has been found, only served to raise to the dignity of a conviction what had hitherto been a mere doubt or a suspicion.

Enemies of the triangle have disappeared all over the country, the disappearance immediately preceding that of Cronin, being O'Cleary, and the one before that again being a New Orleans man whose name is not known outside some members of the inner circle on both sides. The Chicago police are not encouraged over the prospect that they will have to take in hand another great "removal mystery."

CRONIN'S ENGLISH BROTHER.

BOSTON, July 3.—In this week's issue of the Pilot appears the following letter signed, "One who knows":—

Boston, June 24.

To the Editor of the Pilot:—

This fact ought to be known in connection with the murder of Dr. Cronin: He had a brother whose name is not Cronin, but Reeks, who is not Irish but English. I am sorry to have to drag his name into such relation. He is, or was a few weeks ago, the Rev. Joseph Reeks, of St. George's Cathedral, London. He was completely prostrated at the news of his brother's murder in Chicago. Dr. Cronin has of late years made repeated secret visits to London and has always called on or stopped with his brother, Father Reeks. Investigation of this statement will prove its truth.

Sadlier's Catholic Directory for 1889 substantiates this statement so far as to locate Father Reeks at St. George's Cathedral, Westminster Bridge Road, S. E. Surrey.

BURKE'S CASE.

WINNIPEG, July 5.—It is likely that the end of the week will see Burke back in Chicago. There is a report that his friends will attempt to rescue him from the train. The officers smile at the idea, and say they will take proper precautions.

MONTREAL, July 5.—J. N. Greenshield has left for Winnipeg to assist in the extradition proceedings against Burke. He was summoned by Dr. Longenecker, state attorney of Chicago, and Chief of Police Warren.

CHICAGO, July 5.—At a late hour last night, a mysterious prisoner was taken to the Harrison Street station and locked up in the witness cell. The greatest secrecy was observed by the officers, but it is known that the arrest was made in connection with the Cronin case.

Personal.

John C. Watson, Esq., proprietor of the Canada Wall Paper Factory, Montreal, was a round-trip passenger by the Bonavista to-day.

Major Howes (whose wife was the victim of the shooting affair at Tobique, N. B., last summer) is with his family staying at the Shaw House, Brackley Point.

Mr. J. T. Stewart, formerly of Cardigan, has been elected Mayor of Portland, Oregon, by a handsome majority. Speaking of the contest the Evening Telegram, of Portland, says: "Mr. Stewart, the new Mayor, was elected over the most popular man the democrats could have put up. The full vote of the city fell short about 300. Last election there were about 1400 votes cast, but yesterday there were but 1126. A city election does not present sufficient influence and interest to draw out a full vote." THE EXAMINER congratulates Mr. Stewart on his success.
