

Three-quarters of Brazil's cotton crop is used in Brazilian mills. Clusters of the large oval eggs of the cuttle-fish are sometimes known as sea-grapes.

Dog-fight discourager

We know one bellicose dog who won't welcome the latest thing in aluminum: an electric dog-prod. Next time Towser rushes into battle, you can nonchalantly produce this two-foot aluminum rod and apply it to the handiest part of the dog's anatomy. The resulting shock is quite harmless, but they say a few "treatments" cure the pugnacity of even the toughest tyke.

Speaking of electricity, Canadians can take pride that the largest stranded electrical cable ever made for an overhead transmission line has been delivered by Alcan's Shawinigan Falls plant to the West Coast, to carry power to our new smelter now a-building at Kitimat. Aluminum Company of Canada, Ltd. (Alcan).

TEST-DRIVE the SMOOTH drive

you'll go
FORD

How often have you admired a Ford going by... admired the sleek beauty of its lines and the quick, responsive way it outpaces other cars in traffic? Perhaps you've said to yourself, "I'd like to get behind the wheel of one of those!" Well, your dealer extends a permanent invitation for you to do just that. Come in and test-drive Ford—then you'll see for yourself all the things that make Ford worth more when you buy it... worth more when you sell it.

When you experience Ford's "Wonder Ride" you'll think you're driving a much bigger car—and a much more expensive one. And if you haven't got around to trying a V-8 engine before you're in for a thrill when you feel the smooth, eager power of Ford's great 110-Hp. Strato-Star. Admire the view as you drive along—it's clear and unobstructed, thanks to Ford's Full Circle Visibility. Notice how easily Ford handles, with Fordomatic*, Overdrive* or Synchro-Silent shift. Add up all the things you get in Ford that even more expensive cars can't offer... and we predict you'll make the change that thousands are making—the change to Ford.
