THE STANLEY arrived at Pictou this forenoon and left on return to Georgetown on arrival of the train. She will leave Georgetown for Pictou at the usual time to-morrow morning.

MEASLES—There is an epidemic of measles at Fredericton, N. B. At latest accounts there were about seventy houses placarded, and it was thought the schools would have to be closed.

FOR THE HOSPITALS—The concert held in the Market Hall, Summerside, on Tuesday evening was a decided success. The amount realized was about \$100, which goes towards the two hospitals.

ISLAND REVENUE—The changes of excise duties, per telegram from Ottawa, reduce malt to 1 1/2 cents per pound, and make vinegar 8 cents a gallon. Tobacco and spirits and cigars remain unchanged.

TICKETS for Prince Street School entertainment are selling fast. Secure yours from the papers before they are all sold. A seat for every ticket holder. Sale stops when number of tickets equal to the seating capacity of the Opera House are sold.

ON THE ICE—An exchange says: A large body of ice was driven off from St. John's, N.B., on Saturday night, carrying with it a party of forty or fifty men who were killing seals. It is feared that many have perished. Two dead bodies have been brought ashore, and steamers are searching for the remainder of the party.

NEW HALL—The new hall at North River was opened last evening with a grand concert and Pic Social. The programme consisted of vocal and instrumental music, etc., and the various performers acquitted themselves well. There was a goodly number of persons from the city. The amount realized was about \$70.

MR. MORRISON'S LECTURE—Mr. A. E. Morrison gave an interesting lecture in the Service of Man, before the Y.M.C.A. this evening. The lecturer will show by aid of diagrams, etc., the various experiments which led up to the adoption of the telegraph, electric light, etc., etc. It will be interesting to hear one of our young men upon this most interesting topic.

BETTER LATE THAN NEVER.—The Daily Courier says: We were shown a few days ago a new back tooth which was forcing its way out through a healthy gum. There may not be anything strange in the appearance at a certain age, of a new tooth, but in this case it was over three quarters of a century since the predecessor of this tooth made its appearance. Its proud possessor is over 81 years of age.

IS HE AN ISLANDER?—A late despatch from Portland, Me., says: What may turn out to be a brutal murder was committed in this city late last night. While Mrs. Katherine Kelly of 48 Federal street was sick in her bed she was assaulted by a Prince Edward Islander named John A. McKay. McKay who was somewhat intoxicated came into the house and without provocation struck Mrs. Kelly several times over the head with a bottle. She is now in a precarious condition. McKay was arrested late to-night. McKay is an old offender and was on probation for burglary.

BASKET SOCIAL AND ENTERTAINMENT.—The basket social and entertainment held at Morell last evening for the purpose of raising funds for the payment of debt on the new hall at that place was largely attended and a large amount was realized. A special train left the city at 6:15 p. m., on time, with about thirty persons on board, who arrived there about eight o'clock, and forthwith proceeded to the hall, where the programme was already being carried out, which consisted of dialogues, songs, recitations, etc. A halt in the programme was here called for the sale of baskets, which were auctioneered by Messrs. Anderson and Cox in quick time, some 20 to 30 being disposed of at prices ranging from \$1 to \$2. After the sale of baskets, Mr. W. A. Cheverie, who was on the platform, called upon Mr. J. A. Nicholson, of Charlottetown to favor the audience, which he did, reciting "A Boy's Lament" in a capital manner. So well was this selection received, that Mr. Nicholson was again called upon, this time singing a comic song, entitled, "She Lingered Behind Her Fan," in good style. Master Robert Hogg also rendered a vocal solo in good form. After the social the Charlottetown contingent repaired to Mrs. Frank Cox's residence, and there tripped the light fantastic until the wee sma' hours of the morning. At 3 o'clock the special started on return for Charlottetown, arriving at 5 o'clock, with all well pleased with the night's proceedings.

NEWS NOTES.

An attempt is to be made to grow southern corn in New Brunswick. A dozen local planters have purchased 500,000 bushels of Virginia hivalves which are now on their way to that port.

Britain's intention to spend fifteen million dollars more than necessary on her navy this year, and add 5,700 men to the ship does not indicate to any alarming extent at she proposes to easily yield the dominion of the sea to any combination of other powers.

The Empire—Spring is ahead of everybody this year. The lake is inviting navigation, but the navigators are not ready. A despatch from Forest describes the maples in bloom there, and in the vicinity of the city the birds are trying to catch up with the season by working overtime at their nests.

The Earl of Derby, late governor-general of Canada, made an eloquent and earnest plea on behalf of Canada before the Liverpool chamber of commerce last night. He said that English capitalists should look more carefully than they do into the excellent chances for investment that the Canadian mines, forests and agriculture offer.

The Glasgow and Liverpool cattle shippers, ridiculed the bill which Mr. Meecham introduced in the Canadian house of commons, proposing that the government establish a maximum steamship rate for the transportation of cattle. A prominent cattle shipper, in speaking of the proposal, said that the government might as well be asked to fix the price of a man's dinner. The present rates scarcely afford living wages and are much less than the United States rate.

New York is interested to discover that the richest women in the world, who lives in that city, does not pay any taxes. Mrs. Hetty Green is said to be worth sixty million dollars. She lives in boarding-houses to avoid being located for taxes, and her property is all in stocks, bonds and mortgages, which are not taxed. Her son lives apart from her husband because he is a business failure. When she married him he was worth a million and she had ten millions from her father's estates. Her money was settled on herself by the marriage agreement, and when her husband, after they had lived together satisfactorily or several years, lost his million in speculation, she left on the ground that his lack of business ability distressed her. Her son and daughter live apart from her because they cannot stand her wandering boarding-house life. Such are the statements detailed by the New York World of Sunday, with many others to show that the richest women in the world is probably, also the meanest. The portrait given of her shows a face seamed by selfishness and meanness, but so sharp-looking that one hardly fancies she can have persuaded herself that the money she sells her soul for will be available for export to the next world. She might just as well make a little decent use of it in the few remaining years she can have it.

A Clear Statement of Facts.

Our competitors in the WALL PAPER trade seem to be anxious to advise the public as to what kind of Rolls to buy, whether 8 yard, 12 yard or 16 yard. For the convenience of customers we keep all kinds, and allow you to judge which is the most preferable. There is one statement we cannot but challenge. They say that they sell 16 yard Rolls at the same price competitors ask for 8 yards. Do they? We quote 8 yd. Paper from 3 cents per roll up, not Remnants but staple stock; 16 yard Rolls from 6 cents up. We are clearing our 12 yard ENGLISH WASHABLE at 15 and 17 cents per roll. These papers are worth 45 cents per roll. We give no bluff but genuine bargains.
