

THE DAILY EXAMINER.

AUGUST 7, 1889.

Local Trade.

Signs are not wanting that the trade of the Province is now in a healthy and prosperous condition. Yet there is room for wide expansion, under favorable conditions. Additions to the steamers coasting about the Province, the Chignecto Ship Railway, and other facilities will, in a few years, enable our merchants to make a far more extensive and profitable use of their central and favorable position than they have been able to make in the years that are past.

Mr. Duvar's Retirement.

We learn that Mr. Hunter Duvar has been retired from the office of Inspector of Fisheries for this Province. Mr. Duvar has been in office for ten years, and has made an excellent official record. We trust that his retiring allowance is sufficient to enable him to devote himself wholly to his favorite pursuit of literature.

Notes and Comments.

Some one who recently visited Prince Edward Island has called it "a little bit of Old England." It is satisfactory to know that the British fleet on the Pacific station has "gone north" to prevent such outrages upon the high seas as that perpetrated in the case of the schooner Black Diamond. The British authorities lost no time about the matter.

Telegraphic Odds and Ends.

A BUDGET OF GENERAL NEWS FROM ALL PARTS OF THE WORLD.

PHILADELPHIA, Aug. 3.—The British steamship Chancellor, from Santiago De Cuba, July 23rd, for Baltimore, with a cargo of iron ore, struck Watling's Island, Bahamas, (date not known) and became a total loss. The crew was sent to Nassau, N. P. The captain had arrived on cargo probably \$50,000. About a year ago the Chancellor struck nearly the same spot and sustained damage to the amount of \$40,000.

QUEBEC, Aug. 5.—The wife and sister-in-law of Mr. White, of the General Post Office Registry office of this city, were poisoned by eating canned beef. Physicians entertain hope of their recovery.

MONTEREAL, Aug. 3.—Murray Swinyard, 20 years old, son of Thomas Swinyard, general manager of the Dominion Telegraph Company, who has been missing for several weeks, has come to light. A letter received in this city states he enlisted and is now doing duty as a soldier in "B" battery at Quebec.

CAIRO, Aug. 5.—Gen. Grenfell, commander of the Egyptian troops who defeated the Dervishes on Saturday, telegraphs that he has made a reconnaissance and found that the battle has completely broken the Dervish army. Out of a force of 3,000 men which Wad El Njumi took into the battle on Saturday, only a few remain. These are being pursued by Egyptian cavalry, and a column under Col. Wodehouse has gone to Abu Simbel to head off the Dervishes. Every Emir in the Dervish army save one was killed. The bodies of several hundred Dervishes and a large number of wounded, making a thousand in all, have been brought into Toksi. Refugees arriving at that town say the Egyptian loss in the battle was 17 killed and 130 wounded. Three English soldiers were wounded.

QUEBEC, Aug. 5.—It is pretended in certain quarters that in consequence of the adoption of the resolutions passed by the anti-Jesuit delegates at the St. Louis Hotel after the interview with the Governor-General on Friday, which resolutions were, it is alleged, an insult to Her Majesty's representative, the Governor-General will, in future, peremptorily refuse to receive all deputations of the kind.

WINNIPEG, Aug. 5.—Charles E. Bunting, Custom House officer at Esquimaux, B. C., passed through the city yesterday en route to St. John, N. B., his native city, after an absence of thirty-one years. He stated that the British squadron on the Pacific station had gone north with open orders, presumably having reference to the protection of British ships in Behring Sea. Five ships of war and four torpedo boats left Esquimaux for the north last week, but two of the torpedo boats subsequently returned. Two more men-of-war are now en route to Victoria, one of which will follow after the squadron. The captain of a sealer who brought the first news of the Black Diamond seizure to Victoria made some statement bearing on the occurrence to Admiral Heneage, on the statement of which the latter communicated by telegraph and cable with Ottawa and the Imperial authorities, and the answers he received were of such a nature that the squadron sailed northward the following day. Mr. Bunting said that there were three or four sealers in Behring Sea armed for resistance, and they will not submit to seizure by the United States authorities without a fight.

MICHELL, Ind., Aug. 5.—Yesterday's storm in this section was most disastrous to life and property. A wagon containing a father, mother and three small children was blown from the roadside into Black Creek and all were drowned. Scores of houses were unroofed, and several demolished. The storm was general throughout southwestern Indiana. Many persons were killed.

WASHINGTON, D. C.—August 3.—Marion D. Newman, a prisoner in the district jail, pending an appeal to the district Supreme court, from a sentence in the criminal court of two and a half years for obtaining money under false pretences, received a telegram on Monday, from his mother, stating that his uncle Albert, a San Francisco merchant, had died on the 18th of July, leaving his fortune, estimated at more than half a million, to him.

WINNIPEG, Aug. 5.—The order for the extradition of Burke was received from Ottawa on Saturday, and yesterday in company with three Chicago policemen the prisoner was taken south.

FARGO, Dak., Aug. 5.—Martin Burke, the alleged murderer of Cronin, had a dangerous experience on his trip through Manitoba and Dakota. At every station where the train stopped there was a crowd waiting to catch a glimpse of him. At Grafton, a few miles this side of the line, there were at least 300 men in waiting, most of them apparently Irishmen, who demanded admittance to the sleeper, telling Lieut. Ross that if they could get a glimpse of the prisoner they would kill him as they would a rat. "Dr. Cronin," said one of them, "was a cousin of mine, and I would avenge his death if I could only get a chance." This man drew a revolver and peered into the smoking compartment of the car where Burke was with two officers, but before he had time to distinguish the faces in the compartment, Lieut. Ross hustled him off the platform. Burke heard the stranger's denunciation and threats, but acted very coolly. "I might as well be shot in Dakota as hanged in Chicago," he said when he heard the threats.

OTTAWA, Aug. 5.—Considerable chuffling is indulged in here over the Black Diamond's arrival at Victoria. There is a demand from all parts of Canada that decisive action be taken to settle the dispute. Collector Hanley telegraphed a brief statement of the facts to the minister of customs to-night. He says all the Black Diamond's papers, coasting license, clearance, certificate of registry and also the salted skins aboard were all taken from her.

WASHINGTON, Aug. 5.—Acting Secretary Wharton was asked by the Associated Press reporter this morning if the State Department had anything to say respecting the escape of the British sealer Black Diamond. "The Department," Wharton replied, "has not been advised of the seizure of the Black Diamond, and has no news on the subject, and therefore has nothing to make known in regard to its future action in the matter. The seizure of these vessels so far as it has gone is

under the control and direction of the Treasury Department. If there is any blame attaching to these seizures it must be laid at the doors of Congress. It passed a law directing the President to issue his proclamation, extending to American waters in Behring Sea the same protection over seal and other fur-bearing animals, as is accorded fur-bearing inhabitants of Alaska and the waters thereof by the general act on the fisheries, and that law is simply enforced. That is what we are here for; to carry out the laws that Congress enacts. So far, this question has not become an international one. The State Department has not been informed of any part of the proceedings officially, and, therefore, it has nothing to act upon."

BATHURST, Aug. 5.—A sad drowning accident occurred at Alston Point, three miles from Bathurst, at three o'clock this morning. Mrs. McMurchy, wife of Mr. McMurchy, Principal of the Collegiate Institute, Toronto, while bathing, lost her life. She is supposed to have taken a fit or cramps, and before assistance could be rendered she was drowned. The body was immediately recovered. The deceased was about fifty years of age. The remains will be taken to Toronto by express to-night, Mr. McMurchy and family accompanying them.

WINNIPEG, Man., Aug. 1.—Miss Emma Sampson hanged herself from a tree yesterday, and when found had been dead several hours. She was only seventeen years old. Her father, who was an old settler of the country, died about two years ago. Her mother, about a month ago, became engaged to a wealthy settler of Brandon, sixty miles from here. The girl discovered that her would-be father-in-law had Indian blood in his veins, and tried to induce her mother to break off the match. Failing to do this, the girl told her friends that she never would live to see the marriage. Yesterday morning she was seen by a friend looking at a picture of her mother in an album, and afterwards disappeared, and was not seen again until discovered.

News Notes.

More extensive floods are reported in Silesia.

The Winnipeg Sun says the Manitoba Legislature at next session will introduce a measure abolishing the dual language.

It is estimated that upwards of \$100,000,000 cubic feet of white pine will be shipped from the port of Quebec this year, which is far above the quantity shipped in the last four years.

The sea serpent has been seen again. This time it was Capt. W. F. Smith of the barque Nautilus, who saw the monster in Panama waters.

The Pacific Mail Steamship Co. has received news that \$200,000 worth of treasure has been recovered from the wrecked steamer Grenada.

Bismarck is still apparently the old man all-powerful at Berlin. In the conflict which recently took place between him and Count Waldersee he was completely triumphant. Count Waldersee has been compelled by Prince Bismarck to formally and publicly deny ever having sent to Emperor William that report on Russian armaments which caused such a ferment at Berlin, St. Petersburg and Vienna.

Mr. Giffen, the eminent English statistician, was giving evidence recently before the Parliament sweating committee. He said that during the past ten years the number of imported boots in Britain had increased till the number imported in 1888 amounted to 130,000 dozen pairs valued at \$390,000. It was his opinion that in the cheap clothes and furniture trades, also, the people of the free trade paradise had felt continental competition very keenly.

The collector of customs at Vancouver, B. C., has forwarded to the department at Ottawa a most encouraging report of the progress of that port during the past year. The total collection for the twelve months ended June 30, 1889, amounted to \$134,679, as compared with \$63,016 for the previous year, showing an increase of \$71,662. The value of imports for the year was \$443,937, as against \$280,919 in 1887-8. The exports for the year were valued at \$516,636, a decrease of \$50,485, this being accounted for by the fact that the lumber mills were closed down for three months, undergoing repairs. Traffic to the port is greatly on the increase. There is a steamer from San Francisco once every five weeks, instead of two weeks, as formerly. The China steamers run fortnightly now, instead of monthly, so that there is one of these vessels in port almost all the time, and there is a regular line to Portland, Ore. Vancouver is progressing.

Grand Tea Party NORTH WILTSHIRE.

THE members of St. Joseph's Church, Kelly's Cross, Lot 29, in order to raise funds for the erection of their new Church, intend holding a Grand Tea Party on

Saturday, August 10th next,

On the beautiful grounds of Messrs. Melan Bros., within a few yards of North Wiltshire Station.

The Committee are determined to do all in their power to make this the best and most enjoyable Tea of the season.

In addition to the Tea Tables, which will be supplied with everything calculated to satisfy the "inner man," a well-stocked Saloon will be on the grounds, where cool, invigorating drinks and all the delicacies of the season can be obtained at reasonable prices.

Dancing Booths, Revolving Swings, and other games and amusements will be provided for the pleasure and amusement of those patronizing the Tea.

Therefore, let all who wish to assist a good cause and delight to gaze on beautiful scenery, and who wish to enjoy a day's amusement, come and see the fairest daughters of P. E. I. and wear their sweetest smiles. Be up bright and early in the morning of the 10th, not only to hear the cheering words, "All aboard for North Wiltshire."

Should the day prove unfavorable, the Tea will be held on the following Monday.

Any person found selling intoxicating liquors on or near the grounds will be prosecuted as the law directs.

Through the kindness of Mr. Unsworth, trains will run as follows:—

A Special Train will leave Charlottetown for North Wiltshire at 8.45 a. m., local time; returning, will leave North Wiltshire at 6.00 p. m., local time.

Excursion Return Tickets will be issued from Charlottetown, Summerside and intermediate stations to North Wiltshire at the undermentioned rates, including price of admission to Tea, good by Special Train from and to Charlottetown, and by regular train from and to Summerside, same day.
