

Will Wonders Ever Cease?

It has been discovered that by means of the circulating blood an organ of an animal can be paralyzed or stimulated into renewed activity if the proper material is administered. Cocaine, which has revolutionized delicate surgical operations, is only one of the results of this discovery.

On the Use of Campbell's Wine of Beech-Tree Creosote, in Diseases of the Lungs and Throat.

IN the South of France, where all persons threatened by Phthisis go to be treated; where Doctors Bouchard and Gibert, the two specialists so highly recommended by public opinion, have experimented with all the proposed medicines against pulmonary tuberculosis, it is the one prepared to-day, and that which for ten years past they have finally adopted, after many comparative experiences, based upon the anti-septic method, having specially in view the destruction of the bacilli.

After a few days' use of the remedy, the expectoration diminishes, and very soon one is pleased to witness the gradual disappearance of the bacilli, the abating of the fever and the rapid recovery of appetite and strength.

Who instead of confined Pathis, Catarrh or Chronic Bronchitis have to be dealt with, the different forms of which may sometimes give rise to an uncertain diagnosis, they have always been cured. These excellent results need not astonish us, if we consider the lucky nature of associations of complete antiseptic and Balsamic principles in the compound we now describe. When our Wine should have restored health, it will be well not to discontinue its use at once, and at all events to use it again about a fortnight before winter sets in, and at every change of season to follow by damp weather.

DIRECTIONS.—A small dessert spoonful three times a day, after each meal, gradually increased to a large dessert spoonful.

N.B.—The use of Cod Liver Oil, as a powerful stimulant to the remedial properties of the wine, is recommended. Campbell's s'krer Oil being the best, is the kind which should be taken.

THE LADIES!

A New and Distinct Form of Disease which is afflicting Canadian Women. How some of them Regained Fresh Complexion, Perfect Health and Superb Physical Beauty.

A great London Physician says that he notes a new and distinct form of nervous disease produced in Canadian women by worry about servants and overwork in caring for the home. This is why we see so many ladies pale, weak, languid, and suffering from headaches and innumerable weaknesses. They cannot stand the strain upon their nervous system. Many of them have found the means to sustain their failing strength, to give color to the cheeks, and new life and vigor to the body, in Paine's Celery Compound. This pure and scientific remedy is especially adapted to the needs of woman, and is daily making the most remarkable cures. Mrs. W. E. Cooper, 60 St. Hyppolite St., Montreal, was for a long time troubled with nervous headaches, loss of appetite, low spirits, etc. After using the Compound, her headaches disappeared, appetite was good, and her spirits revived.

Annie Gourley, of River Beaudette, P. Q., found the Compound a certain cure for weakness, and now feels as well as she ever did. Many a Canadian lady has the same reason to be grateful. Paine's Celery Compound can be purchased by any druggist's for one dollar a bottle. If he should not have it on hand, order direct from WELLS, RICHARDSON & CO., MONTREAL.
