

100% PROFIT is what many of our clients realized upon their investments during 1899.

**The Iron Monitor Gold Mining Co** will prove no exception

The company, the "IRON MONITOR" claim almost adjoining (less than 300 ft) the famous "REPUBLIC" that last year paid in dividends over

**\$500,000.00 DOLLARS.**

The Superintendent's report is flattering, showing two veins upon which over 430 ft. of development work has been done, which yields good values.

The officers ARE NOTED MINING MEN.

The President, Mr. V. D. Williamson, financed the sale of the "REPUBLIC" to Montreal Capitalists for

**\$3,500,000.00**

We believe with the same amount of development work the "IRON MONITOR" will equal the "Republic"

REMEMBER in 1897 shares of the "Republic" sold for less than TEN CENTS are to-day worth ONE DOLLAR and SHAREHOLDERS HAVE RECEIVED MANY TIMES THEIR ORIGINAL INVESTMENT IN DIVIDENDS.

We have a limited number of shares for sale at

**FIVE CENTS**

**\$5.00 for 1000 Shares**

which within two years we predict will be worth \$500.00.

This is an opportunity you cannot afford to miss. The share is bound to advance quickly absolutely upon our merits, therefore it will be necessary for you to act promptly in order to secure shares at the above figure.

**NEW LIBERAL COUP.**

It is reported that Mr. Pineau, the recently elected M. L. A. for the Tignish district, is now on his way to Paris, as an assistant to Hon. Mr. Tarte at the World's Exposition. In this case the Liberals departed from their custom of appointing a supporter of their own party. This was not because there were not in their ranks men capable of creditably representing this Province at the great fair. In Mr. Jeremiah S. Clarke, of Bay Veiv, a Liberal and the son of a Liberal—specially recommended by the Fruit Growers' Association—who had so successfully collected the exhibits of this Province to be shown at Paris,—they possessed such a man. But they passed him by, they passed by every other Liberal in the Province, and they appointed the erstwhile successful opponent of the Provincial Government in the Tignish district.

By this coup Premier Farquharson has removed an opponent in the House if he should decide to meet the Legislature, an opponent in the district if he should decide to go at once to the country. This is the reason why Mr. Pineau was taken and Mr. J. S. Clarke left, and why all French speaking Liberals were overlooked. Mr. Pineau, although a Conservative, got the plum in the interests of the Liberal Party.

It is expected that not only the Provincial Government but the Dominion Government will be benefitted by this deal. Mr. Fred Peters, we are told, is again coming all the way from British Columbia to take the seat for Fort Augustus. It is well known that he will not do this out of friendship for either Mr. Farquharson or his government. The Dominion Government is the object of Mr. Peters' solicitude. The coup evidently has been made in order that the Farquharson Administration may, if possible, be kept alive to help the Laurier-Tarte Administration in the next Dominion election. But we doubt if such tactics as those adopted with respect to Mr. Pineau and his seat in the Legislature will have the effect of heightening the respect and retaining the support of independent Liberals throughout this province.

—It is a significant fact that "Major John McBride," organizer of the Irish brigade in the service of the Transvaal Boers, who was a candidate for the House of Commons in the recent bye-election in South Mayo, received only 427 votes while his opponent received 2,410. In Ireland, as in Canada, apparently, only the froth and scum and dregs of society have any sympathy with the Boers.

**NOTES AND COMMENTS.**

—So far as heard from, the wounds of the Canadians at Paardeberg are not very serious, and some of them are but slight. —If it be true that Joubert has a still seventy-five thousand men to draw upon, there may yet be heavy fighting in the Transvaal.

—The death at Birle, Manitoba, of Mr. Thomas Patton, brother of Mr. Charles Patton, will be regretted by many friends in this city, of which he was at one time a respected resident.

—We announce today the death of Ralph W. Brecken, Esquire. Mr. Brecken was a native and for many years a resident of this city. In recent years he held a position in the Dominion civil service at Ottawa, from which he retired in ill health and came home to die. He was a brother of the Hon. F. De St. Croix Brecken, and he leaves many old friends, and two children with whom we sympathize.

—In Caps Town, as in Montreal, the men in authority seem to have been somewhat slow in recognizing the fact that Ladysmith had been relieved. A despatch reports that "an excited crowd stormed Parliament House and mounted the flag-staff and hoisted the Union Jack as a protest against the attitude of the ministry." After all, it isn't wonderful that Dutch South Africans and French Canadians, however loyal, cannot look at the matter in quite the same light as men of British lineage.

—Lord Rosebery has resigned the presidency of the Scottish Liberal Association, a post he had held for twenty years, and also the honorary presidency of the Midlothian Liberal Association which he had held since its formation. Sir Henry Campbell-Bannerman was elected to succeed him as president of the Scottish Liberal Association. It is understood that Lord Rosebery's retirement is due to Scotch disapproval of his war policy, and it is believed that his resignation on means his absolute retirement for the time being at least from politics.

—The Rev. T. H. Hunt, M. A., B. D., delivered a capital lecture before the Na-History and Antiquarian Society, last evening, on Ancient Egypt,—interesting his hearers in the history, customs, agricultural methods, religion, language and literature of an early and remarkable civilization. He referred to the sphynx, the pyramids, obelisks, temples and other wonderful monuments which remain in Egypt at the present day, five or six thousand years after they were erected, and gave evidence of studious research and careful elaboration. At the close Mr. Hunt was highly and deservedly complimented by the President of the Society, and a hearty vote of thanks, moved by Mr. W. L. Cotton and seconded by Mr. Percy Pope, was accorded him. At the next meeting of the Society Mr. John McSwain will continue his very interesting "Study of Birds."

**McGILL COLLEGE BOYS**

**How They Celebrated the Victory.**

MONTREAL, March 1st, 1900.—When a 9.15 this morning news reached McGill of the relief of Ladysmith the students broke loose from their first lectures and almost to a man started on a parade of the streets in celebration of the event. They marched to the High School cheering the Donalds and unveiling the Queen's statue in front of the Royal Victoria College as they passed. On the way, too, they captured the Star bulletin boards which made a very appropriate addition to the parade.

At the High School they found the scholars assembled in the hall in honor of the event. As many of the McGill boys as there was room for took possession of the platform and assisted the scholars to sing "God Save the Queen," "Rule Britannia" and cheers for Buller "Bobs" and everybody else who was either intimately or remotely connected with the affair.

The students then went to the Model School, the Board of Trade Building, and the City Hall. The Mayor being out of town no one seemed willing to take the responsibility of hoisting the flag on the last mentioned building,—although a councillor, a member of the City Hall committee, was present. The students, however, soon set this matter right by rushing the stairs and hoisting one of their own flags on the highest cupola.

On St. Catherine Street, a dispute arose as to precedence between the cabs carrying the McGill flag, bulletin boards, etc., and a police patrol. The police were wise and gave the cabs the right of way. The Star bulletin boards had by this time been joined by those of the Herald and La Patrie. Those of La Presse and Le Journal displeased the fellows and so were quickly torn to pieces. After marching back along St. Catherine Street calling at Bishops College on the way the parade broke up amid tremendous cheering. A fierce snow storm raged through it all, but that mattered nothing.

**IN MEMORIAM.**

**The Canadians Who Fell in Africa.**

All honor forever to those who have died, Where the shot and the shell are falling, They fell as they fought with their face to the foe, In the horrors of battle appalling.

Valiant young soldiers: they offered their lives On the altar of war, without sighing; Their names are engraved on earth's tablet of fame, In honor and glory undying.

Enshrined in the history of ages to come, These heroes shall nevermore perish; For Canada values the brave and the true,

And with love will their memory cherish.
