THE DAILY EXAMINER.

MAY 28, 1891.

Notes and Comments.

—A very high compliment from a distinguished quarter has just been paid to the military qualities of Canadians. Lord Wolseley, writing to Mr. Morgan, of Ottawa, and referring to the recent promotion of Lieut. Stairs, of Halifax, to a captaincy in the Welsh Regiment, says: "I only wish we had more Canadians in our army. They make first-rate soldiers and are general favorites."

—A despatch to the New York Sun says: "At the present time there are 291,000 Canadians in the New England States, and of these about 93,000 are out of employment and many of them very badly off. These people have been induced to go to the States under the idea that they would get higher wages and better employment, but they soon realize after getting here, that they have exchanged the substance for the shadow." The Halifax Herald remarks that most of these people were driven out of Canada into the neighboring union through the disgraceful misrepresentations of Grit newspapers.

—It is not surprising that a loss of nearly \$50,000,000 to the United States stock of gold should so little effect their financial affairs. Since the National banking system was founded the status of the metallic reserve has undergone an organic change. Instead of the banks being individually responsible for the redemption of their bills this function has been delegated to the government. The spectacle of a diminishing stock of gold does not, therefore, immediately effect their credits, and the latter being secured by a government of unlimited resources, the circulation of these bank notes in business channels is not arrested or questioned.

—In discussing libel a few days ago at Sackville, Dr. Alward gave utterance to the following concerning the liberty of the press:

"Newspaper writers are generally allowed great liberties by juries. The freedom of the press is one of the greatest boons of modern times, and is generally characterized as the greatest bulwark of civil and religious liberty. It is the mission of the press to watch narrowly the conduct of all government officers, the working of all public institutions, to comment freely on all matters of general concern to the nation and to fearlessly expose abuses."

—Commenting upon the latest tunnel estimates, the Week says: "It cannot be denied that the people of Prince Edward Island have great reason to be dissatisfied with the existing state of things, and to complain that faith is not kept with them. The fact brought out in a recent debate in the Commons that communication with the Island by means of the Government steamer was repeatedly interrupted for days at a time during the past winter, was certainly not in accordance with the terms of Confederation. If the breach of contract was unavoidable, the fact furnishes a strong argument in favor of putting forth the most vigorous efforts to secure a surer means of communication with the Island at whatever cost. If, on the other hand, it was the result of official negligence or incompetence, Parliament should not fail to visit the defaulters with the severest censure. Such a suspension of traffic may be unimportant to the rest of the Dominion, but to the Islanders it is, as can be easily understood, a serious matter."

—The Rev. Frederic E. J. Lloyd has a letter in the Week, entitled "Prince Edward Island as a Summer Resort," in which he says:

"We are familiar with the far-famed Inch Arran House at Dalhousie, in New Brunswick, and its charming surroundings, nor are the numerous watering places on the St. Lawrence altogether unknown to us, but, while these all possess attractions more or less great, we are of the opinion that none of them is so entirely satisfactory to the summer visitor as any of the least interesting of our delightful nooks and corners would be if they were as well known as they deserve to be. Living is not expensive, there is some trout fishing, unlimited sea fishing and absolute seclusion can be obtained at almost any point. The weather in summer is nearly always settled, nor is it ever too hot to be enjoyable. Our scenery is neither bold nor striking, but to the tired brain worker its pastoral character is far better suited because it is more suggestive of rest and repose. The Islanders everywhere are very hospitable and particularly attentive to any stranger who may visit them. Hotel accommodation is not unlimited but it can be obtained in Charlottetown, Georgetown, Rustico, Souris, the Beach, and elsewhere on application."

—An official order has been issued at Washington subjecting Canadian sheep and hogs to a quarantine of fifteen days. It is not pretended, says the Monetary Times, that there is any disease among these animals in Canada; but it is alleged that as Canada does not guard against the importation of diseased pigs and sheep by quarantine, there is a danger against which it behooves the United States to guard. If we adopted the precaution, the absence of which is made the ground of the Washington order, we could not exclude from the restriction the United States, which would then be liable to strike back in kind. The United States has been complaining of similar restriction against itself by Germany and France, and now it does its best to justify their action. The Washington order will give rise to the suspicion that its object is coercion, and the effect on Canada will be precisely the opposite of that which, on this theory, it is desired to effect. If there were any real ground for alarm, on the score of the existence of sheep and swine disease in Canada, the action of the Washington Government would be in direct line with that of several European governments, and would find full justification in the facts. But in the absence of such diseases, the ground of the restriction wears very much the appearance of an ingenious pretext.

The Firemen's Tournament.

AN OUTLINE OF THE SPORTS PROPOSED TO BE HELD IN MONCTON ON DOMINION DAY.

(Moncton Times.)

Mr. Scott, general secretary of the Fire Department, has prepared for circulation the following programme of the grand firemen's muster and tournament proposed to be held in Moncton on Dominion Day. The tournament is open to the fire departments of New Brunswick, Nova Scotia and P. E. Island:

Imposing morning parade of firemen and apparatus, will start from head of Highfield street at 9 a. m., which promises to be the finest and largest body of firemen that ever paraded at any one time in this city.

Tournament and sports will take place on the Athletic grounds, commencing at 1.30 p. m. Interprovincial hose cart race, for a prize of \$100 and \$25. This race will be contested for by a number of hose cart teams.

Programme of sports on the Athletic grounds, commencing at 1.30 p. m.

Foot race, open to firemen, 100 yards; prize \$10.

Hook and ladder race, open to any 5 members of hook and ladder companies, run 50 yards, get apparatus, run to starting point, raise 30-foot ladder, and one man to ascend to the top. Time to be called as soon as he grasps the top round with his hand; prize \$20.

Amateur foot race (open to all amateur runners) 100 yards; prize, silver medal.

Inter-provincial hose-cart race; prize \$100; 21 \$25 (see rules governing hose-cart races).

Drivers' foot race, 100 yards, open to all drivers of fire apparatus; prize \$5.

In the evening a grand fireman's torch-light procession will start at 8.30.

Three-legged race (for firemen), 50 yards; prize.

Sack race (for firemen) 50 yards; prize, \$5.

Hose cart race, open to 10 men of all fire departments represented, to be run in full working uniform. Distance 200 yards and stretch 200 feet of hose, uncoupled and screw on branch pipe, time to be taken when pipe strikes the ground, etc. (see rules); prize, silver cup; 2d, \$10.

Potato race, 50 yards; prize \$5.

Officers race, prize, \$10.

The following are the rules to govern hose cart races:—

Race to be run dry. Single on time, cart to carry 250 feet of hose, (five joints) Distance to run: 300 yards to hydrant, attach hose to hydrant, lay 200 feet of hose, uncoupled and screw on branch pipe, when the pipe is on to the satisfaction of pipemen it is to be thrown down, and the time taken when it strikes the ground. The judges will at once examine the coupling, and for every quarter turn that can be given the pipe, one half second shall be added to running time.

Hose will be regulation fire service hose, fabric rubber lined, in lengths of about 50 feet.

Ten men only allowed to run. No man to start ahead of leader on rope; no man to fall in or assist in dragging apparatus after start.

The pipe will be service pipe, to be carried on cart or by the pipemen from the start. One but regularly organized companies will be allowed to compete, and no person shall be allowed to run with any company who is not a legitimate member of the same, and vouched for by the captain of the team or company.

Each department represented will be entitled to one judge to act in connection with three resident judges from the whole number. The most suitable hose cart belonging to the city of Moncton will be selected to run with.

All contestants in the race to be decently clothed. Judges to decide.

In order to avoid dispute all contestants in the race must take part in the day parade.

AFTER THE BATTLE.—James Butler, late of Boston, requests THE EXAMINER to insert the following from a San Francisco paper:—

"Jake Kilrain is not given any credit for his victory over Godfrey by the sports who witnessed the mill. Experts who saw the disparity in size, weight and reach declare that the Baltimorean ought to have ended the mill in 15 rounds. He was 20 pounds heavier than the negro, and had nearly as much advantage in reach as Fitzsimmons had over Dempsey. Godfrey couldn't get in at Kilrain without great risk, but it must be said to his credit that he risked a knock-out repeatedly in order to use his deadly right, and that in the first 20 rounds Kilrain had a number of narrow escapes. Kilrain never took a risk from beginning to end, but until he had 6 d'froy groggy he stood off and jabbed him with his left. After he had the negro at his mercy he plugged him in the most brutal style, the mill from the 30th to the 44th rounds being the most cruel ever seen in 'Frisco. Godfrey received more cheers in defeat than Kilrain gained in victory, for he made the games fight seen here in years."

Butler says Godfrey intends visiting Charlottetown, his native city, this summer.

FOR OVER FIFTY YEARS Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best-known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

In 9 Cases Out of 10 B. B. B. CURES DYSPEPSIA.

DEAR SIR,—About a year ago I had a very bad attack of dyspepsia. For nearly four months I never ate a meal without suffering pain after. I kept getting worse and worse until I was obliged to give up my duties as a teacher. I had got so weak I could scarcely walk, when one day I saw an advertisement for B. B. B., and thought I would try a bottle; I did so, and before I had finished it I was able to teach again. Four bottles cured me completely. Miss JANET STEWART, Muskoka Falls, Ont.

In 19 Cases Out of 20 B. B. B. CURES BILIOUSNESS.

DEAR SIR,—I was troubled for about 35 years with Bilious complaint, and after using about three bottles of your Burdock Blood Bitters, I feel entirely relieved, and have not had an attack for the last two years. JOSIAH GAMEY, Maxwell, Ont.

In 49 Cases Out of 50 B. B. B. CURES BAD BLOOD.

GENTLEMEN,—Last fall I had boils very bad, and a friend advised me to try B. B. B., and so I got a bottle, the effect was wonderful, the boils began to disappear, and before the bottle was done I was totally cured. As an effectual and rapid cure for impure blood, Burdock Blood Bitters cannot be excelled. JESSE JOHNSON, Rockwood, Ont.

In 99 Cases Out of 100 B. B. B. CURES CONSTIPATION.

DEAR SIR,—I was troubled by constiveness and sick headache, and in fact felt very miserable until I tried B. B. B. I used seven bottles with Burdock Pills also, and they made me as well as ever I was. This was about two years ago and I still enjoy the best of health. Mrs. A. McCULLOUGH, Digby, N. S.

Even in the Worst Cases B. B. B. CURES SCROFULA.

SIR,—Two years ago I was troubled with an ulcer on my ankle; having used B. B. B. for bad blood I procured a bottle, and a box of Burdock Healing Ointment; after using three bottles and three boxes I was completely cured, and can recommend it everywhere. Yours truly, Mrs. Wm. V. BOYD, Brantford, Ont.
