R. I. S. - Annual meeting of the Benevolent Irish Society for the election of officers and receiving annual reports will take place in their rooms to-morrow (Friday) evening. A full attendance is requested.

PROVINCIAL LEGISLATURE. - Yesterday, after the opening proceedings, the usual committees were appointed, and Mr. W. Cronkell was appointed official reporter. The House will meet again this afternoon.

HAS A GOOD CASE. - A young lady at Newark, whose leg was broken by dancing, has commenced an action for damages against her partner, whose clumsiness, she avers, was the cause of the accident. The lawyers tell her she has a very good case.

POLICE COURT. - This forenoon P. H. Trehear, the owner of the dog which attacked our worthy Marshal a few days ago, and made off with a good sized piece of his stylish overcoat, was ordered to keep the dog confined or muzzled and to pay damages.

A CHOICE and "refined" entertainment at the Lyceum this evening. The committee have taken great pains to make this the concert of the season, and at the same time have placed the price so low that everybody may go. Twenty-five cents admits to any part of the hall.

A NICE BRICK. - The Halifax Herald says: C. F. Andrews, manager of the Richardson gold mine at Isaac's Harbour, brought a brick of gold to Halifax yesterday. It weighed 150 ounces, and was obtained from 360 tons of quartz, which represents the first month's working of the property. The mine is moderately and thoroughly equipped.

NO PLACE LIKE HOME. - Le Courrier De St. Hyacinth has been communicating with different ports of entry in the province of Quebec in order to ascertain how many people have returned from the United States. Returns from 9 out of 23 centres show that 1894 families came back during 1892. Hon. Mr. de la Brousse calculates that 3,094 families, embracing 15,400 persons in all, returned to settle down in their native province.

LARGE FAMILY GROUP. - A representative of THE EXAMINER was shown today at Mr. Lewis' studio an excellent likeness of Mr. Angus Gallant, his wife and their eleven sons and two daughters, all of Rustico. Mr. Gallant is 75 years of age, and his wife 74. Both look hale and hearty, and judging by appearances, have many years of life ahead of them yet. The eldest son, Hilaire, is 49 years of age, and the baby of the family is Domician, who is 25. We understand that one of the likenesses is to be sent to the World's Fair at Chicago.

THE STANLEY. - A telegram from Captain Finlayson, received by Mr. Lord yesterday evening, states that the work of repairing the propeller will be attended with considerable difficulty, on account of the great depth of the steamer's shaft in the water and the tide rise and fall of the tide at Pictou. It is not known how long the steamer will be laid up. This accident is especially unfortunate for our merchants, whose spring importations are arriving at Pictou daily.

MISERY IN BOSTON. - The following letter appears in the Boston News: Will not our business people wake up to the fact that there are thousands of men and women who wish honorable work at from \$10 to \$12 per week. The Boston board of aldermen is reported to have recommended that \$1,000 worth of soup be given to the worthy poor; would that board of aldermen like to be fed on charity soup? With the business people that there are in Boston, and the piles of food and clothing in stock, it appears to me as a crime for people to become hungry so that they have to beg on the streets for food, but such is a fact in the winter of 1892-93.

SEED CATALOGUE. - Our active and enterprising seedsmen, Messrs. George Carter & Co., are ready for business, notwithstanding the fire. They have just issued the finest catalogue ever published in this Province, Mr. John Coombs being the printer. We note that it contains a chapter on Fodder Corn and the Silo by Prof. Harcourt, and that the No. 1 Hard Red Fyfe Wheat, sold by the Messrs. Carter, is specially recommended by several of our leading farmers. The catalogue is generously and profusely illustrated, the illustrations by Benzough being particularly good. The Messrs. Carter's seeds are tested by Mr. Richard Burke, of Charlottetown, and are one of our most successful horticulturists.

HOCKEY. - A special attraction at the hockey match to-morrow night will be a two-mile match race between Wm. Earle and Wm. Davis, which will take place about 9 o'clock, during half time. The Hockey Club have kindly consented to give a prize to the winner. This, with the choice music of the Citizens Band and an exciting game of hockey will ensure a most enjoyable evening. Following are the respective positions of the players:

MILITIA. Goal - Thor D Rogers. Point - W V Earle. Cover Point - D. H. D. Johnson. Forwards - F. W. Hear, (Capt), S. C. Moore, W. A. Weeks, L. Beer.

CIVILIANS. Goal - W. Davies. Point - H. Harvie. Cover Point - F. Rathbary. Forwards - L. G. Whelan, (Capt), G. J. Rogers, H. R. Large, C. D. Weeks.

SPECIAL DESPATCHES TO THE EXAMINER.

DOMINION PARLIAMENT.

HOUSE OF COMMONS.

Manitoba School Case.

The Government Sustained by a Majority of 100.

OTTAWA, March 9. In the House of Commons yesterday, Hon. Mr. Costigan introduced his bill to repeal certain sections of the Merchants Shipping Act relating to load lines, so far as they affect ships registered in Canada.

Col. Amyot resumed the Manitoba school debate. He came out fully against the resolution, and pilloried Tarte for his unholy alliance with Dalton McCarthy, who was the greatest enemy in the House of the French race and the Catholic religion.

Dr. Weldon argued against McCarthy's contentions with respect to the right of the Government to consider the question in a judicial capacity.

Mr. Casey said that the Government were shirking their duty in referring a political question to the courts.

Mr. Laurier said that the ground of the Government's attack upon Mr. Tarte's resolution seemed to be that it was supported by Mr. McCarthy. Both gentlemen had the courage of their convictions, and therefore they united in denouncing the Government.

Dr. Weldon's exposure of Mr. McCarthy's ignorance of constitutional law and his attempt to deceive the House with garbled quotations from Bageshot, is the sensation of the session.

The debate continued till 5.35 o'clock this morning, when a division was reached on Tarte's resolution, which was defeated - yeas 71, nays 171.

Messrs. Pelletier, Jeanette, Dugas, O'Brien and McCarthy voted with Mr. Tarte.

The Stanley Accident

Every Blade Broken off Short.

A New Propeller to Be Put on at Once.

PICTOU, March 9. The steamer Stanley, which left Pictou on Monday morning for Georgetown, returned at noon yesterday with all four blades of her propeller broken off short. The steamer encountered very heavy ice on Monday, when the accident occurred. Fortunately a change of wind loosened the pack and enabled the steamer to make port, although slowly. Not a little uneasiness was felt at one time on board the steamer, when she was found to be getting into shoal water. She will discharge all her bunker coal and dead weight possible aft, when the forward tanks will be filled and an effort made to put on a new propeller.

The Cameron Murder Case.

Cameron's Death Not Due to Morphine.

HALIFAX, March 9. In the Cameron case at Bridgetown, in which Mrs. Cameron is accused of poisoning her husband, the Analyst, McIntyre, gave evidence yesterday. He testified that he found no morphine in Cameron's stomach and only saw three small crystals that might have been morphine.

FATAL THUNDER STORM.

Twelve Persons Perish.

VIENNA, March 9. The village of Lichtenwarth, in Lower Austria, was swept by a terrific thunder storm last night, during which the lightning was almost incessant. Twelve houses were struck and burned and five persons were struck dead in the streets, and seven perished in the burning buildings.

An Exciting Fight.

NEW ORLEANS, March 9. The fight between Bob Fitzsimmons and Jim Hall for a purse of \$40,000, and a stake of \$13,000 a side, at catch weights, took place last night. The purse was the largest ever offered for a single fight. The contest was interesting and exciting from start to finish. At the opening of the fourth round, the men had scarcely got warmed up to the work, when Fitzsimmons landed a dangerous blow right on the point of the jaw. Hall fell to the floor like a dead man, and some minutes elapsed before he was restored to consciousness.

Presentation to Sir John.

OTTAWA, March 9. Before the House of Commons opened yesterday, the Conservative members presented Sir John Thompson with an address, wishing him an agreeable and prosperous journey to Paris and a safe return to a country where public confidence always awaits him.

Sudden Death - The Stevens Case.

MONCTON, March 9. Mrs. Brady, 60 years of age, widow of Dr. Brady, of Hampton, King's Co., was found dead in her bed yesterday.

Sir John Abbott - Coming.

LONDON, March 9. Sir John Abbott will sail from Genoa for New York on March 22nd, and his health is much improved.
