DR. MURRAY;

145 QUEEN STREET.

Local and Other Items.

THE REASON WHY.—Nova Scotia appears to have given the biggest majority for prohibition. They prefer blue noses there to the red ones.—Boston Herald.

SMALL POTATO CROP.—The reports from the different districts of Cape Breton state that the potato crop is much poorer than was anticipated. This year's crop will not be half of last year's.

MURDERED FOR MONEY.—Buckport, Me., is agitated over the murder of Mrs Sarah Ware, a widow, 52 years old, whose dead body was found in a clump of bushes last week. It is now supposed she was murdered for the little money she possessed—about \$65. Mrs Ware came from Cape Breton and her maiden name was Sarah MacDonald.

GOOD READING CHEAP.—We have made arrangements (see advt.) whereby we are enabled to offer the Montreal FAMILY HERALD and WEEKLY STAR in connection with THE WEEKLY EXAMINER for a trial subscription of TWENTY CENTS. This is a splendid chance to secure the best local news as furnished by THE WEEKLY EXAMINER and the best weekly family news in Canada at a low price. This offer is only good until October. The two papers will make an exceptionally good combination to have addressed to your friends abroad even if you do not yourself require them.

AN OLD AND WELL TRIED REMEDY.—Mrs Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething with perfect success. It soothes the child softens the gums, allays all pain, cures wind, colic, and is the best remedy for Diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

Professor Goldwin Smith has a short letter in the New York Sun of Thursday, in which he says: "Result of the plebiscite on prohibition is morally and practically fatal to prohibition legislation. Prohibitionist organs and organizers admit that their cause has suffered moral defeat, and prohibition is shelved for the present. The great centres and the Province of Quebec pronounced by overwhelming majorities against it. No Government would venture to coerce them." It remains to be seen whether this is a correct forecast of the Government's intention.

Cure a Cold in One Day

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 50c.

How to get on.

Don't stop to tell stories in business hours. If you have a place of business, to found there when wanted. Have order, system, regularity, liberality, and promptness. Do not meddle with business you know nothing of. Never buy an article you do not need because it's cheap. Strive to avoid hard words and personalities. Pay as you go. Help others when you can, but say no firmly and respectfully. Have but few confidants: the fewer the better. Learn to think and act for yourself. Be vigilant. Keep ahead of the times, and subscribe to THE EXAMINER.

—Referring to Professor Robertson's remarks about Canadian oatmeal in the British market and the possibility of Prince Edward Island entering the list of exporters of oatmeal, Mr. James Paton, of this city, informs us that, a few years ago, he took home to Scotland a sample of our Island meal and placed it before a specialist there, who declared it to be the finest sample of oatmeal from Canada that he had ever seen and fully equal in point of quality to that produce North of the Tweed.

DIED.

At Head St Peter's Bay, on Oct 3rd, Margaret Ann, relict of the late William Coffin, aged 57 years.

The Lord hath called her
From this vale of misery and woe,
He found for her a happy home,
Where all the just will go,
Oh mother it was hard to part
With you we loved so well,
But Jesus parted with his life,
That we in Heaven might dwell.

The doctor may be a good old man, but even so, medical examinations and the "local-application" treatment are abhorrent to every modest woman. They are embarrassing—often useless. They should not be submitted to until everything else has been tried. In nine cases out of ten, there is no reason for them. In nine cases out of ten, the doctor in general practice isn't competent to treat female diseases. They make a branch of medicine by themselves. They are distinct from other ailments. They can be properly understood and treated only by one who has had years of actual practice and experience in this particular line. This is true of Dr R V Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. Dr Pierce's Favorite Prescription, a remedy for all derangements of the reproductive organs of women, has been in actual use for more than thirty years. It cures every form of "female weakness."
