MARKETS and FINANCE

Montreal Stocks

MONTREAL (CP)—A narrowly mixed trend prevailed at the close of a fairly active session on the stock market Tuesday. Bank issues leaped ahead with advances ranging to three points after two leading Canadian banks announced increased dividend payments. Utilities gained narrow ground while beverages showed slightly higher tendencies. Senior oils and base metals were mixed within a limited scope. The vast majority of pulp and papers moved off. Prominent on the downside were Great Lakes, St. Lawrence and Bathurst B, each down a point or more. Rail equipments and textiles were firm. Most western oils lined up behind plus signs. Lower-priced metals in the mining section were erratic in a 25-cent range.
