Connaught Square Tops Totals

Recreation Department supervisors handled a total attendance of 7,408 youngsters last week at the five supervised playgrounds in Charlottetown continued to reach new heights as the summer program reaches the half way mark.

This is the third straight week that attendance at the parks have passed the 7,000 mark—a figure that was not reached during 1965.

Connaught Square, supervised by Linda Ryan and Rose Marie O'Hanley, led the totals with an attendance of 1,866, followed by Victoria Park, under supervisors Jane Williams and Norah Goodwin, who totalled 1,810.

Next came Hillshore Square (Maureen Hughes and Ann Clark) with 1,418, Kinsmen Park under Jeanne Cameron and Janice Henry, recorded 1,265, and Spring Park, under the leadership of Patricia MacKinnon and Bill MacKinnon had a total of 1,049 participants.

A further breakdown on these figures reveals that up to last weekend a grand total of 29,713 youngsters are taking part in this year's program, as compared to 23,032 for a similar period of program in 1965.

City Recreation Director Jim Fox points out that this represents a starting daily increase in attendance from 850 daily in 1965 up to the present figure of 1,238 per day, an increase of 279 young participants in the summer program that runs the gamut from fun and games to arts and crafts.

TRACK AND FIELD
Bill MacKinnon is heading up the Athletics on the playgrounds and this week will see the start of track and field program for the playground youngsters.

These instructional periods, climaxed by playground meets, will decide the finalists in the year's closing meet, to be held at Memorial Field at a date to be announced later.

The track and field schedule for this week and next week is as follows:
Monday at 10 a.m. at Hillshore Square for Hillshore and Connaught Square youngsters.
Wednesday at 2 p.m. at Victoria Park.

Friday at 10 a.m. at Spring Park for Kinsmen Park and Spring Park youngsters.
Arts and crafts sessions handled by Patricia Roberts will be at Hillshore Square Monday at 2 p.m. and Wednesday at 2 p.m. Connaught Square Monday at 10 a.m. and Thursday at 10 a.m. Victoria Park Tuesday at 2 p.m. and Thursday at 2 p.m. Kinsmen Park Tuesday at 10 a.m. and Thursday at 10 a.m. Spring Park Wednesday at 10 a.m. and Sunday at 2 p.m.

PAINTING SESSIONS
Painting in the park sessions for this week will be held at Spring Park playground on Monday at 10 a.m. and Wednesday at 10 a.m.

He has served on the Sherwood District Board of School Trustees for four years and on the Sherwood Village Commission. He is a member of the Board of Trustees of St. Pius X Parish, and is serving as the

Tuesday and Thursday from 10 a.m. to 12 noon.

"We have added a further service this year," Mr. Fox stated. "A supervisor is on duty at Victoria Park playground on Sunday afternoon from 1 p.m. to 5 p.m. This enables us to help cope with the increasingly large numbers using these particular facilities on the weekends and further ensures the little tots the use of the kiddies spray pool."

Sherwood Man Named Manager

George W. Cheverie of Sherwood, P.E.I., has been named manager of the Charlottetown office of the National Employment Service. The announcement was made by G.G. Duclos, Director-General of Canada Manpower.

Mr. Cheverie, joined the UIC-NES in September 1965, on his demobilization from the Canadian Army, and served in almost every capacity in the local department until his appointment as manager of the Charlottetown UIC-NES in December 1962.

In April 1965 the National Employment Service was transferred from the Unemployment Insurance Commission to the Department of Labour, and was later transferred to the Department of Citizenship and Immigration pending the formation of new Manpower Department.

During this period of transition a high level of co-operation was required from each of the departments concerned. Many anomalous situations arose—for example, Mr. Cheverie was for a time local manager of both the UIC and the NES, although each was in a separate department of government.

SCORES HIGHEST
In December 1965 the employment officers of the NES and senior officers of the UIC sat grading examinations or entrance into a new series of Employment Service Officers, and in these examinations Mr. Cheverie finished first in the Dominion of Canada in his own grade or departmental level.

In addition to his departmental duties, Mr. Cheverie served as National President of the National Unemployment Insurance Commission Association (NUICA) for seven years, 1954-61. This is the staff association for all UIC and NES members, and has over 8000 members registered.

Mr. Cheverie will serve on the National Executive of this association. A member of the Charlottetown Rotary Club, Mr. Cheverie is chairman of the Vocational Guidance Committee of this service club, a committee which has done sterling work in the occupational guidance of over 4000 students in the Charlottetown area during the past four years.

He has served on the Sherwood District Board of School Trustees for four years and on the Sherwood Village Commission. He is a member of the Board of Trustees of St. Pius X Parish, and is serving as the

\$20 Penalty Is Imposed

Magistrate A.J. Haslam, QC, handed down a fine of \$20 and costs or 10 days on Timothy K. Ramsay, city, when he appeared in city police court yesterday morning on a charge of speeding.

Gordon Carr, city, charged with driving a motor vehicle without due care and attention, was fined \$10 and costs or five days. The accused was represented by Frank Sigsworth.

Ronald R. Cudmore, Clyde River, charged with leaving the scene of an accident, was remanded to August 9. The accused had a similar case adjourned to August 9.

City Motel Is Purchased
The Queen City Motel has recently been purchased by Wally Rodd, the owner and manager of the Motel Charlottetown. Mr. Rodd announced the purchase of the motel yesterday morning and that he had taken over operation of that enterprise on Monday.

The motel was formerly owned by Danny Paul and William O'Rourke of Charlottetown. The Queen City is located next to the Motel Charlottetown on Trans-Canada highway, about two miles from the city.

The motel, Mr. Rodd said, is about two and one-half years old and contains 24 units and a coffee shop.

The festival will provide an incentive, people will sit down and write new musicals, new comedies hoping that they'll be good enough for the Charlottetown Festival. New faces are part of this festival, like Jamie Raye, Judy Armstrong and others, and writers will start writing material for them.

The festival slogan, "Something Wonderful is Happening in Charlottetown," came out of my review of "Anne" and the "festival" last year, and this is one phrase snatched out of a review that isn't out of context—"something wonderful is happening here".

Mr. Cohen also expressed amazement at the calibre of the festival company—much of the very best talent that the Canadian theatre has to offer is included in this company," he said.

Premier Expresses Enthusiasm
Yesterday evening, Premier Alex Campbell returned to the province from Toronto, Ontario where he attended the Canadian Premiers Conference.

In a press release yesterday morning Mr. Campbell expressed enthusiasm for the meeting where provincial premiers get together for the informal discussions on provincial problems.

Premier Campbell said that because of the informal nature of the meeting he has found that in expressing his opinions on P.E.I. problems he has been in no way dominated by the larger provinces.

The new premier has himself initiated talks on the subject of free text books for school students and today will be bringing up the subject of veteran pensions and how they are being paid by Provincial Old Age Security Programs.

Provincial Treasurer of the United Appeal Fund, G.F. Lawson, Atlantic Regional Director of the Unemployment Insurance Commission at Moncton, N.B., will be making arrangements for the selection and appointment of a manager for the UIC office in the immediate future.

HARDY APPETITES
Unlike people, red squirrels eat all varieties of poisonous mushrooms.

The Dean Of Drama Critics Reviews Summer Festival

Nathan Cohen, the dean of Canadian Drama Critics, has been in the province since last Friday reviewing the three summer festival productions: "Anne of Green Gables," "The Adventures of Private Turvey" and "The Ottawa Man."

"I see a great future for the Charlottetown Festival and think it very exciting to have such a festival devoting itself to Canadian Material," said Mr. Cohen Monday in an interview.

Monday night he visited the Kings Theatre in Georgetown to see "The Marriage-Go-Round" and yesterday left for Halifax and Fredericton to see Neptune and Fredericton Playhouse productions.

"I can't talk about the shows I've seen here, that would have to wait until after my reviews appears in the Toronto Star later this week, but I can talk about the festival."

"It's amazing and wonderful that such a thing could develop and in Charlottetown especially," he noted that Charlottetown was just about as far from the main stream of Canadian theatre as you could get three years ago, and added that now it was very much a part of that scene.

Mr. Cohen said that he was particularly happy to see a festival that was entirely Canadian. "It's an inspiring thing to come down here and see Canadian material and a Canadian cast."

"I think theatre audiences in this country are really searching for something that's truly their own, possibly too much. They're often willing to accept second-rate productions simply because they're Canadian and they shouldn't do that," he said.

"I don't think coming up with new material will ever become a problem—the festival is fairly well established now and people are going to start writing for it. Three years ago people were wondering how it could ever survive one season; well it's been three now and there doesn't seem to be any problem."

The festival will provide an incentive, people will sit down and write new musicals, new comedies hoping that they'll be good enough for the Charlottetown Festival. New faces are part of this festival, like Jamie Raye, Judy Armstrong and others, and writers will start writing material for them.

The festival slogan, "Something Wonderful is Happening in Charlottetown," came out of my review of "Anne" and the "festival" last year, and this is one phrase snatched out of a review that isn't out of context—"something wonderful is happening here".

Mr. Cohen also expressed amazement at the calibre of the festival company—much of the very best talent that the Canadian theatre has to offer is included in this company," he said.

Annual DCRA Is Underway
SOUTH MARCHE, Ont.—Weather played an important part in competition as more than 600 shooters gathered here for the annual DCRA prize meet Monday afternoon. Weather conditions varied from bright sunlight through broken and heavy clouds and rain accompanied with heavy mirage and shifting winds.

The main event, and the first in the Grand Aggregate and the battle for the 18 man 1967 Bisley team, was the MacDougal fired from the 200 and 50 yard ranges.

Top Islander in this event was TPR Bob Barwise of Charlottetown with 98 of a possible 100; E.O. Dave Phoenix of CFB Summerside with 97; Lt. George Rogers, Charlottetown, 95; WO2 Mike Susick, CFB, Summerside, 94.

In the only other match of the day, the Tyro at 20, only two of the P.E.I. tyros managed to get into the prize list, Tpr. Fred White of Murray Harbor and Cpl. George Davies of Eldon each with 46 out of 50.

White placed 77th and Davies 81st.

In the cadet green shot match run-off late Sunday, Cdt. Lorne Stevenson of Winsloe placed 7th with a score of 34 out of possible 35 at 200 yards.

Wage Offer Is Accepted
SANTIAGO, Chile (AP)—The 4,000 miners and other employees of the huge copper mines and allied installations of El Salvador and Potrerillos, in northern Chile accepted Tuesday a wage offer from Anaconda, the company announced.

The workers approved a 29 per cent basic increase in salaries in a vote taken at the mine located in the arid Andes province of Atacama, 435 miles north of here.

A spokesman for the Andes Copper Mining Company, a subsidiary of Anaconda, said the basic boost is 29 per cent. But the official said the figures rise to 40 per cent with fringe benefits granted to the miners.

The company operates the mine, the refinery at Potrerillos and the port of Baquijano, where the metal is loaded for shipment abroad. The plant is the third largest in this copper-producing country.

The miners had announced a strike for midnight, July 31, but postponed their deadline to continue negotiating. They had asked for a 25 per cent increase which, according to the government, was the rise in living costs last year and fringe benefits reaching 70 per cent.

He had special praise for Mayor Moore and the work that Mr. Moore has put into making the festival a success.

"My career as a drama critic started quite by accident about 20 years ago. On my second date with my wife, she decided that we would see a play."

"Wilderness" by Eugene O'Neill that was playing at a theatre in Toronto. It was, by the way, being produced by Mayor Moore and starred Don Harron. I went somewhat reluctantly but thoroughly enjoyed it."

SHORT COPY
At the time I was a law student at the University of Toronto and was earning some extra money translating from Yiddish into English and visa versa for some small and now extinct newspapers. Anyway, one of the papers before it went to press one day found itself with a four inch hole and no copy to fill it. I mentioned to the editor that I'd seen this play and asked if I could write a short piece telling people about it. I did and it just grew from there. Mayor Moore has helped my career along too, just like he's helped so many others. The next year, thanks to Mayor Moore, I found myself with a 15-minute-a-week radio show as a drama critic, and when television came to Canada, it was through Mayor Moore that "Fighting Words" which I

hosted for 10 years, came into being.

The only festival production that Mr. Cohen would comment on was "Anne" which he had seen last year. He predicted that "Anne's" tour next fall would be very successful and said that he could see "Anne" as part of the Charlottetown Festival for a great many years, with people coming back again and again to see it and see how each new company handles the show. This he added, is a mixed blessing, it's good, but at the same time could be an albatross around the festival's neck, when the festival program's being planned each year they're starting with a given quantity.

The Charlottetown Festival and its Canadian theme will involve risks, Mr. Cohen said, new material will be tried each year and there will be some bad ones, but it's a risk worth taking if some good, new and Canadian shows can originate at the festival.

German Firm Controls Mine
ST. JOHN'S, Nfld. (CP)—Premier Joseph Smallwood announced Tuesday the iron mines on nearby Bell Island will be taken over by a German steel firm for two years of experimental operation expected to employ about 300 miners.

The premier told a news conference the Roebling Steel Works of Germany have agreed to a plan he outlined in mid-June. Its aim is to save the economy of the island's 9,000 residents following closure of the mines June 30 by Dominion Steel and Coal Corp after 71 years of operation. It was not immediately known when the new operation would begin.

Initially, the German firm would operate the mines on a one-shift basis, working up to two shifts at the end of the two-year period and continuing to operate the mines afterwards if the venture proves economical, the premier said.

The closure by Duco, based on its claim that the ore of 49 to 51 per cent iron was too low grade, caused the layoff of 800 miners whose wages formed the backbone of the economy of Bell Island, located in Conception Bay about 25 miles west of here.

The miners had announced a strike for midnight, July 31, but postponed their deadline to continue negotiating. They had asked for a 25 per cent increase which, according to the government, was the rise in living costs last year and fringe benefits reaching 70 per cent.
