WESTERN TEA.—The big tea party of the season will be held at Alberton early in August in aid of the Sacred Heart Church. As no other tea is contemplated in the western parishes of the diocese, this gathering will without doubt eclipse anything of the kind ever held up west, and Alberton and western Prince generally has been remarkable for its colossal teas. They know all about the art and mystery of a monetary and pleasurable tea from the following: "The following excursion will arrive by forenoon train and will proceed to camp at once; Tryon and Hunter River Companies, of the 82nd Battalion will arrive by the forenoon train from the west on same day and the Alberton Company will arrive by the afternoon train. The York and Covehead Companies will march from local headquarters to camp. No. 1 and No. 3 Companies will march from local headquarters at 4 o'clock sharp. Lt.-Col. BIOTCHES NOTES.—The Y. M. C. A. Club is doing good work in bringing our wheelmen together for a weekly run; but there should be a larger attendance of members on Wednesday nights. Towing has begun. Several trips have been made to the North Shore, Pownal and Milton, and the heroes are beginning to be taken for Mio-Mios in the summer complexion. E.—and one more started out early yesterday morning for Shaw's Hotel. One arrived back this morning (time one hour and fifty five minutes); the other fell in love (with the scenery, etc.) and remained behind. Riding on Queen Square is getting to be a public nuisance, and should not be allowed during the evening promenade. We are glad to hear that the club is making an effort to raise sufficient funds to lay an ash track round Hillsborough Park, and have no doubt some of the realists, and public-spirited men among our citizens will bear a hand and help them through with this work, which will be a great improvement to the square.

Debate on the Redistribution Bill.

How it Affects the Island

Ottawa, June 24.

Yesterday afternoon the debate on the redistribution bill was continued by Mills, Davin, Yeo, Mulock, Mason and Patterson. Dr. Weldon expressed regret that there was not a clause in the constitution whereby the original number of members for Prince Edward Island could be retained. He did not know but it might be well to ask Imperial legislation in the matter. He did not think it was fair to deprive those old provinces of the number of members they were given at the time of Confederation. He believed in preserving county lines, and, therefore, would be obliged to vote for Davies' amendment.

House divided and Davies' amendment was negatived by 71 to 49.

Davies suggested that Lot 24 should not be attached to east Queen's constituency, with which it had no affinity, but to west Queen's. He hoped the House would not assent to this gerrymander.

Sir John Thompson pointed out that if Davies' suggestion were adopted, east Queen's would have a population of 20,851 and west Queen's 24,824. Laurier appealed to Sir John Thompson to place Lot 24 in west Queen's. Davies moved that Lot 24 be struck out of East Queen's and added to West Queen's. McDonald, (P. E. I.) said he was a plain spoken man and he desired to ask Davies if it were true that he had been seeking sympathy on the Conservative side by representing that Lot 24 was composed largely of Roman Catholics, who would swamp the Protestant vote in the county.

Davies said it was not so. A group of members had gathered round the table, examined maps, and he had simply explained to them that the proposed addition of Lot 24 to East Queen's was an outrage.

McDonald said the bill as it affected P. E. Island was an equitable one, and a fairer system could not be devised than the proposal to create five single constituencies. After some observations from Perry, the committee divided. Yeas 29, nays 59.

The remaining sub-clauses relating to P. E. Island were then disposed of. The clause relating to St. John city and county was passed after a lively tilt between Mills, Bothwell and Hazen. This practically finished the bill, but Sir John Thompson said he would not ask the committee to report until Monday, as he desired to examine the amendments of which Messrs. Hughes and Bennett had given notice.

HAPPY TIMES

WHY SO?

BECAUSE WE ARE GIVING TREMENDOUS BARGAINS

Men's, Boys' and Children's Suits.

THE GENERAL REMARKS:

"We see, sure enough, you do better for us when we call to see you than you advertise to do. Your assortment is the largest we have ever seen and your prices the lowest. How are you going to pay your bill when you sell so cheap?"

WE SAY TO OUR CUSTOMERS:

We can afford to sell at those prices because we buy in large quantities for Spot Cash, and we sell so much that we can live on a very small profit; so we thank our customers for being able to sell at the prices we do.

We are boys from the country, and fully understand how hard it is to make a dollar when prices for produce are so low. In asking you to trade with us, we do so because we are sure we can do better for you in CLOTHING and HATS than any Firm in Town.

A Trial will Convince You that we are indeed THE WONDERFUL CHEAP MEN.
