## \$47,867 Contract Let For Howard's Cove

OTTAWA — (Special) — A contract for \$47,867 has been let by the public works department for construction of a landing at Howard's Cove, P.E.I.

Successful company was J.W. and J. Anderson, Ltd., of Burnt Church, N.B. Competition date for the work is Jan. 7, 1960.

The work consists of a landing 320 feet long with an outer wall of 30 feet and an inner wall of 50 feet.

The landing will be formed by placing a concrete cope wall on cross-tied timber crib foundation approximately parallel with the existing south breakwater and adjoining shoreline. The cribwork will be fully ballasted with rock and the area between the wall and breakwater and shoreline will be filled with shale and surfaced with gravel.

The construction is designed to provide permanent landing facilities for fishermen, replacing the temporary landing stages used since the enclosed harbour was built in 1956.

The new landing is the final stage in the development of this harbour and will greatly improve facilities available to the increasing number of fishermen using the harbour.

## Air Cadet Week To Be Celebrated

SUMMERSIDE — Air Cadet Week will be celebrated in Summerside and surrounding area this week and will be observed by several functions scheduled to take place that involve No. 53 Air Cadet Squadron sponsored by No. 200 Wing RCAF Association.

The Summerside squadron, which includes cadets from Kinross, Borden and Miscouche, will parade through the town Thursday evening led by their drum and bugle band.

Friday afternoon and evening and Saturday morning they will hold tag days during which they will solicit the support of the general public with cadets calling at the homes and selling tags on the streets.

Simultaneously, the sponsoring body, the Summerside RCAF Association will have its members calling on the various business houses requesting their financial support for this worthy youth movement that teaches the cadets various skills, discipline and generally makes of them better citizens.

Two members of the local squadron Frank Ellis and John Roy, both of Slemmon Park were chosen last week from over 25,000 cadets across Canada for special training awards provided by the Air Cadet League and the RCAF each summer.

Cadet Ellis was selected for a senior leaders course while Cadet Roy will receive the RCAF flying training scholarship.

## Freetown Home Destroyed By Fire

SUMMERSIDE — Fire completely destroyed the home of Mr. and Mrs. John Heffell and sons Waldron and Wesley, South Freetown Saturday evening when a flames swept through the home after gaining considerable headway without being noticed.

The blaze broke out around 8:00 o'clock while the Heffells were watching TV, apparently originating in the basement and climbing a partition to the second floor before being noticed by Mr. Heffell.

With the help of neighbors the Heffells were able to save the downstairs furniture and appliances but everything upstairs went up in flames. Except for a couple of coats the only clothing saved was what they were wearing.

Pumpers from Summerside and RCAF fire departments sped to the scene and prevented the flames from spreading to a large barn nearby and a smaller outbuilding near the house.

A neighbor's house was located quite close to the flames and would have been in real danger.

## Accident Puts 3 In Hospital

An accident a quarter-mile west of Belle River Corner about 6:30 Saturday evening, sent two residents of Halifax and one of Charlottetown to the Kings County Memorial Hospital for treatment.

The driver of the 1956 Studebaker had his left arm and shoulder severely bruised while the two passengers received severe cuts and lacerations.

Two were released from hospital Saturday evening and the third on Sunday.

The car was severely damaged.

## LATE NOTICES
