We call attention to the advertisement of Mr. F. W. Hyndman. Mr. H.'s offices have proved themselves prompt and liberal in their settlements of claims in this Province, and persons seeking insurance can do no better than place their risks in the institutions represented by him, which are all of high standing and have almost unlimited capital.

A special despatch from Dallas, Texas, says a strange and fatal disease is reported to have broken out among the cattle in the western part of that country. A large number have died. The disease fails to yield to treatment. A mass meeting of cattle men was held at Grand Prairie, on the 30th ult., looking toward a movement to check the ravages of the disease.

A PECULIAR accident occurred at Soda Springs, Idaho, on the 29th ult. Samuel Blackburn, a Jeweler of that place, went to the Horse Shoe spring after some soda water. Not returning at a reasonable time, his wife became anxious about him and sent a party to hunt him up. When found he was lying up against the wall, dead, having been suffocated by gas while in the act of filling a bottle with soda water.

THE Indianapolis (Ind.) Journal, of the 26th January, is authority for the statement that the twin babies of Mr. Isaac and Rebecca Y. Y., of that city, were frozen to death in their crib, on the night of the 24th January. They were left sleeping in a fireless room. Their father visited the crib during the night and found one babe dead. The other was suffering severely and soon died. The clothing was frozen to the bodies of the infants.

A MEETING is to be held in the Stipendiary Magistrate's Room, on Monday afternoon next, February 4th, at four o'clock, for the purpose of organizing a Society for the Prevention of Cruelty to Animals. Ladies and gentlemen are requested to attend. That such a society is urgently needed in Charlottetown is often made apparent by the exhibitions of cruelty to dumb creatures witnessed on our streets.

THE HENRY COLLINS who so highly distinguished himself for his pluck and bravery while clinging to the rigging of the wrecked steamer "City of Columbus," is a son of James Collins, blacksmith, formerly of New Perth. Mr. Collins is a large, powerful man, like his father before him, and this strength did him, and his sufferers on that dreadful night, great and eminent service. All honor to the hero. Let him not remain "unrewarded."

A DREADFUL accident occurred in the stable of Mr. Richard Burdett, Rocky Point, a few evenings ago. A son of Mr. Burdett was feeding the cattle, and in passing the feed to a vicious cow, she hooked him. One of the horns entered his mouth and pierced the cheek below the left eye. The animal shook the unfortunate lad until the flesh was torn down to his mouth. Dr. Jenkins being called in attendance, stitched up the frightful wound. The little fellow—who is only twelve years of age—is doing as well as can be expected under the painful circumstances.

We notice by the Montreal Star of the 29th January, that Alexander Galt Lomas, Esq., has been re-elected Mayor of Sherbrooke, Que. The opposing candidate was H. P. Cabana, Esq., ex-Mayor. Mr. Lomas is a brother-in-law of Joseph Unsworth, Esq., Mechanical Superintendent of our Railway. While on a visit to his friends in this city, in September last, we had the pleasure of meeting Mayor Lomas, and it now becomes our pleasing duty to extend to him our hearty congratulations on his re-election to the highest office in the gift of his native city.

THERE being several entertainments advertised for this month, it is to be hoped our Charlottetown musical friends will not forget the rare treat which is in store for them at the Y. M. C. A. Hall, on Tuesday, the 12th inst., viz., Mr. Vinnicomb's Concert, given by the Orchestra, assisted by the best vocal talent in the city. The club being the only orchestral organization we have, are now in splendid practice. The music selected for the occasion surpasses anything formerly rendered by them, and should ensure a full house. Tickets of admission 25 cents, and may now be had at Fletcher's music store, and Fraser & Reddin's drug store.

A TROTTER.—The Montreal Herald says by all accounts Truro, N. S., has a marvel among trotters. He is named Hanlan, was foaled in 1880 and so far has proved invincible. On being sent along beside the speediest horses he can stay with them all the time, and even has to be coaxed back. It is big talk, but it is said there is not a colt in America that can show as fast without handling. He was bred by Wm. Dennis, Margate, P. E. I., sired by Island Chief, dam Bess, by Sable Island (English); 2nd dam by son of Mount Island (English); 3rd dam by English Sporter, a sire of trotters. Island Chief was got by Dean Swift, he by Bush Messenger No. 2, of Augusta, Me.

A NEW TREATMENT For Consumption, Asthma, Bronchitis, Dyspepsia, Catarrh, Headache, Debility, Rheumatism, Neuralgia, and all Chronic and Nervous Disorders.

WE, the undersigned, having received a great and permanent benefit from the use of "COMPOUND OXYGEN," prepared and administered by Drs. STARKEY & PALEN, of Philadelphia, and being satisfied that it is a new discovery in medical science, and all that is claimed for it, consider it a duty which we owe to the many thousands who are suffering from chronic and so-called "incurable" diseases to see that we can make its virtues known and to inspire the public with confidence. We have personal knowledge of Drs. Starkey & Palen. They are educated, intelligent and conscientious physicians who will not be so sure, make any statement which they do not know or believe to be true, nor publish any testimonials or reports of cases which are not genuine.

WM. D. KELLEY, Member of Congress from Philadelphia. T. S. ARTHUR, Editor and Publisher "Arthur's Home Magazine," Philadelphia. V. L. CONRAD, Editor "Lutheran Observer," Philadelphia. PHILADELPHIA, Pa., June 1, 1892.

In order to meet a natural inquiry in regard to our professional and personal standing, and to give increased confidence in our statements and in the genuineness of our testimonials and reports of cases, we print the above card from gentlemen well and widely known and of the highest personal character. Our "Treatise on Compound Oxygen," containing a history of the discovery of and mode of action of this remarkable curative agent, and a large record of surprising cures in Consumption, Catarrh, Neuralgia, Bronchitis, Asthma, etc., and a wide range of chronic diseases, will be sent free. ADDRESS: Drs. STARKEY & PALEN, 110 & 111 Girard St., Philadelphia, Pa., Oct. 13, 1883.—law wkly.
