## Cubs Andy Pafko In Spotlight

NEW YORK, July 18 (AP)—Jackie Robinson of Brooklyn Dodgers continued to lead the National League batting derby, but it was Andy Pafko, Chicago Cubs' handy man who snatched last week's spotlight.

In addition to making a sparkling, game-saving catch in the all-star classic, Pafko had enough left to carve out a torrid 11 hits in 18 at bats in regular play. It gave him a season's mark of 338—a boost of 22 points—and left the Chicago outfielder in third place in batting, 18 points behind Robinson's leading .356 mark.

Stan Musial, St. Louis Cardinals' one-man gang, held the No. 2 slot, though slipping two points to .348.

New York's Whitey Lockman recovering from an appendectomy, still was fourth, with his .332. Dick Sisler of Philadelphia picked up five points to increase his fifth-place mark to .330. Figures include game of Sunday, July 16.

Pittsburgh's Ralph Kiner, as expected, wields the loop's big bat. The slugging Pirate outfielder is the pace-setter in home runs, with 25, and runs batted in, with 89. Robinson's 26 doubles lead that department.

Philadelphia's Richie Ashburn, with seven, is first in triples, while teammate Willie Jones has tallied the most runs—65.

Duke Snider of Brooklyn is the lone member of the "100-hit club," having smacked an even 100 safeties to lead all hitters. Carl Furillo, also of Brooklyn, has 99.

Sam Jethroe, Boston's fleet fly-chaser, is tops in stolen bases with 24. His superiority is such that runner-up Pee Wee Reese of Brooklyn has pilfered only seven sacks.

Bob Miller, though beaten Sunday by Chicago for the first loss of his big league career, nevertheless still is No. 1 in pitching percentage. The Philadelphia righthander has compiled an 8-1 slate for a .889 mark. Boston's Warren Spahn, with 113 strikeouts, is leading in that department.

## Young Speed Star Trades Doll Buggy For Hot Powerboat

By PHIL ADLER  
Canadian Press Staff Writer  
VALLEYFIELD, Que., July 18 (CP)—Speed boat racing, a sport whose thrills and spills many persons prefer just to watch, comes as easy as wheeling a doll carriage to little freckle-faced Kay Dempsey of Henrietta, N. Y.

At 13, she is one of the youngest girls in Canada and the United States to enter speedboat competition. For the last five years playing with boats and motors has pretty well mixed with caring for dolls.

Although she has been driving a racing boat for a couple of years

this is her first year in competition. American Power Boat Association rules put the minimum age at 13.

Kay's father, Ken, is an old hand at speedboats. He has been racing for 20 years. He drives a 225-cubic-inch inboard hydro, Division I, which hits about 70 miles an hour.

But father Ken doesn't let his daughter drive any of the large craft. At present she has to be content driving in the midjet class with her stock utility boat. And in that she can travel 40 miles an hour.

Regardless of her age, Kay drives and handles her boat like an expert.

With a crash helmet covering her blonde hair and her eyes that sparkle like the blue water, she already has a second place to her credit.

Knows About Spills  
Kay is a veteran too when it comes to flips—turning over. During a regatta held here recently she told how she was going about 40 in Alexandria Bay, N. Y., and was in second place when she tried to catch up with the lead man.

"I forgot about everything and just tried to gain speed," she said. "Then it happened! At first I did not know what was going on. I even held the throttle until I hit the water. I wasn't hurt."

That was her first dunking while racing and Kay hopes it was her last.

As well as travelling to various speedboat regattas in Canada and the United States with her parties, Kay works on her own boat. She sandpapers, varnishes, waxes and shines it. She also tinkers with the motor when something minor goes wrong.

Kay lost out by one month for the honor of being the youngest racer here this year. That honor is held by Allyn Guerin of Rochester, N. Y. He is also 13 but was born 30 days after Kay.

Like a growing girl, Kay doesn't want to stay racing in the midjet class. Next year she hopes to have a 48-cubic-inch inboard craft.

## Charged With Murder Of Wife

LITTLE CURRENT, Ont., July 18 (CP)—John Galloway, 22-year-old Toronto factory hand, today was charged with murder in the wedding-anniversary stabbing of his wife.

Mrs. Elma Maud Galloway, 22, mother of a year-old girl, was slain yesterday in a bedroom of her parents house at Tekummah, 20 miles south of this Manitoulin island town.

Galloway, who ran a quarter of a mile to a neighbor's house to telephone police, was remanded a week when arraigned today in court at Sudbury, 50 miles northeast of here.

"He was insanely jealous of her," said Sam Armstrong, father of the slain woman. "Every time they came home from a dance he chided her about the boys she had danced with during the evening. They quarrelled considerably about things like that."

## Phillies To Lose Southpaw Pitching Ace

PHILADELPHIA, July 18 (AP)—The pennant-driving Philadelphia Phillies are going to lose their good left arm come July 29. And it will happen right in the middle of the first flag scrap they've had a chance in 35 years.

Young Curt Simmons, the \$65,000 bonus southpaw pitching ace, leaves the team in July for a 14-day encampment with the National Guard. It wouldn't be any exaggeration to say that the Phillies—currently leading the National League by two games—conceivably could lose the pennant while he's gone.

There isn't a manager in the senior circuit who can afford to lose a potential 20-game winner in the heat of a hectic flag drive. No one is more aware of this ABC of baseball than Phillies' skipper Eddie Sawyer. Frankly, he was as much concerned with this problem as he was with the current Phillies' invasion of the west before the team left here last week.

Simmons already has won 11 games. And the way he's been winning makes it a better than safe wager that the 21-year-old Egypt, Pa., youth will win one or two more before the fateful 29th rolls around.

During the period Curt is a soldier, the Phillies must play 17 games at home, against every team in the League with the exception of Boston Braves. They take on the Cubs three times; Cincinnati in four; Pittsburgh three; St. Louis, their chief contention for the pennant at the moment for first place, in five games; Brooklyn twice and New

## Stranded Passengers Attempt Crossing

QUEBEC, July 18 (CP)—All 850 passengers of the liner Franconia will be enroute to Europe within a few days, Cunard Donaldson spokesmen said yesterday.

The passengers will be sent overseas in other Cunard Donaldson ships from Quebec and New York and in the Canadian Pacific Steamships' Empress of Scotland. The company said nearly 100 passengers sailed from here July 15 and that another 120 are scheduled to sail July 21 on the Empress of Scotland.

The passengers were stranded here last Wednesday night when the 20,000-ton liner ran aground in the St. Lawrence River shortly after leaving Quebec harbor for Liverpool, England.

**CAPITAL FOR GOLDFIELDS**  
BLOEMFONTEIN, South Africa—(CP)—According to engineering experts the gross capital needs of the new Orange Free State goldfields amount to about £250,000, 000 (\$775,000,000).

BRIDGWATER, Somerset, England—(CP)—William J. Sharky died aged 79, but his poem will survive. They raised \$1,500 (\$4,650) at a sale for the eye hospital at Bristol.

## AUTOMOBILE LOTTERIES

The attention of the public is directed to section 236 of the Criminal Code of Canada which reads in part as follows:—

"236. Lotteries.—Every one is guilty of an indictable offence and liable to two years' imprisonment and to a fine not exceeding two thousand dollars who—

(a) Printing Lottery.—Makes, prints, advertises or publishes, or causes or procures to be made, printed, advertised or published, any proposal, scheme or plan for advancing, lending, giving, selling or in any way disposing of any property, by lots, cards, tickets, or any mode of chance whatsoever; or

(b) Selling Tickets, etc.—Sells, barter, exchanges or otherwise disposes of, or causes or procures, or aids or assists in, the sale, barter, exchange or other disposal of, or offers for sale, barter or exchange, any lot, card, ticket or other means or device for advancing, lending, giving, selling or otherwise disposing of any property, by lots, tickets, or any mode of chance whatsoever."

It is to be distinctly understood that September first, next, is the absolute deadline for lotteries in this Province. Some cars were given away by lot this summer, despite these provisions of the Criminal Code, and prosecutions were not proceeded with because of the plea that all arrangements had been made and the cars purchased for such disposal for charitable purposes, but with the distinct understanding that this summer would see the last of such lotteries. Accordingly, the Police have been directed to prosecute without delay any and all violations of this section which come to their attention after September first, 1950.

### THAT DATE MARKS THE END OF CAR LOTTERIES.

J. O. C. CAMPBELL,  
Deputy Attorney-General
