ARMISTICE CONFERENCES RECESSED UNTIL JULY 25

King Abdullah Of Jordan Slain Yesterday

May Call Special Session For Pensions Scheme At 65

The Prince Edward Island Government agrees in principle with the Federal proposal for a joint scheme of old age pensions for needy persons between 65 and 69 years of age and is prepared to

Coming Events

- *St. Teresa's Picnic, Wednesday, Aug. 1st.
*Corran Ban Picnic, Wednesday, August 8th.
*Dance, Lorne Valley, Tuesday, July 17th and every Tuesday.
*Ice-cream festival and dance Cherry Hill School on July 25th.
*Hunter River barber shoe closed until Monday, July 23rd.
*Dance Auburn School, Tuesday, July 24. Good music. Refreshments.
*Bonshaw tonight. See Margaret O'Brien and Wallace Beery in 'Bad Bascomb.'
*Dance at Souris Line Road South School, Friday, July 27th. Good music. Luncheon.
*Closed Wednesday afternoons during July and August. Clark's Feed Service.
*Hampton Hall, July 23rd, ice cream, sandwiches, and dance. MacNeill's Orchestra. Auspices W. I.
*Chicken supper, Little Pond, postponed till Wednesday, Aug. 1st. Served from 5 o'clock to 10. Dance after.
*Show, Morell, Friday and Saturday this week. Humphrey Bortart in 'Tokyo Joe'. Don't miss this.
*Dance every Tuesday night. Stanley Bridge Rink Hall. Music by George Chappell's Merry Islanders.
*Come to ice cream social in Cross Roads School Wednesday, July 25, sponsored by Women's Institute.
*Por Snapshots that will not fade make your films and negatives to Garnum Photo Studios, Charlottetown.
*Dance St. Peter's Legion Hall every Monday night from 9:30-1:00. George Chappell and his Merry Islanders. Adm. 50c.
*Special at the Bonshaw Inn Sunday night, roast spring ca-on chicken, new vegetables strawberry shortcake for desert.
*Notice—All taxes due Emyvale School not paid by Aug. 20 will be handed in for collection. By order of trustees.
*Dancing every Tuesday and Saturday night, Islanders Country Club, Travellers Rest. Music by New Haven Orchestra.

*Chicken ham and salad supper at the home of Roddie MacKenzie, Primrose, on Tuesday evening, July 24th. Sponsored by Women's Institute. Supper beginning at 7 p. m.
*Farmers: Mr. Alden Carr will be trucking hogs for us in the Kinkora, Lower Bedque, Fernwood and Sheldon areas. Trucking direct to plant each Tuesday Phone 7-13, Kinkora. Collect calls will be accepted. Canada Packers.
*Farmers: Mr. Robert Dawson will be trucking hogs for us in the Carleton, Albany and Augustine Cove areas as well as Crapaud and Westmoreland. Trucking direct to plant each Tuesday. Phones 17 and 12-11, Crapaud Collect calls will be accepted. Canada Packers.
*Buying pigs, poultry and cattle, Monday at Fredericton, Tuesday, 9 a.m. Brookfield, 10 Milton, 1 p.m. York, 2 Bedford, 2:30 Tracadie, 3 Mt. Stewart, 3:30 Fort Augustus, 4 Waterville, 5 Vernon River, 5:30 Fownal, Wednesday, 9 a.m. New Glasgow, 10 Wheatley River, 11 Holmes Corners, 1 p.m. New Haven, 1:30 Bonshaw, 2 DeSable, 2:30 Crapaud, 3 Kelly's Cross, 4 Emerald, 5 Clinton, 5:30 Kensington. Paying \$27.00 a pair for good pigs over 30 lbs each. Will also buy smaller ones. One dollar extra a pair for pigs delivered before noon Monday, Knud Jorgenson.

shoulder its share of the cost. Premier J. Walter Jones stated last evening following a meeting with the Executive Council at which this matter was discussed. The implementation of this policy will require legislation and it is possible that the House will be called into special session this fall for the purpose of enacting the necessary measures, he added.

Dominion legislation has already been passed to enable Ottawa to share on a 50-50 basis with the Provinces the cost of \$40-a-month pensions on a means test basis to the 65-69 age group. It is also authorized to continue to pay, under more liberal terms the cost of pensions to needy blind persons 21 and over.

Under the new programme, the Federal Government will pay pensions of \$40 a month to all 70 and over, without a means test, provided they have lived in Canada for at least 20 years. Acceptance of this policy by the Prince Edward Island Government was announced some time ago. It goes into effect on January 1st. Hon. A. W. Matheson, Minister of Health and Welfare, who attended the conference at Ottawa on old age pensions this week, was present at yesterday's Executive Council meeting and reported fully on the matter to his colleagues.

Two New Dragger For N. B. Fishing

FREDERICTON, July 20 (CP)—Industry and Development Minister Hon. J. Andre Doucet today announced that two new draggers have been added to New Brunswick's deep sea fishing fleets, and already have had successful trial runs.

One is the "Dorothy and Rosalie," designed by Eldridge McInnis Inc. of Boston, Mass., and built by Connors Bros., Ltd., at Black's Harbor. This is a large type dragger designed for operations in deeper water and against the heavy tide of the Bay of Fundy. The second dragger is "Chaleur 11," launched at Miramichi early in June and designed by Provincial Fisheries Director H. J. Robichaud, with the cooperation of Paulin & Frieol Construction Company, boat builders at Lower Caraquez. Construction of the two boats is another step in the long term program to modernize and improve conditions in the fishing industry of this Province, said Mr. Doucet. The new dragger have been built under the Fishermen's Loan Board Plan.

Canada's Pride Was Restored

OTTAWA, July 20 (CP)—Canada's pride has been restored. External Affairs headquarters reported today the United States government has corrected a statement that Canada is among countries which have been getting U. S. aid since the war.

Canada, proud of her record of standing on her own feet, complained recently when a list put out by officials in Washington included Canada among those countries getting help. The whole thing, said a spokesman, was a mistake. The mistake has been corrected, at the request of the Canadian Embassy in Washington.

Toronto Police Stage Biggest Roundup In Years

TORONTO, July 20 (CP)—A roundup of nine men accused of a series of large robberies, the arrest of two thugs who allegedly stole \$600 and a hunt for two others who attempted to snatch a payroll gave Toronto police a busy day today. In a full-scale roundup, said to be the biggest in years, police netted nine youths and men believed responsible for a series of robberies in Toronto recently. Later, five cartloads of officers converged on a park and flushed two Windsor men minutes after the assistant manager of the National Casket Company was slugged and robbed of \$6,600. Police are still looking for two thugs who tried to snatch a \$1,700 payroll from the manager of the Pongelly Iron Works.

Slaying Provides New Crisis In Middle East

JERUSALEM, July 20 (AP)—King Abdullah of Jordan, a power in the war and peace councils of the Arab world, was shot dead by an assassin today in the section of Jerusalem he brought under his sway in war with Israel.

The Middle East, already in turmoil from oil and religious issues, thus faced a new crisis. The 69-year-old monarch was slain at the holiest of the holy Moslems shrines within his realm, at the entrance to the imposing Mosque of Omar, an ancient pile that raises its minarets over the dome of the rock from which Koranic scripture says Mohammed rose to heaven on a white horse. The assassin was killed on the spot by Abdullah's bodyguard. Informed British sources identified the assassin as Mustafa Shakir and said he was a known terrorist who had contacts with the exile former Muftri of Jerusalem, now living in Cairo.

Protoge of Churchill The vigorous, bearded king, five feet four inches tall, has been at odds with his Arab neighbor monarchs from time to time over the years. Abdullah was a First-World-War ally of Lawrence of Arabia and a protoge of Winston Churchill on the checkerboard of Mid-East politics.

The Jordan radio in Abdullah's capital, Amman, announced his 35-year-old second son, Emir (prince) Naif was immediately named regent to rule over the 300,000 Jordan subjects. (Reuters News Agency said Abdullah's body was flown today to Amman. A state funeral will be held Monday, Reuters said.) The Jordan rule also includes old Jerusalem and a slice of Palestine won by Abdullah's British ally.

Fear For Stability Of Middle East

LONDON, July 20 (Reuters)—The assassination of King Abdullah of Jordan may undermine the precarious stability of the whole middle east.

The firmness of King Abdullah's administration, backed by the most efficient army in the middle east, the British-officered Arab legion, has been generally recognized as a big factor in maintaining the unquiet armistice which followed the end of the Palestine fighting of 1948 and 1949.

The death of this strong ruler may unleash ambitions throughout the middle east for the effective control of the "fertile crescent" states — Syria, Iraq and Jordan. The assassination has disturbed the uneasy balance of power which has held Israel in a delicate relationship with the Arab states and the sparring forces in Syria, Iraq and Jordan which seek to dominate the fertile crescent.

British People Sharply Split Over Spanish Issue

LONDON, July 20 (AP)—Admiral Forest P. Sherman told British military leaders today of the United States plans for air and naval bases in Spain. The people of Britain appear sharply divided on the issue. Both the Labor Government and the French, have denounced Generalissimo Franco's regime as Fascist, and strongly oppose any close American ties with Spain. Much of the Conservative press, while branding Franco a dictator, has supported the American move. The Labor press opposes it. The United States chief of naval operations, Lord Pakenham, First Lord of the Admiralty, and British chiefs of staff. Then he and Admiral of the Fleet Lord Fraser, the First Sea Lord and Sherman's opposite number, began wide-ranging talks. Official sources said these included discussion of Sherman's visit to Madrid and talks with Franco. The two admirals also reviewed the outstanding sea command problems of the North Atlantic

Muddy Missouri Crumbles All Dikes In Its Path

ST. LOUIS, July 20 (AP)—The muddy Missouri rammed its biggest flood crest in more than a century to within a few miles of the swollen Mississippi tonight, leaving behind at least 27 dead and \$1,000,000,000 in damages. It battered down dike after dike as it completed its paralyzing journey across the state from Kansas City, which suffered the heaviest blow from flood waters that poured down off the Kansas plains last week.

With its dike-smashing blows, the untameable Missouri flattened out for miles across the countryside. At points it was five miles wide. Its crest today passed St. Charles, Mo., the last town of any size between it and its juncture with the Mississippi, and was expected to push the Mississippi up to 40 1-2 feet here by midnight Saturday. That would be the highest mark for the river since 1884. Most of St. Louis, on high ground, was out of the flood danger zone. But precautions were taken here against a water shortage and contamination of the supply. The Red Cross has set up flood relief shelters for 3,720 persons in Missouri, exclusive of the Kansas City area. It is feeding 6,800. Even as the Missouri neared its tumultuous rendezvous with the Mississippi, it was still carrying a load of 100,000 tons of grain.

To Construct New Nurses' Residence At Falconwood

The calling of lenders immediately for construction of a new nurses' home at Falconwood Hospital was decided upon at a meeting of the Executive Council yesterday. Plans for the building, which will accommodate fifty persons, twenty-five of both sexes, were prepared under supervision of the Provincial Department of Public Works and the Health Planning Commission. A substantial share of the cost will be paid under the Federal health grants.

The new building, by making available the present nurses' and attendants' residences for other purposes, will add materially to the accommodation of the institution. It was also announced yesterday by Hon. A. W. Matheson, Minister of Health and Welfare, that the regulations with regard to registration of births have been modified in conformity with other Provinces, and that in future birth registrations in the majority of cases will be less difficult to obtain.

British People Sharply Split Over Spanish Issue

LONDON, July 20 (AP)—Admiral Forest P. Sherman told British military leaders today of the United States plans for air and naval bases in Spain. The people of Britain appear sharply divided on the issue. Both the Labor Government and the French, have denounced Generalissimo Franco's regime as Fascist, and strongly oppose any close American ties with Spain. Much of the Conservative press, while branding Franco a dictator, has supported the American move. The Labor press opposes it. The United States chief of naval operations, Lord Pakenham, First Lord of the Admiralty, and British chiefs of staff. Then he and Admiral of the Fleet Lord Fraser, the First Sea Lord and Sherman's opposite number, began wide-ranging talks. Official sources said these included discussion of Sherman's visit to Madrid and talks with Franco. The two admirals also reviewed the outstanding sea command problems of the North Atlantic

Change Names Of Yugoslav Streets

BELOGRADE, Yugoslavia, July 20 (Reuters)—Street names in Zemun, a small town near Belgrade, are being changed to eliminate the Russian flavor. Stalin Street becomes First of May Street. In Belgrade, however, there is still a Red Army Boulevard and a General Zhdanov Street.

German Crown Prince Dies

HECHINGEN, Germany, July 20 (AP)—Crown Prince Friedrich Wilhelm, 69, frustrated eldest son of Kaiser Wilhelm II of the First World War, died today at his little villa — far removed from the Berlin palace he hoped to occupy as emperor of a new imperial Germany.

The half-apparent of Germany's last kaiser died after a long illness, within sight of an 80-room Hohenzollern Castle he lacked the money to live in. Crown Princess Cecilie, separated from Wilhelm for many years, rushed here from Bad Kissingen but did not arrive in time. A specialist listed arterial sclerosis as the cause of death. A great grandson of England's Queen Victoria, Wilhelm lived out two of the most destructive wars in history and two shattering German defeats. One of the hardest blows of his life came in the battle of Verdun, in the First World War. Marshal Henri Philippe Pétain, now a dying old man, declared "They shall not pass" and the Germans, nominally under the crown prince's command, did not.

Canadian Girls Visit Queen

LIVERPOOL, Eng. July 20 (Reuters)—Fifty Canadian girls were whisked ashore today by a small boat before their transatlantic steamer docked—so they could make a date with Queen Elizabeth. The girls, to tour Britain as guests of Garfield Weston, Canadian industrialist, arrived in the Canadian Pacific liner Empress of France. They were brought ashore by tender soon after 7 a. m. to catch an early train to London. Otherwise they would not have been in time to be received by the Queen at Buckingham Palace this afternoon. Fifty British girls will sail for Canada under Weston's two-way scheme July 31. The Canadians will return to homes across Canada Aug. 14.

Defence Production Program Getting Into Full Stride

OTTAWA, July 20 (CP)—Canada's twilight mobilization defence production program should be in full stride by this time next year, it was predicted authoritatively here today. Production Minister Howe has stated that about 60 per cent of the \$5,000,000,000 Canada plans to spend on defence in the next three years will go into production or purchase of arms and equipment. So far, with the defence production department only a few months old, the program is only in its first lap. The months ahead are expected to see a determined effort to get more orders from the United States and to complete the tooling up of factories that are going to produce the guns, planes, ships and other arms and equipment. The government has estimated that about \$1,000,000,000 will be spent this year on defence equipment.

Saint Joseph's Choir in Paris

PARIS, July 20 (Reuters)—The choir of St. Joseph's University, St. Joseph, N. B., returned here today for a highly-successful European tour. Rev. Maurice Chamard, in charge of the choir, said the boys will sing in the church of Saint-Honore-D'Eylac Sunday. A probable listener will be the Canadian Ambassador, Maj.-Gen. Georges Vanier, who usually hears mass there. Monday the choirsters will be received by the city of Paris. Their date of return is uncertain, but Chamard said they may fly back July 25.

Recess Granted At Request Of Communists

MUNSAN, Korea, July 21 (Saturday) (AP)—Crucial armistice conferences at Kaesong were recessed today until July 25 at the request of the Communists. This following official announcement was released: "The conferees recessed this morning at 11:03 A.M. At 11:30 A.M. the conference reconvened. At 1:38 A.M. the meeting ended. Admiral Joy stated, the Communist delegation asked for a recess until 25 July and Admiral Joy agreed to this request."

In Tokyo, General Headquarters distributed this official release and then asked that it be "killed." A few minutes later, after considerable pressure from news agencies, the kill order was lifted. At 1:30 P.M. (11:30 P.M. EDT, Friday) there still was no explanation as to why the army had wanted to stop the release announcing the recess. War or peace in Korea apparently had hinged on the meeting — the eighth. The Communists had demanded agreement now on the question of withdrawing foreign troops from the peninsula. "The Allies went to Kaesong today with instructions that such an issue was political, and not in the province of military ceasefire talks. In Tokyo, it was learned the request to "kill" the story of the recess had come from Korea. A public information officer said general headquarters still was striving to get an explanation. Asked by the Associated Press to confirm that July 25 was the resumption date, the officer said: "That has been confirmed." Today's armistice meeting got under way at Kaesong at 10 A.M. (8 P.M. EDT, Friday). U.N. delegates arrived by helicopter at the truce city of Kaesong at 9:40 A.M. They entered the conference room at 9:55 A.M. and two minutes later were followed by the Communist negotiators. War or peace in Korea seemed to hinge on this one issue. The Communists demanded an agreement now on the question of withdrawing foreign troops from the mountainous ravaged peninsula.

Butter Price Prospects

Mr. MacDonald stated that since the peak in production in Canada is passed and the price well maintained above the floor level, prospects are that butter will not fall below the figure at which it is now placed. As the heaviest production season is past, and the storage stock in Canada low, it is expected that the next two or three weeks will see a rapid movement in prices. This will depend, though, on current production. The past production saw 142,000 pounds of cheese manufactured in P. E. I., against 112,000 pounds for

Truck Driver Exonerated In Spence Fatality

A verdict that fourteen-year-old John V. Spence of Hunter River came to his death accidentally was returned by the Coroner's jury last evening at the conclusion of the enquiry into the fatality which occurred on July 17. The deceased, who was the son of Mr. and Mrs. Hedley Spence, was killed by a truck in which he was delivering cement. The jury found that the victim, John Richard Spence, "came to his death by being crushed by the right dual wheels of a truck driven by Ross Matheson of Hunter River, and that his death was entirely accidental and no blame is attached to the driver of the vehicle involved." Coroner J. D. MacGuigan officiated at the inquest, and seven witnesses were questioned by

High-Ranking Airmen Given New Commands

OTTAWA, July 20 (CP)—The Air Force named a new man to boss one of its top commands in the field today and prepared to shift his headquarters from Ottawa to Montreal. Air Commodore Robert C. Ripley, 38, of Lethbridge, Alta., assistant to the Chief of Air Staff for three years, was named officer commanding the Air Transport Command. It was one of four moves involving high-ranking officers. Air Commodore Ripley, an armaments expert, is expected to move his command's headquarters before long from Ottawa's Rockcliffe Air Force Base to Montreal. There it will be close to H. Q. of Air Defence Command, the fighter command with which it will work closely in emergency. Other shifts: 1. Air Commodore Alexander Dwight Ross, 42, of Winnipeg and Toronto, leaves Transport Command to go to Halifax as head of Maritime group, the Anti-submar-

P. E. I. Butter Production Figures Show Increase Despite General Decline

Although stocks of creamery butter in Canada are reported to be little more than one-half of the amount on hand last year, production in this Province showed an increase in the past month, according to figures released yesterday by Mr. H. J. MacDonald, Provincial Dairy Superintendent. Manufacture of cheese also showed a decided increase last month over June, 1950, with a jump of approximately 27 per cent.

In June this year, 692,000 pounds of butter were produced against 681,000 pounds for the same month last year, an increase of about 1.6 per cent. From January to the end of June this year the production of butter was 1,726,000 pounds in this Province, a decrease of 140,000 pounds, or approximately 8 per cent. This figure compares very favorably with figures given for New Brunswick and Nova Scotia which are as follows: N.B., June, 1951, decrease 9 per cent; January to June, 1951, decrease of 21 per cent. N.S., June, 1951, decrease 11 per cent; January to June, 1951, decrease of 18 per cent. The decrease for the entire Dominion from January to June was 8,407,000 pounds or approximately 7 per cent. Referring to the market for butter, Mr. MacDonald said it is quite steady at the present time, but that sale of prints had fallen considerably during the last two or three weeks. Price, however, had been well maintained. It is understood that when the slow movement of prints began, the demand arose for solids. Sales to creameries in N.S. and N.B. in this form are at approximately 62 cents per pound, F.O.B. factory.

Butter Price Prospects

Mr. MacDonald stated that since the peak in production in Canada is passed and the price well maintained above the floor level, prospects are that butter will not fall below the figure at which it is now placed. As the heaviest production season is past, and the storage stock in Canada low, it is expected that the next two or three weeks will see a rapid movement in prices. This will depend, though, on current production. The past production saw 142,000 pounds of cheese manufactured in P. E. I., against 112,000 pounds for

High-Ranking Airmen Given New Commands

OTTAWA, July 20 (CP)—The Air Force named a new man to boss one of its top commands in the field today and prepared to shift his headquarters from Ottawa to Montreal. Air Commodore Robert C. Ripley, 38, of Lethbridge, Alta., assistant to the Chief of Air Staff for three years, was named officer commanding the Air Transport Command. It was one of four moves involving high-ranking officers. Air Commodore Ripley, an armaments expert, is expected to move his command's headquarters before long from Ottawa's Rockcliffe Air Force Base to Montreal. There it will be close to H. Q. of Air Defence Command, the fighter command with which it will work closely in emergency. Other shifts: 1. Air Commodore Alexander Dwight Ross, 42, of Winnipeg and Toronto, leaves Transport Command to go to Halifax as head of Maritime group, the Anti-submar-

June last year. For the entire Dominion, for the period from January to the end of June, cheese manufacture dropped to 2,700,000 pounds, approximately 8,000,000 pounds from the amount made during the same period in 1950. It is selling rapidly in this Province, with about 1,500 boxes in storage, mostly owned or purchased by wholesale firms in the Maritimes. The price in Charlottetown is 38 cents for No. 1 Large, which compares very favorably with the price of 39 1/2 cents in Toronto. At Montreal this grade cheese sells for 37 1/2 cents to 38 cents. Since Western cheese is not likely to offer much price competition, it is thought there will not be any difficulty in disposing of the entire stock this season.

TORONTO, July 20 (CP)—Minimum temperatures observed between 8:30 p.m. and 8:30 a.m. EDT; maximum temperatures between 8:30 a.m. and 8:30 p.m. Victoria 52, 68; Edmonton 52, 70; Calgary 47, 71; Regina 50, 78; Winnipeg 58, 83; Toronto 53, 76; Ottawa 51, 70; Montreal 64, 72; Quebec 64, 75; Saint John 61, 67; Moncton 64, 75; Halifax 61, 75; Charlottetown 62, 72; Sydney 59, 67; Yarmouth 62, 67; St. John's, Nfld., 46, 59.

HALIFAX, July 20 (CP)—Official forecast issued by the Dominion Public Weather Office and valid until midnight tomorrow. Synopsis—There was rain over the Maritimes and Eastern Quebec Friday. However, except for a few isolated showers the rain has ended. An area of high pressure will approach the Maritimes from the west Saturday, and is expected to cross the forecast district Sunday. As a result a fine weekend is indicated for all regions. Forecasts valid until midnight Saturday with an outlook for Sunday: Prince Edward Island—Sunny with little change in temperature. Light winds during the night, west 15 Saturday. Low early Saturday morning and high in the afternoon at Moncton and Fredericton 55 and 72, Saint John 57 and 72, Edmundston, Campbellton and Charlottetown 60 and 72. Summary for Saturday, sunny. Outlook for Sunday, sunny.

High tide today at 12:49 a.m. and 12:19 p.m. Sun rises at 4:43 a.m. and sets at 7:52 p.m. Summerside tide eighteen minutes later than Charlottetown.
