

THE DAILY EXAMINER

MAY 23, 1895.

THE QUEEN.

The seventy-sixth birthday of Queen Victoria will be celebrated to-morrow. Her Majesty is becoming an elderly lady. But according to the latest reports she is still hale and hearty.

AN ABORTIVE ATTEMPT.

As a sort of offset to the scandalous conduct of the Peters Administration in respect to the Scott Act, the morning organ of the Grits, in a series of its correspondents, have lately been attacking Mr. Hunt, the present Chairman of the Summerside Town Council.

ARBOR DAY.

The results of former Arbor Days are seen to-day in the greatly-improved appearance of our streets and squares. Notwithstanding the ravages of boys and cows and other enemies, a considerable number of young trees remain.

WHERE IS PERRY THE NOBLE?

We learn from to-day's Farmer that "Mr. Edward Crossman of Grand River accompanied by Messrs Birch and Donald McKinnon were in Summerside on Friday last as delegation to wait upon Hon. Jas. Richards who was here also by special appointment to meet these gentlemen.

NOTES AND COMMENTS.

The late squeeze of the Standard Oil Co. justifies the contention that if they got hold of the Canadian trade the price would be raised to consumers here.

MARRIAGE BELLS.

The Parsonage, Boston, Mass., was the scene of a quiet event on April 16th, when Rev. W. R. Campbell united in the happy bonds of matrimony, F. E. Floody, of Cambridge, England, and Maggie, second daughter of Donald McEachern, Esq., of Summerside, Lot 66, P. E. I.

To have perfect health you must have pure blood, and the best way to have pure blood is to take Hood's Sarsaparilla.

OTTAWA CORRESPONDENCE.

For the past week the session has not been particularly interesting. After the Finance Minister, Sir Richard Cartwright, Mr. Haggart, Mr. Patterson, of Bram, and one or two others had spoken, those who took part, although fairly good speakers, were not of the class who evoke enthusiasm, and fill the galleries.

The Quebec Government has decided to give a bounty of one cent per pound on all butter exported from that province. The New York and Brooklyn postoffices are to be connected by an enormous pneumatic tube, through which mail bags will be shot.

According to Niagara district papers, the fruit trees have not been so much damaged by the frost as first appearances indicated. Cherry and peach orchards yet give promise of a good crop.

GENERAL TELEGRAPHIC NEWS.

LONDON, May 21.—When the jury in the Taylor case returned to the court room this forenoon the foreman stated that they could not agree that the prisoner had procured Charles Parker for Willie nor Wilde as committing the crime.

TRY TO BE CALM.

Don't Fly Into a Passion and Quarrel with Your Wife. Maybe she is fretful, restless, subject to fits of despondency. Wear an old dress. Is careless about how things go. Doesn't take the old-time cheerful interest in household affairs.

SPECIAL NOTICES.

Spring Pictures.

The springtime comes; now household life is stirred up by the thrifty wife, who, wielding wash cloth, brush and broom, proceeds to clean out every room. Off to the club the good man hies; The servants grow, the baby cries; Nor dog nor cat dare show its face, While chaos reigns about the place.

Spring Pictures.

But when the cleaning time is o'er, The bran new carpets on the floor, Fresh draperies at the windows hung, And through the house rich rugs are hung,

Spring Pictures.

With portieres adding cheering glow, Then PATON'S work begins to show. Now down are all the household woes; The good man smiles, the baby crows, Because with beauty in each room, Our skill has made the home to bloom.

Spring Pictures.

Unless you look, you little know The carpet beauties that we show; Axminsters, best to last and wear, Soft velvets, rich in colors rare, Stout bodies, each of fair device, And handsome tapestries, whose price Will steal your last excuse away, Why you should not buy here today.
