

Minor Hockey Saturday Called Record Early Start

Making the earliest start in its history, the Charlottetown Minor Hockey League will swing into action at the Charlottetown Forum Saturday when the best part of 42 teams in four divisions will open the 1965-66 season.

Paperweight, Pee Wee and tantum divisions will hold the spotlight in the Saturday action, while the Midget - Juveniles, the seniors of the minor loop, will take to the ice for the first time on Monday and Tuesday evenings of next week.

Making their final plans at a meeting held earlier in the week at the Basilica Recreation Centre, President Ivan Doherty and his Minor Hockey executive met again last night with the Charlottetown Recreational Council, headed by Chairman Gordon Bennett, to iron out the final details of the season's program.

The later meeting was held at Montromery Hall where the minor hockey officials were the guests of the Recreation Council at a supper meeting.

It was announced at last night's meeting that a fairly large number of players in all four divisions have not turned in their registration cards signed by their parent or guardian, and therefore have not been placed on a team roster. All players are urged to do this immediately or they will be excluded from minor hockey play.

PAPERWEIGHT

Sparrows: Gerry MacDonald, Paul MacIntyre, John MacLeod, Richard Arsenault, Paul Crosby, Garry Trainer, Kevin Andrew, Coach - Frank MacIntyre.

HUNTER'S CORNER

P.E.I. Gamelaw Violators Have Troubles This Season

November is with us once again and King Winter is lurking around the corner. We have had a most wonderful summer and early fall so we might as well smile at what's waiting us just a few short weeks away. Our farmers, despite the hot, dry summer have reaped bountiful crops. Our potato crop was another surprise in store... our potatoes, with specific reference to the late plantings, have produced a crop that never be-

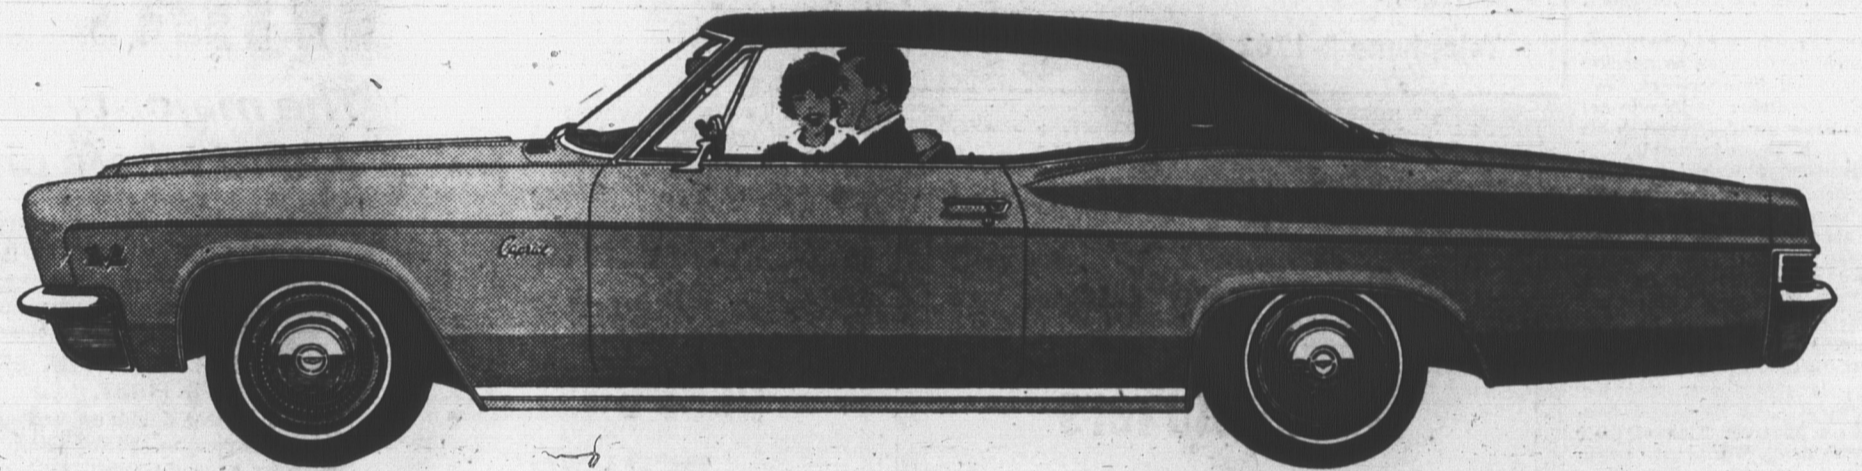

me and her husband had spent six weeks in Nova Scotia as they have done for years and just on a whim decided to visit P.E.I. She said words failed to describe its beauty. Its squares of red and green were like a "mammoth doll's garden" surrounded by blue water and red and gold beaches. I really believe she was afraid she was walking in her sleep and would wake up and find it just a fabulous dream.

I understand that our game law violators are in difficulties this hunting season as the current R.C.M.P. game warden of Queens County is right on the job. I see where 13 game law offenders made a court appearance at a single sitting and others have followed suit since. If (Continued on page 14)

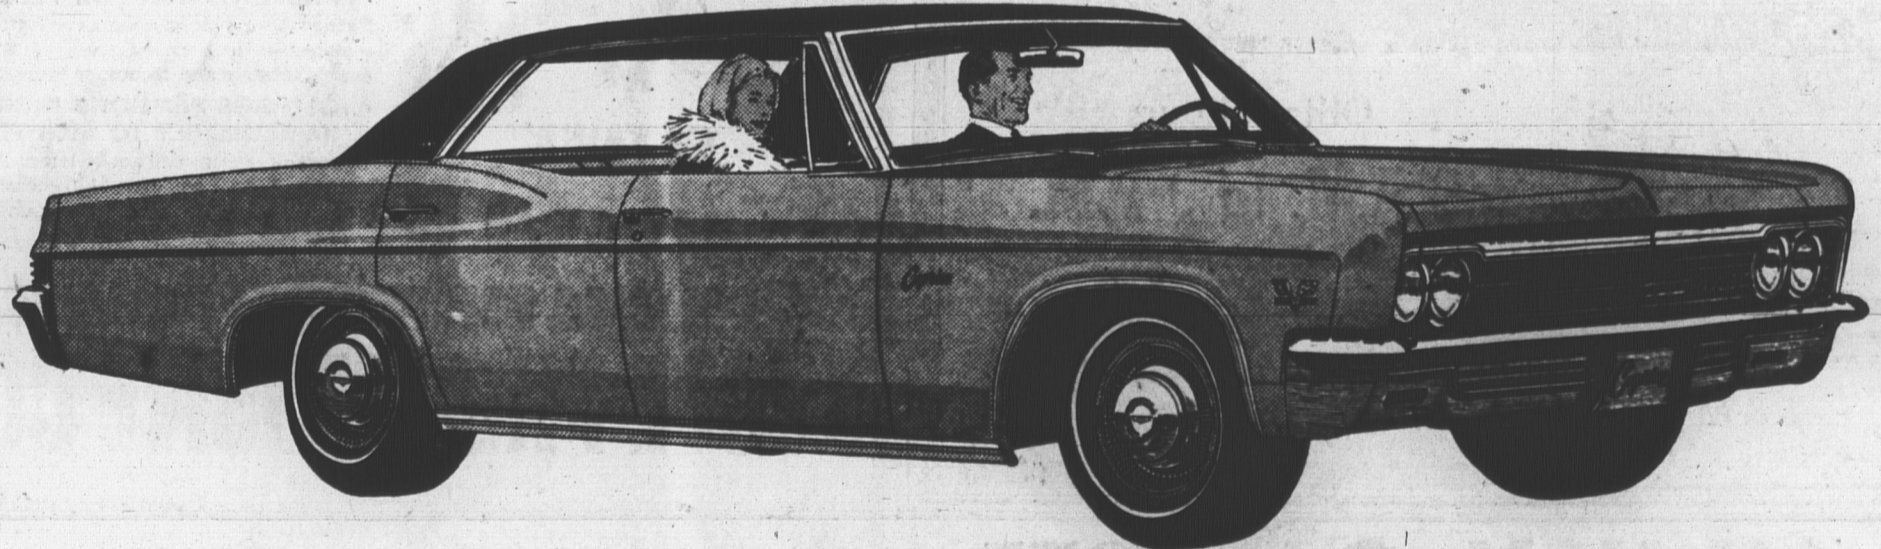

NOW! A WHOLE NEW SERIES OF ULTRA-LUXURIOUS CHEVROLETS

'66 CAPRICE

BY CHEVROLET

Caprice Custom Coupe—with exclusive formal roof line that comes on no other Chevrolet.

Caprice Custom Sedan—with superb new Body by Fisher elegance inside and out.

Caprice Custom Wagon—with fine new look of hard-wood paneling on sides and tailgate.

A new choice of superbly crafted Chevrolets above and beyond anything else in the line. If this is your year to move up, you just can't move up to much more car than this.

Everything it takes to create a distinguished luxury car has gone into these new Caprices.

They're custom cars in every sense. Beneath the formal roof line that sets the Custom Coupe apart, for instance, you'll find the richness of thick-wall-to-wall carpeting, comfort-contoured seats and the look of hand-rubbed walnut on the instrument panel, glove

compartment and inside door panels. In the Custom Coupe, a finely instrumented console, together with new Strato-bucket front seats are also standard. In the Custom Sedan, a new Strato-bench front seat is available with bucket-type contours separated by a fold-down armrest. And in the equally opulent Custom Wagon even carpeting for the cargo area is standard.

Each model, with its own specially tailored suspension refinements, rides super Jet-smooth. And for incomparably smooth power, you can specify Chevrolet's advanced Turbo-Jet V8 in either a 396- or 427-

cubic-inch version. Some 200 custom features are also available, including front-seat headrests, AM-FM radio, a Comfortilt steering wheel and Four-Season air conditioning.

The price of it all? Somewhat more, naturally, than you're used to paying for a Chevrolet. But less—surprisingly less, as your dealer will happily confirm—than the select class of fine cars these new Caprices invite comparison with in every detail.

A GENERAL MOTORS VALUE
