POLISH-LOGY..

The plague of fine leather is thirst—The more the drier it is, and the drier it is the more it needs fibre-food polish.

Any shoe polish that shines without brushing is a varnish—and varnish or waxy dressing in leather, seal up its pores and crack it.

SLATER SHOE POLISH is made to protect Slater Shoes, by people who know what leather needs and who dare not advise poor polish on their shoes they guarantee. It contains no wax or varnish and is equally good for women and children's shoes.
