LONDON, Feb. 10.—In the House of Commons to-day Thos. Sexton, member of Parliament for West Belfast, gave notice that he would move an amendment to the address in reply to the Queen's Speech declaring the majority of the rich people and their representatives in the House of Commons are convinced of the inability of the Imperial Parliament to legislate for Ireland in the manner required by the distinctive interests of that country. This conviction the amendment will declare has been intensified by the manifest failure of the land purchase act to afford a basis for the extension of the class of occupying tenants.

WHAT a cleaner at Lessive Phenix is. Try it upon anything. It is the ideal clothes washer, for it takes the place of the old harsh chemical washing powders, and makes every article sweet and clean, being efficacious with cottons and flannels alike. Then after using it in the wash, just try what it will do with silver, brass or metalware, in removing stains from wood; or in cleaning glass. You really can't believe it until you try it.

Now that la grippe is ravaging the country, it behooves us to keep in a condition to defy it, and for this purpose there is nothing better than Everybody's Pills. 25 cents invested in this popular family medicine now may save that many dollars later.

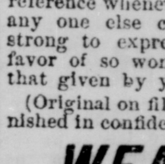
I AM A MAN



"I have been treated by doctors, who had long lists of so-called cured patients, but they could not reach my case, and hope had been murdered in me by fair promises, but on first application of your magical appliance, hope and confidence came flocking in stronger than the combined powers of the four winds. I knew then that you would cure me, and now that I am a man and well again, I cannot thank you sufficiently for the cure. So again I say, use my name as reference whenever you wish. You nor any one else cannot use words too strong to express my sentiments in favor of so wonderful a treatment as that given by you."

SAVED!

The testimonial below refers to a patient who was pronounced incurable by leading physicians in England:

From Rev. Dr. Hill.

M. F. Eagar, Esq. HALIFAX, N. S.

Dear Sir,—I feel that it is due to you that I should say publicly what I have said privately very many times, namely, that I firmly believe your PHOSPHOLEINE was the means of restoring a near relative of mine to ordinary health. The patient was apparently in the last stages of Consumption, but with the concurrence of skilled physicians your PHOSPHOLEINE was tried, and, I am happy to say, with results that I certainly did not anticipate. My friend is to-day in the enjoyment of excellent health.

Believe me, yours very truly,
