

are constantly arriving at Allahabad, where they cross the river into Oude. General Douglas has, I believe, already left Dinapore, with Her Majesty's 10th, 35th, and 37th, the Loodianah Horse, and camel corps. He will sweep the jungles of Jundapore, and restore the long-disturbed districts of Behar to some sort of order. Gen. Michel, under whom all the forces of Central India are about to be concentrated, will soon be reinforced by fresh troops, and will speedily concert his plans for clearing the country. In Oude the same activity is visible. While we thus await with hope and confidence the opening of hostilities on a grand scale, the people of India look forward to the great political change which impends over these dominions with considerable apathy.

In Oude, Behar, and Central India, there are no engagements of importance to chronicle. Brigadier Kelly, C. B., pursued and beat Pargun Sing near Azimghur in the second week of September, but inflicted little loss. Near Darriabad, on the 18th Sept., a successful action was fought with 3,000 insurgents, holding a position on an island in the Gogra. Two companies of Europeans, the Kappurthallah Contingent, and a detachment of Hodson's Horse, drove them from their entrenchment, and destroyed great numbers. A column which left Lucknow on the 22nd encountered a body of rebels at Salmpore, and killed 200 of them.

The Behar men were severely handled on the 10th Sept. in a small fight at Chauda, where they lost one hundred men killed.

Tantia Topse, instead of directing his steps towards Bhopal, turned eastwards towards Seronge, a large town and fort at the foot of a high range of the Central Indian chain. Gen. Michel, covering Bhopal with part of his force, marched on from Rajghur towards Seronge, while Brigadier Smith made a converging movement in the same direction from Gooza. Tantia Topse avoided an engagement by leaving Seronge, and taking the road to Chandaree, which is at present held by troops belonging to the Maharajah Scindia.

In the Jalcin districts Capt. Thompson had a successful engagement at Garrota, on the 22d Sept. With a detachment of the 14th Dragoons, 31 Europeans, 24th Native Infantry and Horse Artillery, he carried the fort of Garrota, and dispersed the rebels with loss.

The Bheels of North Candeeish have been plundering the mails on the Sadwah Ghant (road to Mhow), and have their headquarters in the little fort of Beejaghar, east of the grand trunk road. A force has left Mhow to chastise them.

We have had several arrivals of troops. Her Majesty's 46th came here a few days ago from Suez, and were sent on to Kurrachee, where draughts to the number of 600 men have already been received per Ocean Monarch. The 91st also arrived a few days ago, and are now at Poona. The weather is extremely hot.

DEMAND FOR LABOUR IN THE INTERIOR OF AUSTRALIA.—Why do immigrants remain in Cape Town? There is ample room in the colony for tens of thousands! If not as servants, yet as cultivators of the soil upon a small scale, there is room enough and to spare. I think there is a great fault committed in leading men to imagine that the Cape affords nothing better than to offer them wages just to enable them to vegetate decently into the grave. Can you not devise some plan of getting up a company to start deservng men, though poor? For instance, to purchase implements and to give them seed, allowing the sums advanced to be repaid by annual instalments. Up here, the schoolmaster in connection with the Dutch Reformed Church I have seen go to the wild to bring wood for himself, and he is not singular. Carriers could make a fortune with a good span of mules and a wagon. Five-and-twenty to five-and-thirty pounds are paid for a load of goods from Cape Town to this, a journey of ten days; and a man driving his own cattle could continue from January to December on the road. I much fear the wrong class of men are being sent out. Townspeople are not wanted; it is the poor from the country, whose condition would be bettered out here. We don't want men who could earn enough to eat lamb and green peas, but we want the rough-and-ready people of Somerset, Devon, Dorset, &c. I suppose the Cape must ever continue the sleepy holme, although, if rightly managed, it would become one of the pleasantest abodes for man upon earth. Our district council has met, and I hear applied for a hundred pounds to put Bosh Kloof in order; it will not be enough, but I believe our worthy magistrate will get up a subscription, if he can, to supply the deficiency. Men are wanted as much as money, and where they are to be got, now that the immigration board won't send any up here, is more than my philosophy can tell.—Argus.

GOVERNMENT EMIGRATION.—Her Majesty's Emigration Commissioners have chartered two ships, viz. the Nimrod, 943 tons, to sail from Plymouth for Sydney, New South Wales, at £13 14s. 2d. per statute adult, and the Hamilla Mitchell, 540 tons, to sail from the same port for Perth, Western Australia, at £14 18s. 6d. per statute adult; the former vessel to be ready for the reception of passengers on such day as the commissioners may appoint between the 6th and 14th of December, and the latter to be ready to sail any day between the 22d and 29th of December.

A FAMILY MURDERED IN AUSTRALIA.—In a letter dated June 30, from a resident in Drayton, Moreton Bay, Australia, it is stated that that district is getting worse every day, and that the blacks have become very daring, and are going about in numbers, murdering and robbing wherever they can. "About two months ago (he says) there was a family from Montrose, Scotland, residing a few miles from here, who were all barbarously murdered by the blacks. The murderers are supposed to have come upon them early in the morning by surprise, and first killed the mother and then the rest of the family in succession. There were two fine young women—one 15 and the other 17 years of age—and a young man of 20, along with four children, of eight years and upwards. Their bodies were all got lying in a heap, by some of the neighbouring squatters; and they appeared to have been murdered almost without a struggle. By this time, however, the blacks had all gone to the scrub, where a white man could scarcely enter. The name of the murdered man was Fraser. They had been in this country for a very long time, and were getting on well."

FRICAS BETWEEN THE BRITISH AND RUSSIAN MINISTERS TO PERSIA.

We give the following on the authority of the Ost-Deutsch-Post:—"A conflict has occurred at Teheran between M. d'Antikoff, the Russian Minister, and Mr. Murray, the English Envoy, which produced a great scandal, and which has even been referred to by the official journal in terms of regret. On the occasion of the anniversary of his Sovereign's birthday, the Russian Minister gave a very brilliant fete, to which were invited the principal personages of the court, the Shah's Ministers, and the corps diplomatique. A little before the time fixed for dinner, the English Minister entered with all the staff of his legation, but just as the guests were sitting down to table Mr. Murray suddenly quitted the room with all his suite, without taking leave of M. d'Antikoff, or assigning any motive for this singular conduct. The Russian diplomatist was grievously offended by this conduct, and demanded an explanation, which Mr. Murray altogether refused. The English Plenipotentiary evidently must have had some motive, of which every one is not ignorant."

SUBMISSION OF THE RIFF PIRATES—TROUBLES AT TAMPOCO.

The Riff pirates have made their submission to Brigadier Bueta, Commandant of the Spanish possessions on the coast of Africa. [We believe the Riff pirates always "submit" when the enemy is in force. If the expedition return from the coast of Morocco with this no-result, it will prove itself another of the Spanish shams. Spain needs all her poor force at Mexico and in the Philippines.]

Intelligence has been received from Cuba that the troubles at Tampico had assumed a serious character. The Captain-General had despatched a naval division to demand the reimbursement of the sums extorted from the Spaniards, the restoration to liberty of those who have been arrested, as well as satisfaction for the outrages to which they have been subjected.

OUTRAGES AND ROBBERIES BY BUSHRANGERS IN AUSTRALIA.

On Sept. 1, Flowers, one of the gang of bushrangers, of which "Wingy" is the chief, stopped Mr. Parsons and his son in the Bothwell district, and robbed Mr. Berridge of property worth £50. On the 6th, about 8 o'clock, three men went to the house of Mr. John Garth, Mount Nelson, Hobart Town, and demanded ransoms. One of the men stood at the door armed with pistols, which he presented at Mr. Garth; whilst the others rifled the house, and took away £40 in money, a quantity of clothing, and several valuable articles. The same three men, disguised with muffers, entered the premises of Mr. John Duffy, telegraphic station, Mount Nelson, and presented fire-arms at him, and a man named Stacey, who is assistant at the station. After demanding money the villains put Mr. Duffy and his family into an adjoining room and ransacked the premises, taking away with them a cheque for £4, six £1 notes, and £2 5s. in silver, besides a quantity of jewellery and wearing apparel to the amount of £25. A bushranger was captured by the police amongst the Western Tiers, at a place called Hell's Corner. In the enclosure where they discovered the man there were eight sheep hung up ready dressed. This man was connected with the notorious "Wingy," and on being examined at the police court gave the name of John Smith, being better known as "Jack the Hunter."

ANOTHER DIFFICULTY BETWEEN FRANCE AND PORTUGAL.

It is remarkable that, just at the time the Charles et-Georges affair has been got rid of, another bone of contention arises between France and Portugal. The frontier between French Cayenne and the Brazils is formed by a river, but by which river was always a disputed matter between Portugal and France. The river's name mentioned in the old treaties has altogether vanished from human memory in those parts. A document has now been found, showing that France, which named one river, while Portugal named another, was always in the right, but practically the question has been hitherto decided in favour of Portugal and the Brazils. The document was found at Seville, and the Spanish Government has sent it to that of France. It remains to be seen what course of action France will pursue in consequence of this discovery.

AGITATION AND INSURRECTION IN TURKEY.

We have news from Alexandria of general agitation which is reigning in Asiatic Turkey. Insurrections have taken place at several places, Omer Pacha maintaining himself at Bagdad with difficulty. The tribes living between Tripoli and Aleppo have revolted. The communication is interrupted between the Libanus, and Tripoli, and between Alexandria and Aleppo. The garrison of Beyrout have been sent against the insurgents. The disorders in the Libanus have been appeased by the bishop, Joseph Jahiol.

ST. ANDREW'S DAY.—VICTORIA LODGE, No. 383, Nov. 30, 1858.

The Brethren of the above Lodge met this day, being their anniversary, at high twelve, for the purpose of installing the Officers-bearers for the ensuing year, the same having been duly elected at the last regular communication, the Right Worshipful Master, J. W. Morrison, Esq., in the chair. After the usual routine of business, the R. W. Master duly installed the following Brethren, viz:— Bro. Samuel Nelson, R. W. Master, Bro. W. R. Watson, T. C. C. Vaux, D. Master, Bro. Neil Rankin, S. James Romans, S. Master, Bro. John Cairns, S. D. Alexander McKinnon, S. W., Bro. W. C. Dixon, J. D., J. H. Turner, J. W., Bro. James Davis, George Douglas, Organist, Simon Davis, Stewards, Bro. W. B. Davidson, Tyler, Bro. W. B. Davidson, Secretary. The Lodge was then closed with the usual solemnities.

MASONIC—ST. ANDREW'S DAY.

Tuesday last being the anniversary of St. Andrew's, the members of Victoria Lodge (383) assembled at Free Mason's Hall, at high twelve. After the usual formalities had been gone through with, J. W. Morrison, Esq., R. W. Master, installed into office the gentlemen who had been elected to serve as Officers for the ensuing Masonic year. At 8 o'clock, P. M., the members of Victoria Lodge re-assembled, and, with a goodly number of guests, sat down to a very excellent dinner, prepared by Mr. Connell.

After a blessing being asked by the Rev. C. I. Burnett, the company went to work in right good earnest, to discuss the merits of the various dishes with which the tables were loaded. It has seldom been our good fortune to be present at such a truly Masonic gathering, one indeed characterized throughout by that prominent feature of the craft—brotherly love.

The chair was well and ably filled by Samuel Nelson, Esq., the R. W. Master. After the cloth was removed, the following standard Toasts were given from the Chair, and received with full Masonic honours:

- 1. The Queen, God bless her. May her reign be long, prosperous and happy.
2. His Royal Highness Prince Albert, our distinguished Brother.
3. The most noble George Augustus Frederick John, Duke of Athol, M.W.G.M. of Scotland.
4. The Right Hon. the Earl of Zetland, M.W.G.M. of England.
5. The Hon. A. Keith, P. G. M., and the Brethren of the craft in Halifax now assembled.
6. His Excellency Sir Dominick Daly, Lieut. Governor.
7. The Army and Navy of old England, alike inviolable, whether on the battle field or on the ocean wave.
8. The Clergy of all denominations.
9. The Chief Justice, the Bench and Bar of P. E. Island.
10. Lady Daly and the fair daughters of P. E. Island—our pride in prosperity and comfort in adversity.
11. His Worship the Mayor and Corporation of Charlottetown.
12. The Press—may it ever be the true friend and advocate of religious toleration and political freedom.
13. Our Guests who have honoured us with their presence this evening; we give them a cordial welcome.
14. Our absent Brethren and Brethren of the Mystico all over the world.
15. Happily we have met, happily we have been, happily we part, and happily we meet again.

After which many volunteer Toasts were given and enthusiastically received. Then followed some truly eloquent speeches, with a fair sprinkling of happy sentiment and song, and made up the remainder of the evening's entertainment. At an early hour the parting Toast from the Chair was the signal for separation, when the members of the craft and their guests sang the National Anthem, and then ended a Festival which will ever be remembered with pleasure and satisfaction by all who had the good fortune to be present.—Isl.

Island and Halifax bound to Boston, returned to this port on Monday last, having been driven to the Eastward by the late South-west winds.

The American schooner— from St. John's, N. B., for Boston, Mass., was overtaken in the great gale of the 24th and 25th October, in crossing the Bay Fundy; a heavy sea struck her amidships, sweeping the deck and carrying off the Captain, who was at the time at the wheel, and was seen no more. The above deceased was Capt. James McDonald, of Little River, Bay Fortune, in this Island, who leaves a wife and one child to mourn their loss. The deceased was 30 years of age, and would be sincerely and deservedly regretted by his friends and acquaintances. His mild disposition, and sober steady habits endeared him to all acquaintances.

Halloway's Pills.—For the periodical irregularities incidental to the weaker sex, this alternative is an invaluable remedy. From the first blush of womanhood to the ripeness of old age, it may be taken as an aid, invigorant, or expellant; it strengthens the fading energies occasioned by lassitude or long life; revitalizing the blood, and recruiting the debilitated system. 14.

ANTIDOTE FOR POISON.

THE PAIN KILLER.—Rev. T. Allen, writing from Tavoy, Burmah, Jan. 5th, 1857, says: "Within the past four years I have used and disposed of above five hundred bottles, but am now out. Please send me a fresh supply (through the Mission Rooms) as soon as you can, say two hundred bottles. I dare not be without it myself, and there are endless calls for it, both by Burmans and Karens. I always take it with me into the jungles, and have frequent occasions to use it, both on myself and others. One night, while sleeping in an open Zayat, I was awoken by a most excruciating pain in my foot. On my examination, I found I had been bitten by a Centipede. I immediately applied the Pain Killer, and found instant relief. In less than one hour I was again asleep." Rev. Mr. Hibbard, writing from Burmah to his father, says: "I have used Perry Davis' Pain Killer for coughs, colds, summer complaints, burns, and for the sting of scorpions, with uniform success. We always keep it where we can put our hand on it in the dark, if need be. The sale of that remarkable and truly valuable preparation, Perry Davis' Pain Killer, is constantly and rapidly increasing. During the past year the demand for this great remedy has been altogether unprecedented. Scarcely a week passes by during which we do not hear of some remarkable cure having been performed, within the circle of our acquaintance, by the use of the Pain Killer.—Prov. Cen. Advertiser.

A British officer writing from Teheran, Persia, to the London Times remarks:—"A Cathartic Pill manufactured by 'an American chemist' (Dr. J. C. Ayer, of Lowell, Mass.) has cured the Shah, of a Liver Complaint that threatened his life. This simple fact, as might be expected, renders the Americans immensely popular here, while we English are overlooked. Doubtless our own scholars made the discoveries which he employs, and thus it is in everything: we do the labor, when the mousetrap Americans put their mark on it and take the reward. Dr. Ayer is glorified by the Court and its retainers here, which will doubtless be reflected to him on a gold snuff box, or diamond hilted sword, while not the name even of Davy, Christian or Brodie—the great lights by which he shines, is known."—New York Sunday Paper.
