The fact that fireproof celluloid is an English invention and is applied to the manufacture of cigars will be a happy relief to the dudes who have hitherto ambled around with explosives around their necks.

Lord Burton, of pale old fame, has given a \$200,000 town in which his immense brewery is located. His father, Sir Michael Bass, who first brewed the sparkling beverage which bears his name, spent \$500,000 in beautifying the town.

THE PROPRIETORS.

Make a Few Pertinent Remarks to their Patrons.

Toronto, Jan. 28.—Dr. L. A. Smith & Co., of this city, whose name has become a household word through the Dominion, and in many states of the Union, in consequence of the wonderful cures effected by Dodd's Kidney Pills, desire to thank their patrons for the good words they have spoken for this remedy. During the past few months these expressions have been directed to nearly every paper in the country by grateful people whose lives have been prolonged. These expressions are still glowing and honest, and show the confidence and trustfulness of their sincerity and truthfulness. You know now, reader, that Dodd's Kidney Pills will do all that is claimed for them. They have stood the test.

A resolution has been introduced in the United States House of Representatives declaring against the presidential second term.

HOW TO TREAT A COLD.

Don't stuff a cold, as the old adage advises, if you do you will have a fever to starve. A genuine cold is a shock received by the many million nerves which approach near the surface of the human body, and which control the nearly seven million pores of the skin. This shock closes the pores of the skin, is transmitted to the nervous system and lack to the mucous membranes, forcing a great amount of blood to these membranes, creating more or less irritation and consequent fever, inflammation, dryness, then watery discharge and catarrh. The shock may have its cause from a chill, from improper eating, a nervous fright and various other causes which irritate the nerves of the skin and mucous membranes of the nose, throat and bronchial tubes. Excess of blood in the stomach still more clogs the system and pores of the skin, so that effete matter, which should be carried off by the natural course, is retained, which is the reason for not stuffing a cold. Experimenting with a severe cold is a dangerous custom, as most persons try one remedy until some friend suggests another "sure cure." When slight hoarseness or tightness of the nasal membranes warns one of a skin exposure or chill from whatever cause, act promptly, delays are dangerous; with children it may mean croup and strangulation; with adults, catarrh, bronchitis, perhaps pneumonia. Scores of mothers would as soon go to bed without matches in the house as without that old-fashioned remedy, Johnson's Anodyne Liniment near at hand for colds and croup children. The proprietors, I. S. Johnson & Co., Boston, Mass., will send their new illustrated book entitled "Treatment for Diseases," free to any person for the asking.

The first man killed in the Brooklyn (disturbance turns out to have been a New Yorker who went across the bridge to see the fun.

A Comfort Sometimes.

When health is far gone in Consumption, sometime only ease and comfort can be secured from the use of Scott's Emulsion. What is much better is to take this medicine in time to save your health.

The Tucker family, of Todd county, Ky., is no small potato family. Old Levi Tucker weighs 250 pounds; his wife, 250 pounds, and his two little daughters pull the scales at 234 and 236 pounds respectively.

This is Concentration.

One pill a dose, one box 25 cents. One pill relieves constipation. One box cures an ordinary case. One pill taken weekly neutralizes formation of uric acid in the blood and prevents Bright's Kidney disease and Diabetes. True only of Dr. Chase's Kidney-Liver Pills.

Judge Hoar, of Concord, who has been critically ill for some time, the other day wrote to one of his sons: "I am engaged at the present time in the pleasurable occupation of drying."

"I have spent thousands of dollars and been in the best hospitals of Europe and America under the treatment of the catarrh," said a gentleman recently, "and have never received so much genuine relief as I have from a twenty-cent box of Hawker's catarrh cure."

A New York man pleaded an excuse from jury duty that he had been kicked out of his home by his wife. He was excused.

Success produces imitations. Genuine Pold's Extract is sold only in bottles, with land-crope view on buff wrapper.

Justice Crossley, of Trenton, N. J., has fined his own father \$2 for having neglected to remove the snow from his sidewalk.

Business and professional men who suffer from tired exhausted feelings consequent upon mental effort, will find in Hawker's nerve and stomach tonic a sure conservator of the vital energies, relieving brain fatigue, restoring nervous energy and muscular vigour, renewing the blood, restoring lost appetite and aiding digestion.

A bill for divorce has been filed in Detroit on behalf of a young man who contends that he was too young when he too into himself a wife, and he now desires to dissolve his relations.

DON'T DIE BEFORE YOUR TIME.

"Why will you die?" That is the question the scientist now asks the miserably sufferer from consumption or lung trouble. The answer naturally is "because I can't help it." But the consumptive can help it. Miller's Emulsion made from Norwegian Cod Liver, and combined with the hypophosphites of lime and soda will cure nine cases out of ten of consumption, and the tenth case can get a reprieve for a year or two. No blood what the consumptive requires, and Miller's Emulsion of Cod Liver Oil, when taken produces it. Miller's Emulsion is the great nerve strengthener and blood maker, and cures Coughs, Colds, Bronchitis, Scrophulous and all lung affections. In Big Bites, 50c. and \$1, at all Drug Stores.

Paul Wilson, of Concord, Ky., unable to cure an aching tooth, hanged himself.

For Over Fifty Years.

As Old And Well Known Remedy.—Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays the pain, cures the colic, and is the best remedy for Diarrhoea. It is pleasant to the taste. Sold by Druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.—m. w. f. w. k. v. l. y.

Send 25 "Sunlight soap wrappers (wrappers bearing the words "why does a woman look older than a man") to Lever Bros., Ltd., 43 Scott St., Toronto, and you will receive by post a pretty picture free from advertising, and well worth framing. This is an easy way to decorate your home. The soap is the best in the market and it will only cost 1 c. postage to send in the wrappers, if you leave the ends open. Write your address carefully.

Direct Steam Communication
WITH PRINCE EDWARD ISLAND. &c.

We beg to call attention that, early in the Spring of 1895, regular steam communication will be resumed between
LIVERPOOL AND CANADA.

Thanking all our shippers for their past support, and a continuation of same in the future.

We remain, yours faithfully,
PITCAIRN BROS.,
51 South John Street, Liverpool.

PEAKE BROS & Co. Charlottetown.

THE REVIEW OF REVIEWS
Edited by ALBERT SHAW

IT WAS in April, 1894, that the first number of the American Review of Reviews was printed. The new idea of giving the best that was in the other magazines in addition to its own brilliant, original articles, took America by storm, as it had taken England—though the magazine itself was not at all a reprint of the English edition. It deals most largely with American affairs, and is edited with perfect independence, in its own office.

The Review of Reviews is a monthly, timely in illustration and text, and instantly alive to the newest movements of the day, to a degree never before dreamed of. Thousands of readers who offer their commendations, among them the greatest names in the world, say that the Review of Reviews gives them exactly what they should know about politics, literature, economics and social progress. The most influential men and women of all creeds and all parties have agreed that no family can afford to lose its educational value, while for professional and business men, it is simply indispensable. The departments are conducted by careful specialists, instead of mere school-keepers, and scores of immediately interesting portraits and pictures are in each number.

All this explains why the Review of Reviews has come to a probably unprecedented success in the first three years of its existence. For 1895 it will be more invaluable than ever.

Agents are ready to handle this. We give liberal commissions. Send for terms.

Annual Subscription, Five Dollars. Single Copies, 15c. in Advance.

Sample Copy, to be sent free, on receipt of 10c. in Advance.

13 Astor Place, New York

THE REGULAR DEPARTMENTS

Includes the special articles and character sketches of thrilling interest and timeliness, the Review of Reviews has these regular departments:

The Progress of the World.—An illustrated special review of the month's events which includes the most important news of the world, and is especially valuable to those who are unable to read the daily papers.

Current History.—This department chronicles the events of the month through the picture gallery, and is especially valuable to those who are unable to read the daily papers.

Contemporary Portraits.—This department gives the life and letters of all the world's great men and women, and is especially valuable to those who are unable to read the daily papers.

Contemporary Portraits.—This department gives the life and letters of all the world's great men and women, and is especially valuable to those who are unable to read the daily papers.

People of GOOD COMMON SENSE usually appreciate a good article that is honestly made, well finished and up to date. This explains the great success of

VERNON RIVER NOTES.

The beautiful weather which the month of January affords, has given quite a push to business and pleasure, here as well as elsewhere. No complaints of hard times are heard in this part from professional men, business-men, or farmers.

The Rev. Dr. Doyle is about to have a branch of the C. M. B. A. established in Vernon River. This will be a source of good to the young men, and like everything else, under Dr. Doyle's direction, must be a success.

Our popular and successful physician, Dr. Collins, with all the duties of his profession, finds time to result into mechanical puzzles, and as a result, has completed a very ingenious and clever model of a sewing machine. The model has been inspected by Mr. A. Fraser, an expert in mechanical peculiarities, and he pronounces it to "work all right."

Postmaster Mr. O'Neil, conducts the business of his office on a system satisfactory to all.

The pupils of Vernon River School, under the tutorage of Mr. Albert Fraser, are fast becoming formidable in Classical lore and mathematical reasoning.

One of our leading men, Mr. Michael Murphy has just returned from a visit to North Western Canada. He looks well at his long trip, and expresses himself as delighted with all he saw and heard. Mr. Murphy will deliver a lecture on the "Resources of the Northwest," in Vernon River Hall, on the evening of Friday, the first of February. As the lecturer's descriptive powers and Oratorical abilities are very known, a large audience, and an instructive "discourse" may be expected.

Heart Disease Relieved in 30 Minutes.

Dr. Agnew's Cure for the Heart gives perfect relief in all cases of Organic or Sympathetic Heart Disease in 30 minutes, and speedily effects a cure. It is a peerless remedy for Palpitation, Shortness of Breath, Smothering Spells, Pain in Left Side and all symptoms of a Diseased Heart. One dose convinces. Sold by S. W. Dodd, Jan. 28, m & tu.

THE EXAMINER

Election of a Water Commissioner.

Representation of an Act of the General Assembly of this province and passed in the 30th year of the reign of Her present Majesty Queen Victoria, entitled "Charlottetown Water Works Act, 1867." I do hereby give Public Notice that an

Election for a Water Commissioner
for the City of Charlottetown,
in the place of MR. PETER McALORAN,
whose term will expire
WEDNESDAY,
the 13th day of February, A. D. 1895,
at the several places, that is to say:
In Ward No. 1, at or near the office of Mr. John McLeod, at the corner of Church Street,
In Ward No. 2, at or near the house of Messrs. Connolly, opposite Mr. R. Heagy's, at the corner of South of Market Street and Prince Street,
In Ward No. 3, at or near the Market House,
In Ward No. 4, at or near the new City Hall corner of the Military Barracks grounds,
In Ward No. 5, at or near the shop of David R. M. Heagy, at the corner of Prince Street and Prince Street,
and at said Election the Poll will be opened at nine o'clock in the forenoon, and continue open until five o'clock in the afternoon of the same day.

DESCRIPTION OF WARDS.

Number One shall comprise all that part of Charlottetown which lies south of Barclay Street, and the parcel of land formerly known as the Military Barracks grounds.

Number Two shall comprise all that part of Charlottetown which lies north of Richmond Street and south of Market Street.

Number Three shall comprise all that part of Charlottetown which lies north of Richmond Street and south of Market Street.

Number Four shall comprise all that part of Charlottetown which lies north of Richmond Street and south of Market Street.

Number Five shall comprise all that part of Charlottetown which lies north of Richmond Street and south of Market Street.

NOMINATION DAY.
WEDNESDAY, February 6th, A. D. 1895, from the hour of 10 o'clock in the forenoon, until the hour of 4 o'clock in the afternoon of the same day.

For qualification of Electors, see Act 50, Victoria, intitled "Charlottetown Water Works Act, 1867," also Act Cap. 12, sec. 24 to 25.

[L. S.] W. R. DAWSON,
Mayor of the City of Charlottetown.
H. M. DAVISON,
City Clerk.
Mayor's Office, Charlottetown, Jan. 22, 1895.
Jan. 23—10
