

Are you considering a career as an architect?

If you enjoy designing
and you're interested in buildings and cities,
consider studying

architecture at Dalhousie University

University students who will soon be completing their second year of undergraduate studies in any discipline may apply for admission to Dalhousie's four-year architecture program. The program leads to a professional Master of Architecture degree and includes three co-op workterms for practical experience.

For an admission package, please contact:
School of Architecture, Dalhousie University
e-mail: arch.office@dal.ca

P.O. Box 1000, Halifax, NS B3J 2X4
phone: (902) 494-3971

A CAREER IN ORTHOPTICS/OPHTHALMIC MEDICAL TECHNOLOGY

Orthoptics is the clinical science of ocular motility and binocular vision, and related disorders of the eyes. An Orthoptist is an allied health professional who works with ophthalmologists, (eye physicians and surgeons) analyzing and treating patients unable to use both eyes together because of an eye muscle or sensory abnormality. An Ophthalmic Medical Technologist assists the ophthalmologist with a wide range of diagnostic tests and procedures requiring a great deal of technical expertise.

In July 2001, the IWK Grace Health Centre will commence an accredited twenty-four (24) month training program leading to a Certificate of Orthoptics and Ophthalmic Medical Technology. Applications are now being accepted from individuals holding a baccalaureate degree with courses in any of the following areas: psychology, physiology, biology, anatomy, physics, statistics, research methodology. Work/volunteer experience in the health care field will be considered an asset. Candidates should possess good communication skills, sound judgement, emotional maturity and a demonstrated ability to relate well to small children and to adults.

Financial assistance may be available to qualified students.

Deadline for application is February 28, 2001

For further information regarding a challenging, interesting and rewarding career in the health care field, please write:
