

Giants' Players Receive Record \$11,147 Each

NEW YORK (AP)—Twenty-eight players on the New York Giants plus their trainer and their clubhouse attendant received a record \$11,147.90 each for winning the world series.

Baseball commissioner Ford Frick announced the breakdown Thursday for 327 players and club personnel on eight teams who participated in the all-time high in world series money.

A full Giants' share was \$2,872.22 more than the previous record payoff to the New York Yankees in 1953.

The losing Cleveland Indians share was \$6,712.50 each, a record for a loser. The Indians cut their melon into 35 1/2 shares, 34 shares, one half share and four quarter shares and also gave out \$8,600 in cash. The Giants divided 36 1/2 shares, 20 full shares, three half shares and one one-third share

Little World Series Tied 2-2

SYRACUSE N. Y. (AP)—Jim (Bear) Owens pitched a neat two-hitter Thursday night as Syracuse Chiefs gained a 1-0 victory over Louisville Colonels to square the little world series at two victories apiece.

Louisville 000 000—0 2 1
Syracuse 100 000—1 3 0

U. S. Names Capt. Davis Cup Team

NEW YORK (AP)—William F. Talbert of New York, was named captain of the U. S. Davis Cup team Thursday by the cup selection committee. The team goes to Australia late in December.

Vic Seixas of Philadelphia, Tony Trabert of Cincinnati and Hamilton Richardson of Baton Rouge, La., were named to the team. Talbert will be eligible to play if needed.

The same foursome, plus Bob Perry of California, tried to regain the international tennis trophy from Australia a year ago but was repulsed, three matches to two.

The interzone matches, pairing the U. S. champions of the North American zone, and Sweden, the European zone winners, will be played in Brisbane Dec. 16-18 with the winner taking on Australia for the cup Dec. 27-29.

Suggests Moving Athletics To Kansas City

CHICAGO (AP)—Arnold Johnson, Chicago banker-realtor, said Thursday he would pay the New York Yankees a reasonable amount for their Kansas City territory if he is able to buy the Philadelphia Athletics and shift the club to the midwestern city.

The Yankees, whose principal farm club, the Blues of the American Association, play in Kansas City earlier Thursday threatened to block the proposed switch of the A's unless payment was adequate for territorial rights.

Sale of the A's reaches a show-down stage at a meeting of league owners here Tuesday.

Johnson, already aware of the Washington Senators and Detroit Tigers oppose the shift, declined to state what he would regard as adequate payment.

Six of the eight league clubs must approve a franchise shift.

"I have known right along I must make restitution to the Yankees and to the American Association," said Johnson. "I intend to be fair about it."

"Unsound" Colt Wins Futurity

LEXINGTON, Ky. (AP)—Harlan an "unsound" colt and rank outsider, beat the best three-year-old trotters in the United States Thursday to win the 62nd renewal of the Kentucky Futurity in straight heats.

The three-year-old son of Bill Galion, an off-and-on campaigner since finishing second in one heat of the Hambleton, was an easy winner in both heats of the \$64,410 grand finale of the Grand Circuit.

Pronto Boy was second in both heats and his stablemate, Darn Safe, second choice in the betting, was third by finishing third in the second heat after coming in fifth in the first heat.

The odds-on favorite, Prince Victor, took third place in the first heat, but broke strike and finished seventh in the nine-horse field in the second heat to take fourth money.

Former NHL Linesman Retires

MONTREAL (CP)—Mush March, former Chicago Black Hawks player, has retired as a National Hockey League linesman, referee-in-chief Carl Voss announced Thursday. March plans to devote his full time to business.

Sugar Ray Is Considering Ring Comeback

NEW YORK (AP)—George Gainford, manager of Sugar Ray Robinson when he held the world welter and middleweight titles, said Thursday the former champion had started workouts and was considering a possible return to the ring.

Robinson retired in 1952. Gainford said the former champion, now a dancer, has rented a camp at Greenwood Lake, N.J., as a training camp, starting Monday.

"Sugar and I want to make a tour of the world with our own show," Gainford explained, "and we figure it will take a quarter of a million dollars to arrange that—hiring singers, dancers and an orchestra. We don't have that kind of money and we don't want to go into debt for it."

"There is only one way to get the cash and that is for Sugar to fight again. The same guys he licked when he was active in the ring still are fighting. We can whip them again."

Gainford said Robinson was in good health, weighed 136 pounds and had perfect co-ordination.

"Only a lot of work in the camp will show if Sugar has it. If he doesn't the whole idea is off. If we are convinced he still can fight we will return to the ring."

Detroit, Montreal Win Openers

Richard Is Sparkplug; Howe Misses 5 Goals

MONTREAL (CP)—Maurice Richard scored two goals Thursday night as Montreal Canadiens rode to a 4-2 victory over Chicago Black Hawks in a National Hockey League season opener.

It was a sprightly enough game for an opener and the Hawks, with lots of new talent, showed plenty of fight and willingness but in the end were outskated and succumbed to Montreal's smoother team play. A crowd of 14,548 turned out.

Tom Johnson and rookie Centre Jackie Leclair scored the first Montreal goals and Jerry Toppazzini and Red Sullivan counted for the Hawks.

The game produced the expected few ragged spots, despite a surprising amount of speed by both teams. A spell of doldrums early in the third period was enlivened by a slugging match between Bert Olmstead of Montreal and Toppazzini. Both were given major penalties.

Chicago: Goal, Rollins; defence, Gadsby, Hollingworth, Dewsbury, Martin; forwards, McCormack, Timgren, Toppazzini, Wilson, Sullivan, Conacher, Jankowski, McIntyre, Hassard, Hildebrand, Shvetz.

Naughty Word Gets On TV Show

TORONTO (CP)—Another naughty word got through on CBC television Wednesday night.

It was in a remark made by a Toronto announcer who apparently thought the program just ending was Dr. Ira Dilworth, Ontario regional director of CBC-TV, said he will investigate.

About 10 days ago there were complaints about profanity in a newscast.

Retirement Of Shirley Thomas

OTTAWA (CP)—Shirley Thomas, only woman to gain a place on Canada's international equestrian team, has retired from competition.

Announcing his 19-year-old daughter's retirement, Christopher T. Thomas, wealthy industrialist, said her string of 11 jumpers has been sold. He recalled her injuries while jumping as part of the Canadian team in Europe earlier this year and added: "I have prevailed upon my daughter to retire from competitive jumping."

Miss Thomas broke three ribs in a fall at London's White City stadium but continued to ride with the Canadian team during the remainder of her European tour.

Miss Thomas had been invited to compete for Canada in two horse shows this fall in the United States, one at Harrisburg, Penn., and the other in New York City's Madison Square Garden. However, she has declined the invitation.

Falls Victim To Own Bear Trap

BATHURST, N.B. (CP)—A young man who fell victim to his own trap was found dead Wednesday by two Bathurst hunters in woods near the Red Pine railway station 16 miles east of Bathurst.

Valmond Boucher, 22, of Rough Waters, had rigged a string and a stick contraption designed to fire a gun if a bear tried to take the meat bait. It is believed the weapon discharged while he was adjusting the bait. Shot in the chest, he was found by Raymond Hebert and Robert Aube.

Boucher was alone when he left his home last Friday. He was an experienced woodsman and had a small camp in the area. No inquest will be held.

TRACK AND FIELD

A program of track and field sports between Saint Dunstan's University and Prince of Wales College teams has been proposed by our genial and competent Physical Fitness director, Brig. W. W. Reid.

It is a timely suggestion. Athletic and physical fitness development has been at a low ebb for the past few years. A revival is needed. A start by the big institutions will set the pace and be an object lesson to all educational institutions in the Province.

It is incumbent on teachers to look after the physical, as well as the mental development of their pupils. Mens sana in corpore sano (Sound Mind in a Sound Body), has stood the test of time since the Roman era — and no doubt from much farther back in the annals of time.

It is hard to beat track and field competitions to promote friendly rivalry between individuals, colleges, schools and even nations.

The British Empire Games at Vancouver last summer was a greater example. The best of good fellowship and brotherly love prevailed.

In track and field games there is no chance for violence, and within-the-law so called defence crippling tactics. Competitors are always friends for life. The old time frontier gunmen always continued to be on the "defence,"—but they were killers nevertheless.

One would think more of our public men, viz., businessmen, educators and clergymen, would take a greater patriotic interest in promoting athletics — which is almost synonymous with physical fitness.

A reassuring feature of the situation is that there seems to be a resurgence of interest in athletic games. There have been several sets of school games in country schools — also the 4H games at Exhibition Park and the Labor Day and provincial school games at Memorial Field. There are many big, strong young men — potential game throwers — who never had the facilities or social environment to enable them to become proficient in athletic games.

If greater interest were taken by colleges, teachers and the general public, our province could retrieve its former prominent place in the annals of athletic endeavor.

We should be able to send some entries to future B.E.G. and Olympic Games, if we concentrate and persevere.

Find Hockey Job For Young Czech Immigrant

OTTAWA (CP)—Out of a job two days ago, Sid Janik may blaze new trails among Czech immigrants.

The 19-year-old youth is virtually assured of a hockey job, with an assist from the local Unemployment Insurance Commission office.

Janik arrived in Ottawa a few days ago looking for a job. Apparently, the commission had nothing for him but they noted his qualifications and sent him around to the Ottawa Auditorium.

There, they took one look at the strapping 170-pound, six-footer, asked a couple of questions and gave him a pair of skates.

"He looks like a very good prospect," said Butch Stahan, coach of the Eastview St. Charles in the city Junior A hockey league.

Police Uncover Suicide Pact

TORONTO (CP)—Police said Thursday they uncovered a suicide pact between Arnoldo DiMauro, 23, and his 14-year-old sweetheart.

In suburban Willowdale police court DiMauro was remanded a week on a charge of attempted suicide. At the time of the alleged offence, he was on bail on a charge of abducting the girl.

Police said they learned the two planned to commit suicide in front of the girl's home Sunday. Officers surrounded the home and seized the couple as they drove up.

Police said that as one officer struggled to get a loaded gun from DiMauro, the girl pulled a bottle of rat poison from her purse and drank half of it. She handed it to DiMauro who drank some before officers could jerk the bottle away.

The girl was taken to hospital where her stomach was pumped. DiMauro was taken to a nearby doctor.

Believe 75 In Smuggling Ring

EDMONTON (CP)—Revenue Minister McCann indicated Thursday another 70 persons must be arrested before an eastern Canada cigaret-smuggling ring is cleared up.

He said in an interview that RCMP arrested 15 persons a few days ago.

"It is believed," he added, "that there are 75 in the ring to be cleared up."

The federal minister, on a tour of departmental offices, said cigaret-smuggling on the Quebec and New Brunswick borders has lessened in the last two or three years.

Cease Attacks On Chinese Mainland

WASHINGTON (AP)—The United States was reported Thursday to have suggested to Nationalist China several days ago that it cease attacks on Chinese Communist targets. The attacks are reported to have stopped.

The action was described here as being in line with basic U. S. policy of giving Chiang Kai-shek every assistance and encouragement in the defence of Chinese Nationalist positions but discouraging him from other operations.

As part of its over-all relations with the Nationalist Government at Formosa, the United States has an understanding with Chiang that he will check with the United States before undertaking any new kind of military activity against the Reds.

Workers' Income Up This Year

OTTAWA (CP)—Income of Canadian paid workers rose by \$120,000,000 in the first seven months of this year compared with a year earlier, the bureau of statistics estimated Thursday. The total was \$6,777,000,000.

Income dropped in manufacturing, agriculture, fishing, logging and construction, but it was up strongly in the finance and services group, and also in utilities, transportation and communications.

Here are the figures for the various groups, with last year's seven-month totals in brackets:

Manufacturing, \$2,260,000,000 (2,297,000,000); utilities, transportation, communications, \$1,762,000,000 (\$1,715,000,000); finance and services, \$1,605,000,000 (\$1,470,000,000); agriculture, fishing, logging, \$475,000,000 (\$485,000,000); construction, \$437,000,000 (\$463,000,000); supplementary labor income \$238,000,000 (\$237,000,000).

Probe Death Of N. B. Lumberjack

QUEBEC (CP)—The bank account of a New Brunswick lumberjack found dead Sept. 13 in a Quebec roominghouse was introduced as evidence Thursday at the preliminary hearing of Valmont Bourget, 29-year-old keeper of the house.

Bourget was charged with "failing to provide the necessary things of life" for James Aube, alias Aube, 61, after a coroner's jury found the lumberjack spent about \$1,000 on liquor after renting the room Aug. 14.

Dr. Jean-Marie Roussel, a medico-legal expert, testified Wednesday that Aube died of pneumonia and acute alcoholism. Rats had chewed away parts of the body.

Police testified Aube's bank account showed he had made out two cheques of \$750 payable to Bourget. Det. Sgt. Georges Buteau said he found in Bourget's ledger under the name "Jim Aube" a succession of items such as "beer, soup, gin, breakfast . . ."
