

THE WEEK AT S.D.U.

Academic Year Complete; Now Comes Commencement

By Jerry Tingley, Jr. Arts

Friday morning saw the last of the final examinations written for this year and the pens and books have been filed away for three months, three months of preparation for the forthcoming year.

The gradual departure of the students began on Tuesday and every day following saw the number grow smaller and smaller, with the result that the din of the campus gradually diminished. By Friday night the only remaining students were the Seniors and those who are remaining for the Junior Prom which is scheduled for Tuesday, May 12.

Several of the Red and White squad will not be back next year and they will be sorely missed. Brian Noonan, Larry Hickey, Gil Collins, Paul Arsenault, and a few others will be absent. However, Coach A. J. MacAdam is confident that he will be able to field a competent team next fall and that the boys will, once again deliver the goods on the gridiron.

The Senior hockey club had unusual hard luck this year and managed to win only one game in intercollegiate play, and that was against U.N.B. by a score of 5-5. Coach MacAdam had several new men on the team and he hopes that the added year's experience will be shown next season and that the Saints will once again be the team to be reckoned with as it was in years past in both intercollegiate and local hockey circles.

Basketball was successful to a high degree and could have very well have been more so if a few things had turned out better, like the two games against St. F.X. for the Maritime Senior "B" title. Fr. MacGuigan floored the best squad since the days of Riordan and company and it looks as if he will lose the majority of the team through graduation this year. Five men will not be returning to St. Dunstan's in the fall and that means a reformation of the team for the 1953-1954 season. The Saints were edged out of the N.B.-P.E.I. intercollegiate title this year by only twenty points and they were defeated by St. F.X. by a like number. Next year is a mystery and we will have to wait and see what the future brings.

Basketball was successful to a

the part of all made the sports on this level of the highest caliber and very successful in every sense of the word.

GRADUATION EXERCISES The baccalaureate service will be held in the University chapel on Sunday morning—tomorrow—and the sermon will be delivered by Rev. V. Murphy, S.J., a graduate of St. Dunstan's and presently on the staff of St. Mary's University of Halifax.

This is the last edition of the WEEK for the academic year and we hope that you have enjoyed reading of the doings of "one of the boys from home" in the field of sport, drama, or academic achievement. Until next year, then, when someone else will be writing this weekly, "So long from the Saints".

the part of all made the sports on this level of the highest caliber and very successful in every sense of the word.

On the intramural level, we find that the Juniors had a very successful year as they won the basketball finals, the hockey finals, and missed out in the softball final by only a couple of runs to the Freshman squad. Keen interest and avid participation on
