

Local and Other Items.

SMALL MARKET to-day.

DISAGREABLE—the weather.

FOREIGN MAILS this afternoon.

RINK.—Ice is good and the Band will be in attendance at the Excelsior Rink to-night.

THEATRICAL.—Mr. Charles J. Spear, who represented Balabrega here last year is now advance agent for the Gilbert Opera Co., at present playing in Halifax.

LACROSSE.—The Canadian lacrosse team made their first appearance in London on the 9th. They played Cambridge University and won eight games to Cambridge's one.

SCOTT ACT.—One Scott Act case at the Stipendiary Magistrate's court this forenoon. It was postponed for one week. Eight new summonses were served this morning, returnable on Thursday next.

THE NORTHERN LIGHT.—Advices from Souris report that the prospect of the Northern Light's getting out of that harbor is about the same as it was ten days ago. Yesterday's wind made the ice jam more solid than ever.

SEASONABLE.—The ice in the harbor is rapidly breaking up, and the steamers are being made ready for this season's work. The Princess of Wales, the Heather Belle, the Southport and one of Bath's tugs had steam up yesterday afternoon.

RACING.—There were four starters in the boys' race at the Excelsior Rink last evening, viz: David Wilson, Hirtle McGregor, Brenton Garum and Eugene Brown. They came in in the order in which their names appear. Ice and music were good.

UTILIZING THE FALLS.—The people of Buffalo offer \$100,000 for a successful plan of utilizing Niagara Falls. Some Charlotetonnians who have visited the Falls in recent years think that the hackmen have long ago discovered how to utilize them.

THE SEAL FISHERY.—A St. John's, Nfld. cablegram to the Halifax Herald says that four sealers have arrived, viz., the Falcon, 16,000 seals; Neptune, 42,000; Aurora, 25,000 Esquimaux, 23,000. The Nimrod is reported at the channel with 11,000.

TEA AT MONTAGUE.—Please bear in mind that on the 27th of June next the Tea of the season will be held at Montague, in aid of the Methodist Church, which it is expected will then be well on towards completion. Notices of special attractions to the Tea will appear in the papers in due time. Im—mch15

STEAMERS WANTED.—At the recent session of the Royal Labor Commission in Halifax, a number of fish merchants were examined who pointed out the great necessity existing for a line of steamers to the West Indies, for the want of which large quantities of fish were now being shipped via New York in bond.

NOVA SCOTIA'S FINANCES.—In the Nova Scotia House of Assembly a few days ago, the Provincial Secretary brought down the estimates for the year. The revenue is estimated at \$682,000, and the expenditure at \$668,000, of which \$214,000 is for education. The revenue from royalties on coal is estimated at \$137,000.

HEARD FROM AGAIN.—Mr. Curless, the Customs detective, has been making a tour of the western provinces of Nova Scotia. Since we published the last paragraph concerning his doings at Yarmouth and vicinity, he has seized over 100 lbs. of tobacco at Berwick, and a number of cigars and over 200 lbs. of tobacco in two seizures at Hantsport. The tobacco was seized for not being in the proper packages. The cigars had been smuggled.

CRUSHED AGAIN.—A statement now traveling about to the effect that Mrs. Cleveland wears no bustle with her church-going dresses so strongly impressed a sensitive pupil of an Illinois seminary that she made it the subject of her last weekly composition; but when she arose in her place and read out the title, "The Bustle Trembling Upon Its Throne," she was indignantly suppressed by the lady class teacher, who exclaimed, "Well, I never! Take your seat, Miss!"—N. Y. World.

ALMOST READY.—The steamer Princess of Wales will be ready for her season's work on Saturday, and will leave here for Pictou as soon as possible afterwards. She has been newly painted inside and outside, and some other necessary repairs have been made. Captain Cameron and the other popular officers of last year will be in charge the coming Summer, so that travellers can rely on having every courtesy shown them. We wish the Princess and her staff a pleasant and prosperous season.

DONE WITH THE GLOVES.—Charley Mitchell, the English puglist, writes to a New York friend: I shall come to the United States with Kilrain about June, and perhaps go into business. I broke my left hand badly in my fight with Sullivan, and now have two very queer hands. A man can't work without tools, so I shall have fighting to my partner, Kilrain, who is second to none as a fighter, and who might box a few men from ten to twenty rounds on your side of the water; but the way I feel now I don't care whether I put on the boxing gloves again or not.

TWAS EVER THUS.—An old lady subscriber wrote to an editor recently a letter of reproof, and stopped her paper because he had neglected to denounce in its columns the skating rink which had just been revived in that town. The same day the proprietor of the rink came in and ordered the paper stopped because the editor neglected to give the rink the usual mention due such enterprise. This kind of business is of almost daily occurrence, and the case above cited will serve to give the public an idea of what causes the editor to live in perfect happiness, always look smiling and continue his efforts for good in behalf of suffering humanity.—Ee.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind. mar 8 and 4 wky

DOMINION PARLIAMENT

DEBATES AND PROCEEDINGS.

OTTAWA, April 12.

In the House to-day—Mr. Thompson gave notice to-day of his bill respecting judicial salaries. Under the provisions of this bill the Chief Justices in Ontario and Quebec receive \$7,000 each and Puisne Judges \$6,000 each. In Nova Scotia, New Brunswick, Manitoba and British Columbia Chief Justices receive \$6,000 each, and Puisne Judges \$5,000, and in P. E. Island the Chief Justices receive \$5,000, and the Puisne Judges \$4,000. Those judges in Quebec with fixed residences outside the cities of Quebec and Montreal, receive \$4,500 each. This, in addition to usual travelling allowances.

The Government have received advices from Newfoundland that the delegates to arrange for the admission of that Colony into the Union will arrive in June.

The Government were waited on to-day by a large deputation from Quebec asking for assistance to bridge the St. Lawrence at that Point. They asked two millions and a half of dollars, subsidy or a guarantee of interest on four millions.

Sir John intimated that the Government might agree to assist such a project to some extent, but not to the extent asked for.

BRITISH PARLIAMENT

Report of Proceedings.

LONDON, April 12.

Mr. Goschen, Chancellor of the Exchequer, informed the House this afternoon that holders of consols to the amount of £450,000,000, including holders of new three per cents, had already given assent to the conversion of consols, and that the assent of trustees remaining to be given would greatly increase the total.

Mr. Parnell moved that the house adjourn, that he might call attention to the "Outrageous conduct of the authorities at Ennis on Sunday last in attacking people." The conduct was partially an enforcement of martial law, and went beyond the powers conveyed by the Coercion Act.

After a spirited discussion the motion to adjourn was rejected, 249 to 174.

Mr. Ritchie then formally moved the second reading of the county government bill.

For Contempt of Court.

FREDERICTON, N. B., April 12.

The Supreme Court this morning delivered judgment in the case of John Hawke, making the rule absolute for contempt. When judgment had been delivered, Mr. Hawke was summoned before the court.

Chief Justice—"Mr. Hawke, the court does not wish to put you to any inconvenience. What do you propose doing?"

Mr. Hawke—"I have nothing to say, save that I simply came here yesterday to maintain the liberty of the press. I believe the decision of the court to-day is an infringement on that liberty."

Chief Justice—"Then you do not propose to do anything?"

Mr. Hawke—"No, I am determined to pursue such a course in the future as will best affirm the principle I seek to maintain."

As no attachment had been issued up to three o'clock this afternoon, Mr. Hawk left for home this evening.

A Birthday Present.

BERLIN, April 12.

The Princess Victoria received from her parents to-day a birthday present of a diamond necklace. It is reported that the Princess has voluntarily agreed to a postponement of her engagement to Prince Alexander.

New Developments.

BERLIN, April 12.

A new development has appeared in the Emperor's malady. It is an acute swelling of the tissues surrounding the orifice through which canula was inserted. Dr. Bergman remained with him all last night.

There died recently in Wales Evan Davies, known as arch-Druid of Wales. He had attained the great age of 89, and had written several works on Celtic subjects. The Welsh name of this antiquity was Myfyr Morganev, and an English paper in noticing the fact of his death says "he was recognized head of the Druids who meet periodically around the famous rocking stone at Pontypridd." Davies had published books on Druidism which he maintained, was the true religion. From the scanty accounts of the Druids that have come down to us from the misty past it would seem that in so doing Davies broke one of the rules of the ancient Druids, which was not to put into writing any of their instructions.
