The following from O'Leary and district attended the Film Council meeting in Summerside: Sterling Barbour, Elmo Crozier, David Lockhart, B. McQuillan, all of Coleman and Raeford Locke and Douglas Hardy of O'Leary.

Several local men are prominent in the list of the officers and directors of the newly organized "Retail Merchants Association Ltd." Most of the merchants, as at present organized, are located in West Prince County, but it is planned to extend the organization to take in all the merchants of P.E.I. The first annual meeting will be held in O'Leary on Oct.

4th and at that time the first permanent board of directors will be elected. At present there is a provisional board functioning as follows: President: P. M. McCall, Ellerslie; vice-president, H. A. Jelly, O'Leary; secretary-treasurer, J. J. Moran of Alberton; directors, Harry MacWilliams, O'Leary, J. B. MacKay, Coleman, Euclid, Anson, ault, Wellington, H. E. Phillips of Freeland. The purpose of the Association is to promote the education and social welfare of the merchants who comprise its membership.

Despite the fact that potato digging operations are now virtually general throughout the district which entails many hours of long, hard work, the spacious Elmwood, P.E.I. United Church of Canada was packed to the very doors again on Thursday night, Sept. 28th when the guest speaker was again the Evangelist Rev. Elmer Crockett of Minnesota. Every pew was filled. What an answer to those who claim religion is a dead and spent force or those who claim it is impossible to get a crowd during harvesting or potato picking. This is the second week of the revival and there have been exceptionally large congregations every night, including Saturday night. On Sunday night, Sept. 24th with extra seating provided, some had to be turned away. Rev. Mr. Crockett preaches the old time Gospel with Pentecostal power and makes a deep appeal for converts. Many decisions have been made. The Minister, Rev. John M. Sheen presides at all services. The choir leads in the service of song and often there are special musical numbers. On Thursday night, Sept. 28th a duet was feelingly sung by the minister, Rev. John M. Sheen and Mr. H. Horne. Testimonies

were given by a number of the congregations including Rev. H. M. Burgess and Rev. W. G. Dickson, both of O'Leary. It is hoped that Rev. Mr. Crockett will be able to stay and conduct a third week of revival meetings, this third week to be held in the Montrose United Church.

There was a splendid attendance at the home of Mr. and Mrs. Carrol MacWilliams of Carleton, Lot 6, when friends and neighbors

gathered to tender a shower to Mr. and Mrs. Douglas Brown (nee Miss Beulah MacWilliams). The young couple accompanied by Miss Shirley Agnew and Mr. Boyd MacWilliams entered the pretty room which was attractively decorated with pink and white streamers also white wedding bells and bouquets of autumn leaves, to the strains of the wedding march played by Mrs. Bannerman Webb. They took their places under a beautifully decorated arch, adorned

by silver wedding bells and ribbons. The beautiful gifts were carried in by Mrs. Brenton Smallman and Mrs. Foster Harris and opened by Miss Rita Wallace, while Miss Norma Locke read the names, verses and good wishes. The groom, on behalf of himself and his winsome bride, thanked their friends for all their lovely gifts including silver, china, linen, money, etc. "For They are Jolly Good Fellows" was then sung. The ladies served a delicious lunch.

Music and singing were enjoyed and this happy function terminated by all wishing Mr. and Mrs. Brown every good wish in their married life. The bride, prior to marriage, was employed with the Summerside Telephone Exchange. The groom is stationed with the R.C.A.F. at the Summerside airport and has been transferred to the R.C.A.F. station in Goose Bay, Labrador, and departed for that station on Sept. 25th. Mrs. Brown is expecting to join her husband

in the near future. This popular young couple have a host of good wishes from their many friends for a long and happy married life.

CANADA'S COMPETITOR Norwegian lumber production for the 12 months ending July 1, 1950, totalled 224,500,000 cubic feet. Frustrated rent payers in Helsinki recently threw stones through the windows of the Rent Control Board on three separate occasions.

An Inside Story about Butter

Butter goes stale quickly when air and light get in. That's why better-wrapped butter tastes better. Buy one of the many brands that are flavoured in aluminum foil.

No other material is more "food-friendly" than aluminum. So save the protective foil. Use it to rewrap the butter when you put it away, and protect that "farm-fresh" flavour.

The next time you buy **Butter, Cheese, Candy, Chocolate, Tea,** look for the brands in clean, hygienic aluminum foil. Whenever you see aluminum on the outside of any packaged food, there's an "inside story" of purity well-protected.

Hints to the Housewife

Wrap food leftovers in aluminum foil. Keep them fresh for another meal.

Perishable fruits and vegetables stay fresh and crisp in aluminum foil.
