

our comment

A couple of weeks ago I listened to CIMN's Talk of the Campus host, Maurice Rogerson, delivered a long monologue on the so-called 'apathy' of students. It was partly from the despair of having not Talk to Host, thus Maurice had to ramble on about something (even if it was nothing); at which he showed great skill. (Truthfully, I admire Maurice's mastery of wordage and would encourage readers to tune in to Talk of the Campus every Thursday at 4:30) Any way, Maurice seemed to be saying that students should get more involved in their student union because if they don't, a small number of persons,

especially the union executive, are going to run everything and rightly so. Also, if there are not enough people involved in union activities, those activities cannot be completely successful. Maurice, also tried insults to encourage involvement, but I'm sure these were only another product of despair.

Actually, I can sympathize with all of you pathetic slackers who like to jump on the wagon without giving any push. Pig 'N' whistles are great, reading The Cadre is great, but you don't have time to help out, right, too much studying to do and TV to watch. If that's

not the case, but you're shy; please don't be; committees and clubs are a great way to meet new friends; the main purpose of these committees (for example, CIMN, The Cadre, Student Council) should be, and is, to provide enjoyment and satisfaction to the participants. The main purpose is not to provide a service, as most service-users expect. After all, the services system is bad enough out there in the crazy rat-race. and here at university, most people on committees are students and can't be volunteers full-time. So they have to enjoy what they're doing or if not I think they should stop doing it.

NATIONAL STUDENT DAY

N.S.D. which took place on Tues. Nov. 9, 1976, and was recognized by our Student Union, was not too easy to be seen. Plans to visit local High Schools, fell through as the schools decided not to have student representatives from the university go to speak to their senior students. Nothing was done on campus,

for N.S.D., not that any of the 'involved students' of U.P.E.I. would have cared about. Also, to add to the fall of celebrations there was nothing written or published in any of the local papers, a job our "Illustrious" Communication Officer could have taken care of. Mind you, there was little done by the

Committee for National Student Day either, but it a little difficult, with all the "Enthusiasm" on Campus. The Committee was given the job of organizing the visits to the high schools and, since the high schools didn't want them, there was nothing they could do. Or was there??? Their job was not made very clear to them.

Movies Too Good To Miss

Dear Cadre

This is just a friendly reminder to all you students who are interested in keeping the UPEI Movie Club a going concern. There will be full length color movie offered every Sunday night in Duffy at 8:30 during the school year. Double bills will also be offered periodically. So far, the Movie Club has been having a hard time getting students to come. The films planned are really great, the sound system is better, and

a refreshment stand has been set up for your convenience, so make use of it. What better way can be found to pass a Sunday nite? Everyone is welcome so bring a friend, we don't even check for I.D.'s. If there are any comments or suggestions just direct them to us or through the Student Union.

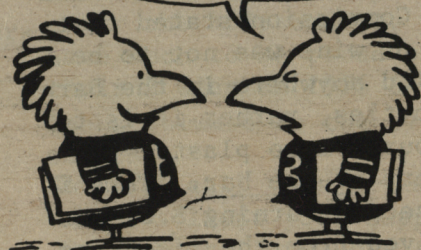

Andy Gallant
Garth Reeves

The movie Sunday nite will be: AMERICAN GRAFFITI
two shows 7.00&9:15p.m.

THE BYRDS

I'VE DECIDED TO DO SOMETHING REALLY USEFUL WITH MY LIFE.

TOO BAD YOU'LL BE MISSED AROUND THE CAMPUS.

fan mail

Chartered Accountants Club of UPEI
Box 189-Blanchard Hall
Charlottetown PEI
Area Code unknown
(Right beside the A&W)

The Editors of the Cadre
The Basement of Memorial Hall
(Right beside Derek Key's Office
Not the lounge, but the other way)
No known Box Number or area code
(But I once noticed a mail box in which mail was placed)

To whom it may concern (we, sorry for the we in the wrong place but you see our secretary, who did not pass secretarial science, frequently makes many spelling mistakes as well as many mistakes in grammatical (double oops) (sorry double misspelt with a "u") (oops again, misspelt is really two words, usually spelt Is spelt) (mistakes, please) Ooops, lost my place) structure. Please excuse her because she did not come from a broken home nor was she unloved. It was just that....Back to the letter

We, the members of the chartered accountants club of UPEI, extend to you, the editors of UPEI's mono-

polistic paper the Cadre, our thanks, especially to you advertising staff's inclusion of exciting and dynamic Chartered Accountant notices for employment, which gave a realistic account of the life of an average Chartered Accountant, also called a C.A. However these notices were lacking in you most recent issue of the publically owned monopolistic journal called the Cadre. This noticeable deficiency was picked up by the keen and observant eyes of each and every member of the Chartered accountants club of UPEI. This was taken as a direct insult by our club members.

We thoroughly enjoyed your October 28 issue of the Cadre where you, the editors of the Cadre, saw to it that the Cadre include not one exciting and dynamic notice for employment but two dynamic and thoroughli (oops, sorry for that spelling mistake. I was doing so well. How will I keep my job. I can't even boil water. I will never be able to, back to the letter). We hope that in future you will consider including more of these exciting and dynamic notices for the empolymnet (oops, sorry for the spelling) of chartered accountants.

Yours (oops) truly
The chartered accountants club of UPEI.

P.S. We expect this correspondence to be printed in its entirety (I think oops) or further correspondence will be forthcoming. P.P.S. Those interested in receiving more info. write Box 189, Blanchard Hall
