

Tracadie Cross Home, School P.E.I. Pair
 Impressed By 4-H Members Appointed
 To Council

The 4-H club movement held the spotlight at the recent Nov. 16 meeting of the Tracadie Cross Home and School Association.

Josephine Lacey provided proof that early training in self-expression is valuable. The five each delivered the addresses they had given at the 4-H public speaking competition.

CAPITAL BUREAU OF THE GUARDIAN
 OTTAWA — A member and an alternate member, representing Prince Edward Island, have been appointed to the national technical and vocational advisory council for a period expiring Dec. 1, 1963.

City Float Begins Trek To Toronto

By RALPH CAMERON
 Guardian-Patriot Staff Writer

The long drive to begin at this morning at five o'clock, when the beautiful City of Charlottetown float leaves on the first leg of the journey to take part in the Grey Cup Parade in Toronto on Dec. 1.

Milton AYP A Elects Slate

Members of St. John's Milton Anglican Young People's Association elected a new slate of officers at the recent annual meeting.

Installation of the executive will take place in the church December 2, at the morning service.

Officers elected were: Rev. A.E. Piercy, honorary president; Diana Rodd, president; Gail Carter, vice-president; Myrna Coles, secretary; Linda Matheson, financial secretary; Charles Coles, treasurer.

CHIEF FARM EXPORT
 Canada's chief agricultural export is wheat, and up to 67 per cent of production is exported.

Accompanying the float to maintain it at its peak at 11 times will be the three employees who planned, designed and built it. They are Walter Perley, the electrician Hawley Crockett and Benny Dolter. They will leave with the float on return Monday morning, Dec. 3.

Every newspaper along the route has been advised of the trip and the float will arrive at a particular city. In addition pictures of the float have been sent to the papers for their use.

All television stations in the Toronto area were covering the big parade are being told the story of the float and what it means. Emphasis is being placed on Charlottetown being the birthplace of Confederation, and the replica of the provincial Building on the float will give other Canadians an opportunity of visualizing the historical Confederation Chamber.

The big Grey Cup festival really started in 1946 when the Calgary Stampede roared into Toronto with a banding of western cowboys, horses and 10-gallon hats. From this beginning it has grown till it now captures the imagination of millions of people from coast to coast.

On Saturday morning, while travelling to Montreal, a special stop will be made at Three Rivers to call on Mayor J.A. Monrohan, who is president of the Canadian Federation of Mayors and Municipalities.

The weekend will be spent in Montreal and visit paid to Mayor Jean Drapeau. Next Monday the float will move through Cornwall and Prescott, Ont., on the way to Brockville.

Another overnight stay. The next day a call will be made Kingston city hall on Mayor W. T. Mills before passing through Belleville and Trenton to arrive at Oshawa to stay the night. The following morning it leaves for Toronto via Whitby. PUBLICITY GOAL

Every effort has been made by this city to insure the greatest possible publicity for the

SCOUTS LECTURED ON SAFETY

An RCMP constable conducted a brief inspection of the Charlottetown Trinity United Church Scout Troop

last night. Cast. Walter Pines, with the Charlottetown Traffic Division conducted the inspection and later

spoke to the scouts on safety. Approximately 50 scouts were inspected. Here Const. Pines talks with Angus Houston,

left, troop leader, and Harvey MacKinnon, assistant scout master.

Rotary Foundation's Fellowships Unlimited

"The greatest single service project of Rotary which we must support not only with our service but also with personal service is the Rotary Foundation," past president, John

Simmonds told Rotarians yesterday at the Charlottetown Hotel.

The foundation's fellowships are designed for "the furthering of understanding and friendly relations between peoples of different nations through the fostering of tangible and effective projects of the speakers' choice."

He traced the development of the fellowship idea from its origin in 1917 and its slow expansion until 1937 when the foundation committee had approximately \$85,000 in the treasury. Plans for energetic expansion were slowed up when the Second World War developed.

On the death of the founder of Rotary, Paul Harris it was suggested to all clubs that Rotarians make contributions to the foundation, and it was later decided to make a formal program was conceived as a living memorial to the founder.

The speaker explained the two types of fellowships available. One is awarded to male applicants only and each district in the same year that the following year other. In addition 10 additional fellowships can be awarded to male or female applicants to study in areas which, because of language or other reasons are not generally chosen.

AMBASSADOR ALSO
 "The task of a Rotary fellow is not simply to study but also to be an ambassador of goodwill from his own country and to take home his impressions and interpretations. To qualify for a regular fellowship he must be between the age of 20 and 28, have an interest in world affairs, possess a B.A. degree and be a citizen of the country in which he resides permanently.

The qualifications for an additional fellowship differ somewhat and are in keeping with the foundation's desire to encourage fellows to study in countries not generally chosen by the regular foundation fellows."

Up to the present the total of Rotary Foundation giving throughout the years is now nearing the \$9,000,000 mark. The past Rotary year was a banner one and for the first time in history annual Rotary income from contributions and earnings exceeded \$1,000,000.

Mr. Simmonds urged all members to try to obtain one fellowship for an additional fellowship for the 1962-63 academic year. He mentioned that the most pleasant of club projects. It costs us nothing and if we are selected for the award we will have presented a fellowship worth about \$4000 to some happy student living in the geographical boundaries of our club," the speaker said.

Amalgamation Report Expected Ready By Feb.

It is hoped that the report of the committee studying the feasibility of amalgamating the Charlottetown, Parkdale and West Royalty amalgamating with the City of Charlottetown will be ready by February, committee chairman Judge C. St. Clair Trainor said yesterday.

He indicated that he will send a letter to sub-committee chairman, setting a deadline for their reports. Last spring, several committees were set up to study and report on such matters as finance, a new taxation, water and sewer services, fire protection, police and public works.

While most of the committees have completed their work, some have yet to bring in their reports.

City Seeks Approval

It was learned yesterday that the City of Charlottetown has asked the provincial government for approval of the plan to amalgamate No-Man's land with the city.

In a recent plebiscite, the area voted to join the city. It is expected that the matter will be placed on the agenda of the next Executive Council meeting.
