

Intramurals

By Jim Fanning

This is not a new column, this is the same column but changed only in name from intermurals to Intramurals.

The new spelling and meaning professor Vince "Clam" Mulligan recently told me that it is intra-(within) murals (walls). So from now on it will be intramurals.

The Selects earned Team of the Week last week by winning its only start in softball last week 8-3. They defeated M&M and we recently asked new manager Gerry "Jim Fanning" Moore why

Mark "Dick Williams" Jones was fired. He replied, "because Dick doesn't know dick."

Another big reason for the Select victory is because J, Jim Fanning was in the lineup for my premier performance. The reason for the first week 0-2 record is because J, Jim Fanning, was not playing. Many ask me, Jim Fanning, why Selects lost last year in softball? It is because J, Jim Fanning, was not there for many key games and we lost those key games because

J, Jim Fanning, was not there.

In flag football, last week it was the Selects pounding the Engineers 18-3 with me, Jim Fanning, doing all the scoring for the Selects. Many people out there are asking me, Jim Fanning, when tackle football is starting. It is starting this week and, of course, watch out for me, Jim Fanning. The Selects won the Mulligan Bowl last year and reporters say it was all because of me, Jim Fanning. Well, even I

must be modest; it was mostly because of me with a little help from my friends.

Many youngsters who watch me play ask me, "Can I ever be as good as Jim?" Well kids, no you can't because there is only one Jim Fanning and that is me, Jim Fanning. So until next week this is your

favourite sports reporter,

Jim Fanning, signing off. If anyone has any complaints send them to me, Jim Fanning.

Softaballa - been - a berry - berry good to me. The game of the week was held last Tuesday, Colonel Red vs. Blanchard. Colonel Red's pitcher was obviously too gentle. Every ball that came over the plate was hit way out in left field. But Jacinta Galant developed a new technique by throwing the ball over her back. Obviously,

by the score (16-8) it didn't help at all.

However, reliable sources have stated that the game was sabotaged by, no one else but the ump. One ball was not enough, so he took it upon himself to use two balls in play. One tip girls: if at 3 trys you can't succeed, let the ball

hit you!

Flag Football started this week. Unfortunately, the rain and mud scared a few girls off. However, those who were there learned a little bit about the T formation. Or was it the I or H formation? The highlight of the game was the star center (Kathy Greene) who seemed to be the only one

who knew anything about the game. Peggy MacAdams along with Sue Whitley were a great pair instructing the girls how to throw and catch the ball. As for the rest, they are catching on and by the next game they should be ready for an exciting and scoring game.

That's all for this week. Hope to see every one out on the field.
