**ABOUT NEW HEADGEAR.**  
AN INTERESTING CHAPTER ON SPRING  
HATS AND BONNETS.

Novelties Described in Detail—Feathers,  
Flowers and Lace Will Rule in the Sea-  
sons to Come—A Dainty Toque—The Little  
Dutch Bonnet.

We grow more or less restive during a  
long continued existence of any one thing  
and sigh for and must have that accept-  
able "spice of life." Even nature gives us  
positive proof of this condition in her  
many changes of seasons and by her com-  
plete donning each time of something  
fresh and new, which shows it is a good  
thing to do.

Spring, the youngest, and seemingly  
the most favored of all the seasons, gener-  
ally brings with it a superabundance of  
all that is bright and attractive, and the  
feminine heart especially leaps high at the  
sight of all the results of the manufactur-  
er's artistic planning that have found ex-  
pression in ribbons and velvets, silks and  
muslins, flowers, feathers and lace.

The girls' hearts are turning just now  
very seriously to the beauties of new  
spring bonnets, for such dainty con-  
fections of a woman's toilet are especially  
deserving of consideration this season.

They are of every conceivable shape,  
to suit every possible style of face, with  
trimmings that, in tints and brilliancy,  
defy the rainbow, and yet all so exquisitely  
blended as to please rather than offend  
the eye, and convincing one at once that  
once that Mme. la Parisienne alone  
must be ascribed all the honor for the  
originality of the unique in headgear for  
the spring of '95.

For day wear, inclusive of all occasions,  
shopping, calling and receptions, large  
hats with drooping blooms will be most  
in vogue. For one preferring quiet  
elegance to brilliancy of combination,  
colors are mostly in the subdued shades  
of brown, green and gray, with black  
always in the lead.

A novelty for the first days of spring is  
a moire felt, as soft as a Leghorn straw,  
planned into any shape desired by means  
of long, fancy headed pins, with a "Col-  
ored" algrette finishing the back, and  
fastened just above the coil of hair.

For evening wear the most exquisite  
thing that met my eye was a small  
toque consisting of a heavy gold cord  
crown, designed in a conventional pat-  
tern, with turquoise blue velvet forming  
broad loops on each side of the front, pre-  
serving the desired broad effect to the  
head. Gold rings appeared just above  
the loops of velvet, while resting at the  
parting of the hair was a knot of velvet,  
fastened with a rhinestone buckle. Tiny  
pink and blue forget-me-nots peep out  
here and there from the folds of blue vel-  
vet, a bunch forming an algrette effect at  
the front and, combined with velvet,  
finished the back.

In the Continental shape was a lovely  
thing with jet foundation, immense fan  
of delicately tinted Dresden ribbon,  
for front trimming separated just above  
the forehead by a jet buckle. Immense  
Jacque roses of a deep red tint, out of  
which came bird of Paradise feathers,  
formed a lovely finish for the back.

The prettiest of the new ribbons are  
those of Dresden pattern, the foundation  
colors being of the most delicate tints,  
with tiny flowers, in exact counterpart of  
the Dresden china ware.

A revival of many old-time ribbons,  
mostly those in vogue about 1880, are ob-  
servable, but have not as yet gained full  
sway.

The quaintest sort of headgear possible  
and charmingly suitable, the Priscilla  
style beauty, is the Dutch bonnet and here  
is the idea.

The half moon shape is designed in dark  
green velvet. Red and cream roses are  
cunningly bunched in front; the back  
curved and finished in velvet. Just back  
of the ears comes a bunch of cream lace,  
fastened with gold ornaments and roses to  
correspond with the front trimmings.

Broad streamers of cream satin ribbon  
fall below the waist, and prove a fitting  
finish to this old creation.

If one had suggested some months  
since a combination of chiffon edged with  
jet or leather for hat trimming, one would  
scarcely inculdence feeling as to its fitness  
would have been readily expressed. Yet  
it is the prettiest novelty of the year.

A high peaked crown, just such a shape  
as the Mother Goose favored, is made  
entirely of patent leather, with a brim of  
shirred chiffon attached at the edge with  
narrow strips of the same glazy black  
material. Soft plumes curl about the  
crown and droop gracefully over the hair,  
truly a symphony in black and white.

Inexpensive and dainty is the new  
material called trickatine, and over which  
the gauzette of chiffon looks well. It  
combines softness and expression and is  
most desirable, as for years one has been  
obliged to shirk thin materials over.

There is a marked improvement in the  
jewels for millinery use. They do not of-  
fend the eye as in former years, and no  
pretty evening toque is complete without  
them, and rhinestones lead the day.

Imitation grasses are graceful and wear  
well.

Laces spangled in gold and silver are  
used on every possible occasion, and im-  
part a soft grace and expression to the  
face of the wearer, and particularly when  
used to form the "ear loops."

There is a whisper that violets must go,  
as they clash with the black and white.  
Still they trim some of the prettiest of  
the open toques.

Very often a hat is seen that has a  
crown of close and a brim of open straw,  
with huge pink and red roses bunched  
here and there, and producing a very  
flowery and pretty effect.

**NEWS NOTES**

Mrs. Nathaniel Collins, known to fame  
as the "Kontiana Cattle Queen," is about  
to issue a volume of camp and prairie re-  
miniscences. She knows a good deal  
about her subject, for she has been a  
"cattle queen" for over forty years.

The latest sensation in Eastport, Me.,  
is a "haunted house," in which his ghost-  
ship seems to have full swing between the  
hours of 11 p. m. and 2 a. m., and occa-  
sionally appears to the occupants, wearing  
the usual haggard face, and the woman on  
the ledge from which flows considerable  
blood. Then the mysterious rappings,  
and the noise, as if caused by a "knock  
down and drag out," can be heard every  
night, when all should be quiet.

A drowsy, irritable feeling indicates  
sluggish liver, Hawker's liver pills regu-  
late the liver and remove all unpleasant  
symptoms.

Coroner Maer was summoned to No.  
45 Bann street, Cincinnati, on Wednes-  
day. He and Constable McNight entered  
a bedroom in the house where a young  
woman stood leaning with both elbows on  
a dresser, looking at herself in the mirror.  
They spoke to her, asking her where they  
would find the corpse, but a neighbor who  
accompanied them said: "She is the  
corpse." The woman had gone to the  
mirror, and while looking at herself, had  
suddenly stiffened in death. Her name  
was Annie Shannon. She was twenty-  
three years old, and heart disease was the  
cause of her death. A four-year-old boy  
was playing on the floor when the Coroner  
arrived.

The war between China and Japan, says  
the Boston Herald, has not been such a  
tremendous affair compared with some of  
the conflicts with which we are familiar.  
Thus far five divisions of Japanese troops  
have been despatched to China, aggregat-  
ing at the time of departure 87,000 soldiers.  
At the outside not more than 43,330 have  
taken part in anything like serious fight-  
ing. Their losses in battle have been slight  
and few have been disabled by sick-  
ness, even when exposed to the severe cold  
of Manchuria. Compared with the mighty  
armies that were arrayed against each  
other in the United States thirty years  
ago, and remembering the blood that was  
shed and the treasure that was spent in  
that struggle, this Japanese-Chinese affair  
assumes small proportions.

**20 YEARS OF SUFFERING.**  
20 Failures to Cure

For 20 years I suffered the torments of  
the bladder with blind and itching piles.  
Had I known of any cure I would not  
have hesitated to have given hundreds of  
dollars to obtain it. I followed the in-  
structions of an eminent physician in the  
use of Pile Cure and 20 others of different kinds.  
From some a little relief was gained, but  
nothing approached a cure. I was about  
resigned to the fate of having to pass  
through an almost uninterrupted course  
of suffering so long as I lived, when  
Chase's Ointment was brought to my notice.  
The statements in regard to it were  
so strong and bore with them a sense of  
conviction sufficient to overcome my  
skepticism in regard to its being no bet-  
ter than the rest. I used it, with the re-  
sult of receiving immediate relief and per-  
manent cure. For weeks and weeks I  
was fearfully afraid of a return to misery,  
but it did not occur. I started using  
Chase's Ointment, hoping for relief and  
realized a cure that is permanent. I do  
not believe there ever was a worse case of  
blind and itching piles than mine, which  
led me to think there is not a case to be  
recorded that Chase's Ointment will not  
cure.

Yours truly,  
Geo. W. Morris,  
Brantford, Ont.  
Prop. The New Morris Separator.

**THE KENT CASE.**

A Visit to the Works of the British North  
American Note Company.

OTTAWA, April 8—A visit paid yesterday  
to the work of the British North American  
Bank Note Printing Company in whose  
employment is Mr. G. H. Kent, the report  
of whose recovery from Bright's disease  
with all its accompanying horrors of swollen  
limbs, convulsions, coma, and fearful  
pains, has been the cause of so much dis-  
cussion in the city, showing that he is still  
in the enjoyment of the health which he has  
gained by the judicious use of Dodd's Kid-  
ney Pills. For a man who may be said to  
have had one foot in the grave, and whose  
life is despaired of, he presented a re-  
markable picture of health and vigor, and  
performed his work at the heavy presses  
without any indication of weariness. He is  
loud in his praises of the remedy which  
cured him.

**Glad Tidings of Great Joy**

There could be no gladder tidings than  
news of a cure for consumption. Miller's  
Emulsion of Cod Liver Oil cures consump-  
tion and every disease of the lungs and  
respiratory organs. Why? Because it  
supplies new blood to the exhausted sys-  
tem, thus giving a new lease of life. Mil-  
ler's Emulsion is made from the Oil of the  
Norwegian Cod Liver, and in conjunction  
with hypophosphites of lime and soda  
forms the greatest fertilizer of the age.  
Miller's Emulsion is the great nerve  
strengthening and blood making, and cures  
Coughs, Colds, Bronchitis, Scrofula and  
all Lung affections. In big bottles, 50c.  
and \$1, at all drug stores.

**RELIEF IN SIX HOURS.**—Distressing Kid-  
ney and Bladder diseases relieved in six  
hours by the "Great South American Kid-  
ney Cure." This new remedy is a great  
surprise and delight on account of its  
exceeding promptness in relieving pain in  
the bladder, kidneys, back and every part  
of the urinary passages in male or female.  
It relieves retention of water and pain in  
passing it almost immediately. If you  
want quick relief and cure this is your re-  
medy.

Orilla Feb. 10th, 1894.

EDMANSON, BATES & Co.,  
Charlottetown, P. E. I.

Gentlemen—About three or four weeks  
ago I had an attack of Itching Piles. I  
tried two or three different remedies re-  
commended by druggists as "the best and  
only cure," etc., etc., but got no relief.  
About this time I was beginning to de-  
spair of finding any relief. With some  
slight misgivings I bought a box of your  
pale cure, which I am pleased to say gave  
me almost instant relief and permanent  
cure. I consider your Ointment a God-  
send.

**The Cheapest is Pond's Extract.**

Because on "Small" bottle, 50 cents,  
has more beneficial effect than one gallon  
of other preparations sold as being the  
"same as" or "equal to" Pond's Extract.  
For all pain and soreness.

With the memory of middle-aged peo-  
ple Consumption and other lung troubles  
were much more prevalent and fatal than  
they are today. The existing improve-  
ment in the public health in this respect  
is, in considerable measure, due to a more  
widespread appreciation of sanitary laws;  
but Putter's Emulsion of Cod Liver Oil,  
with the Hypophosphites of Lime and  
Soda, and Pancreatic, may justly claim  
to have largely aided in the good work.  
Many persons who some years ago were in  
a precarious state of health, are today  
sound and well, as a consequence of a  
faithful use of this valuable remedy.

For sale by all Druggists at 50 cents a  
bottle.

**Experience Has Proved It**

A triumph in medicine was achieved  
when experience proved that Scott's Emul-  
sion would not only stop the progress of  
Pulmonary Consumption, but by its con-  
tinued use, health and vigor could be fully  
restored.

**Heart Disease Relieved in 20 Minutes.**

Dr. Agnew's Cure for the Heart gives  
perfect relief in all cases of Organic or  
Senescent Heart Disease in 20 minutes,  
and especially cures a cure. It is a perfect  
remedy for Palpitation, Shortness of  
Breath, Smothering Spells, Pain in Left  
Side and all symptoms of a Diseased Heart.  
One dose convalesces. Sold by S. W. Dodd.

If too rapid eating causes dyspepsia, and  
it in its turn produces nervous exhaustion,  
debility, weakness, anaemia, etc., the first  
step in effecting a cure is to eat slowly.  
The second and most important is to take  
a course of Hawker's nerve and stomach  
tonic, which aids the process of digestion,  
invigorates the stomach, renews the vital  
ity of the blood, relieves brain fatigue, and  
makes weak nerves strong.

A good travelling companion, Hawker's  
liver pills, they remove all evil effects of  
overeating or drinking, without discom-  
fort.

Do you think it right to neglect a cough  
or cold? Hawker's balsam will speedily  
cure coughs, colds, and all bronchial  
troubles.

**Neglects and the Result.**

Neglect cold in the head and you will  
surely have catarrh. Neglect nasal cat-  
arrh, and you will be sure to incur pul-  
monary diseases or catarrh of the stom-  
ach with its disgusting attendants, foul  
breath, hawking, spitting, blowing, etc.  
Stop it all by using Dr. Chase's Catarrh  
Cure, 25 cents a box cures.

**The Range of Brains**

Dinner spoiled—husband mad—servant  
girl ugly—the ancient Stove did its best—  
it's old enough to rest—what a coal ap-  
petite it had.

You want a Coal and Temper Saver—  
an intelligent Range that won't ruin any-  
thing unless you let it.

The Model Grand Range saves enough  
coal and food to pay for itself in half a  
year. It's a cooker.

**What is  
CASTORIA**

Castoria is Dr. Samuel Pitcher's prescription for Infants  
and Children. It contains neither Opium, Morphine nor  
other Narcotic substance. It is a harmless substitute  
for Paregoric, Drops, Soothing Syrups, and Castor Oil.  
It is Pleasant. Its guarantee is thirty years' use by  
Millions of Mothers. Castoria destroys Worms and allays  
feverishness. Castoria prevents vomiting Sour Curd,  
cures Diarrhoea and Wind Colic. Castoria relieves  
teething troubles, cures constipation and flatulency.  
Castoria assimilates the food, regulates the stomach  
and bowels, giving healthy and natural sleep. Cas-  
toria is the Children's Panacea—the Mother's Friend.

**Castoria**

"Castoria is an excellent medicine for chil-  
dren. Mothers have repeatedly told me of its  
good effect upon their children."  
Dr. G. C. Osceola,  
Lowell, Mass.

"Castoria is the best remedy for children of  
which I am acquainted. I have had it used for  
years in my family, and I can say that it is  
of great benefit to the children, and I recom-  
mend it as a superior remedy for all the  
troubles to which they are liable."  
H. A. Archer, M. D.,  
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's depart-  
ment have spoken highly of their experi-  
ence in their outside practice with Castoria,  
and although we only have among our  
medical supplies what is known as regular  
products, yet we are free to confess that the  
merit of Castoria has won us to look with  
favor upon it."

customers every day. Town and country alike appreciate our style of business and  
are taking advantage of our reduced prices, knowing that we give them best value and  
fully from 25 to 35 cents per ton less than they formerly paid.

The Coal we sell includes all the Mines in SPYDEN PROPER and OTHER  
MINES IN CAPE BRETON, viz:—

**Victoria,  
International,  
Reserve,  
Dominion, No. 1,  
Cow Bay,**

**Gowrie,  
Old Bridgeport,  
Glace Bay,  
Caledonia,**

**ALL GENUINE COAL.**

We have sold thousands of tons during the past and present year, which has given  
every satisfaction. Some of our competitors handle Coal from the Mines which we re-  
present, and are glad to get the GENUINE ARTICLE.

When we accepted the Agency of the above Company we made a rule to make  
QUICK SALES, SMALL PROFITS, and GIVE GOOD VALUE TO THE PUBLIC  
which is our MOTTO.
