

THE SMALLPOX.

NEW CASES. No new cases to report to-day. CONDITION OF PATIENTS. Mrs. Pickard is worse to-day, and quite prostrate on account of the loss of her husband.

DEATHS. Miss Mary O'Neill, tailoress of Euston Street, near Clements' Corner, died last night, and Mr. Pickard to-day.

A SUSPECTED CASE OF SMALLPOX IN SUMMERSIDE. A man named Holly, a music teacher and piano tuner, arrived at Summerside from Charlottetown on Tuesday, the 10th inst.

A CASE AT GEORGETOWN. A case of smallpox has developed at Georgetown. The victim is William McLaren, son of Captain William McLaren.

A CASE AT MONTAGUE. A pronounced case of smallpox has been discovered at Montague. The victim is a boy named Burns who went with his mother from this city a short time ago.

THE STORES NOT CLOSED. Among the absurd rumors spread abroad in the country, is one to the effect that all the stores in the town are closed.

DOGS AND CATS AT LARGE. The Board of Health, at its meeting this morning, passed the following resolution: Resolved, That all owners of licensed dogs are hereby directed to have said dogs laid up until further notice.

NIGHT CLOTHES, ETC., WANTED. Although a large quantity of night clothing, old linen, etc., has been forwarded to the Citizens' Committee, a great quantity is yet required.

VACCINATION AT SUMMERSIDE. Summerside has been laid off into four wards, and a physician appointed for each ward, to inspect the residents and vaccinate all who have not already been done.

PRECAUTIONS AT NEW LONDON. The Secretary of the New London Board of Health writes:—Several houses are flagged at Hunter River, Cavendish Road and St. Mary's Road, and we hear rumors of another case at Millvale.

ANOTHER QUESTION. Sir,—Could you, without much trouble or risk, procure reliable information as to what percentage of vaccinated, as opposed to non-vaccinated persons, have taken the smallpox during the present visitation amongst us.

A VOLUNTARY SACRIFICE. Sir,—I think it but right it should be publicly known that Mr. W. E. Dawson, with that strong common sense which has always characterized him, has come to the conclusion that the quarantine has been prematurely removed from his store.

NOTES. To-day a gentleman handed the Mayor fifty dollars—to be used in the relief of sufferers. Good example. The yellow flag has been removed from Mr. Breen's house, Queen Street—no disease having developed therein.

amount of good feeling which is rarely exercised, and I trust that when the time comes for the reopening of his business, the public will show their appreciation of this action by largely increased patronage.

Tuesday, Nov. 24, 1885. J. T. JENKINS.

VACCINATION. The Board of Health having ordered that vaccination of the inhabitants of the city be compulsory under penalty of ten dollars or thirty days imprisonment, the following gentlemen yesterday made a house to house inspection of the different wards of the city and obtained statements of the number of inhabitants who have not been vaccinated, and their addresses:—

Henry Hughes, Rev. Mr. Carruthers, Chas. Lyons, A. Newton Large, Patrick Blake, William L. Cotton, A. B. Warburton, Michael Hickey, James Byrne, Alex. Mackinnon, Louis H. Davies, Rev. Chas. O'Meara, Thomas Rieley, Rev. J. M. Macleod, Frank Perkins, Jas. M. Sutherland, Henry Smith, William Murray, Rev. Mr. Whitman, John Fraser, Jas. Paton, Francis L. Haszard, Rev. Mr. Rice, R. R. FitzGerald, Jos. Unsworth, Jedediah S. Carvell.

These gentlemen met in the City Council Chamber last evening and gave in tabular reports. F. T. Newbery, Esq., occupied the Chair, and P. McQuaid, acted Secretary. From their reports we learn that at the time of their visit they found eleven hundred and twenty-six persons who were not vaccinated. They are located as follows:—

Ward 1 (West) 76 do (East) 56 Ward 2 (West) 75 do (East) 62 Ward 3 (West) 119 do (East) 35 Ward 4 (West) 10 do (East) 10 Ward 5 (five returns) 329 Total 1,136

The returns were arranged by the executive committee and placed in the hands of the doctors, who commenced the work of vaccination at 9 o'clock this morning, in the different wards as follows: Ward 1—Mr. Brown. Ward 2—Dr. Bagnall. Ward 3—Mr. G. E. Hughes. Ward 4—Dr. Tremaine. Ward 5—Dr. Leenigan.

On motion of Rev. J. Carruthers, seconded by P. Blake, Esq., M. P. P.: Resolved, That two of the public vaccinators be appointed by the Board of Health to visit the unreported district of Davy's Lane, and the infected district, and to vaccinate from house to house.

Rev. Mr. O'Meara, who was present, was on motion requested to make a house to house inspection of the infected district lying between Pownall and Great George Street, and north of Fitzroy Street, and report the number therein who have not been vaccinated. The rev. gentleman stated he would do so to-day (Wednesday).

On motion of L. H. Davies, Esq., M. P., seconded by H. Hughes, Esq.: Resolved, That the Local Government be requested to keep the public vaccination office open from 10 a. m. till late at night.

The meeting, after expressing satisfaction at the fact that no new cases were reported yesterday, adjourned.

PRECAUTIONS AT MORELL. Several persons have been leaving Charlottetown and seeking refuge from smallpox here. At a meeting of the inhabitants of Morell this evening at which Mr. Montague Coffin acted as Chairman, and the undersigned as Secretary, it was unanimously resolved that Mr. R. N. Cox, one of Her Majesty's Justices of the Peace, do act in the capacity of Health Officer until a Board of Health be established here.

It was also resolved that Mr. Cox shall prevent all persons coming from Charlottetown or any district infected with smallpox from landing at Morell or Morell Station.

It was also resolved that a copy of the resolution be sent to the EXAMINER for publication. CHAS. H. VAN DERSTINE, Sec'y of meeting. Morell, Nov. 23, 1885. (Herald please copy.)

ST. PETER'S BOARD OF HEALTH. At a meeting of the Board of Health it was reported that a house had been procured to be used as a smallpox hospital if necessary. It was made an order of the Board that all parents or guardians of children within the precincts of Lots 41 and 42 do have them vaccinated. It was also ordered that all owners or occupants of houses (whether boarding or private) do not admit travellers on trains or otherwise from Charlottetown, or any districts infected with smallpox.

DAVID ANDERSON, Chairman of the Board. St. Peter's Bay, Nov. 23rd, 1885.

SMALLPOX IN THE PARISH OF BOTSFORD. A Dorchester despatch to the St. John Telegraph states that a child of Stewart Allen, of Upper Cape, parish of Botsford, died of smallpox, and the father is suffering from it. Jeremiah Sweeney's family and the Mahoneys of Lower Cape are afflicted with the disease.

THE ISLAND STEAMERS. The New Brunswick Government have appointed Dr. E. P. Doherty, of Memra-ocook, as Health Officer, to travel on the steamer between Prince Edward Island and Point du Chene. Dr. Doherty will make a good officer.

THE SOURCE IN MONTREAL. The following table shows the whole number of deaths from smallpox, down to Wednesday night last in Montreal city and suburbs:—

Table with 2 columns: Date and Number of Deaths. April 6, May 10, June 13, July 46, August 239, September 697, October 1,630, November 629. Grand total 3,270.

NOTES. To-day a gentleman handed the Mayor fifty dollars—to be used in the relief of sufferers. Good example. The yellow flag has been removed from Mr. Breen's house, Queen Street—no disease having developed therein. Some private advices from the United States convey the idea that newspaper water from Charlottetown is destroyed, on account of supposed infection; but on enquiry at the Post Office we cannot learn that there is more truth in it than the usual complaint of non-delivery from carelessness—too common at any time.

Summerside Notes.

The brig Zerelde, loading here with oats, by Mr. James Peake, will be ready for sea to-morrow, 25th.

Peter Barclay, Esq., of Dal Norte, Colorado, is home on a short visit to his mother, who is getting aged and is in poor health. Mr. Barclay intends spending a few days with his Summerside friends, and may visit Charlottetown before he leaves the Island.

Although the roads are very bad, the weather is fine, and a large number of country people are in town every day.

The barkentine Roland, owned by Mr. Lefurgey, arrived on Sunday from Philadelphia with anthracite coal. She has commenced loading oats for Europe.

Oats are selling at 31 to 32 cts; Potatoes, 16 to 17 cts.

Boston Markets.

Boston, Nov. 22.

EGGS.—The demand has fallen off a little and prices are not so firm. Eastern extra are selling at 28c., but for other fresh it is not easy to get over 26c. per dozen. The best Western will command 23 and 25c., but a large portion of the Western receipts go lower.

POTATOES.—With more liberal receipts, there has been an easier tendency in Potatoes, and the market closes quiet. For the best Houlton Rose 58c. is an extreme price, and best Hebrons will not go over 65c. Other varieties range mostly from 45 to 55c. per bushel.

OATS.—The market is very firm and prices have advanced. Sales of No. 2 white have been made at 40 to 40½; No. 1 white and barley range from 42 to 44c. with some fancy barley held higher. No. 3 white are firm at 39 to 39½ per bush.

PORK.—The market continues steady, with a moderate demand. Mess rules at \$9.50 to \$10; clear at \$12 to \$12.50; and backs at \$12.50 to \$13 per bbl.

FISH.—Receipts of mackerel for the week have been 5,816 bbls including 4,328 bbls from domestic ports and 1,488 bbls from foreign ports. The landings at out-ports and here by the New England fleet foot up only 925 bbls against 3,769 bbls for the corresponding week last year. The market has been dull for all kinds of fish, and no activity is expected until after the holidays. A few trips of mackerel have been sold out of pickle at \$6.25 per barrel, but the season is over and the stock is now pretty much in store, and will be held firm until trade starts up again. Inspected lots are quoted at \$5 for No. 3, \$6.25 and \$6.75 for No. 2, \$17 for ordinary No. 1, and \$23 for extra No. 1. Very little has been done in Provincial Mackerel, and prices are entirely nominal. Large fat Mackerel will command extreme rates, but medium grades are not much wanted. Pickle cured Bank Codfish have ruled easy at \$2.75 for large and \$2.62½ per qtl. for medium. Dry Bank are scarce, and rule principally at \$1 per qtl. Hake are more plentiful, and selling at a shade under \$2 per qtl.

Counterfeit Coin.

A statement has been pretty widely spread that there are in circulation numbers of counterfeit silver coin. The Department of Finance has been investigating the statement, and traces it to the fact that the new coinage has not the letter 'H' in small size underneath the wreath below the denomination of the Dominion. The Finance Department desire to have it generally known that absence of the letter 'H' is not an indication. Sometimes when the royal mint is unable to do the work for Canada or other colonies, owing the pressure of previous engagements, the mint authorities employ Messrs. Heaton & Sons of Birmingham, to manufacture the coin, in which case that firm puts the letter 'H' on. When the royal mint does the work itself, no 'H' is stamped on. The presence or observance of the 'H' has, therefore, nothing to do with the genuineness of the silver coin of Canada.

INSANE.—The Moncton correspondent of the St. John Star says: 'A young woman named Sarah McKenzie, who came from Charlottetown, P. E. Island a month or two ago, and has lately been living at service in family of a prominent railway official, has been pronounced insane and will be taken to the asylum at St. John to-night. She has been acting oddly for some time, and has been attending the Salvation Army meetings under the exciting influences of which, it is supposed, her infirmity became pronounced. She was noticed to be acting very strangely at one of the army meetings last week, apparently trying to 'bang' her hair and other strange performances and after this meeting had to be taken home by the police. The police watched her last night, a medical man having pronounced her insane.'

THE STEAMER WORCESTER, Capt. Allen, arrived from Boston at 8 o'clock this morning with freight and the following passengers: Mr. Sullivan, Miss Annie Connors, Annie Millard, Fannie McEachern, Fannie Stewart, Mr. D. Campbell.

At the Stipendiary Magistrate's Court this forenoon one drunk was disposed of, and two sailors who deserted from the bark George Peake, were ordered to return to their ship.
