

# ROSES AND THORNS

In this week's column I would like to focus some attention on the hockey Panthers dismal pre-season play. After viewing three games, it is clear that the Panthers would be better at trying their skills at wrestling or kick boxing instead of ice hockey. The dirty style of play shown by a few individuals on the Panthers has rapidly spread throughout the entire Panther ranks. Just check the score sheets for the number of Panther penalties, you'd be astounded by the total just this past week-end. Coach Hynes has an abundance of good talent, but they are only good talent when they stay out of the penalty box. Hynes had better start disciplining his players for their actions and commence with a fresh, clean, fast skating, hard hitting brand of hockey. The U.P.E.I. fans deserve better then they received last week-end. To play the dirty, back-stabbing style of hockey in the upcoming game Chinese National Team would be a disgrace to P.E.I. hockey fans.

Enough of hockey, let's turn to another side of the athletic situation, the Soccer Panthers. The talent the soccer team has shown so far must make even Vince Mulligan smile a little, if not a lot. Mr. Mulligan has a well balanced team (only 1 loss in regular season play) backed up by 2 excellent goaltenders. Peter MacDonald and Jean Francois Painchaud each had a shutout over the weekend. This is the type of goaltending (only 4 goals allowed all season) that U.P.E.I. will need next week-end v.s. St. Mary's.

Go get'em boys. We're proud that your representing U.P.E.I.
