### Revisits P.E.I. After 50 Years

P. V. CROKEN

Back in the province of his birth, and enjoying every minute of it after over fifty years in western Canada, Mr. P.V. Croken of Grand Prairie, Alta., formerly of Emerald, P.E.I., has been many of his boyhood friends during the past week.

Mr. Croken, like many other successful Islanders, went west in 1906 as a harvest excursionist. He remained to join the ranks of the Grand Trunk Pacific construction gang on telegraph line work between Winnipeg, eventually becoming foreman of construction.

**POPULATION 200**  
Forty years ago Mr. Croken opened a general store in Grand Prairie, when the population there was two hundred persons. Today it is a flourishing centre with a population of seven thousand.

An active interest in town affairs brought Mr. Croken before his fellow town-folk as Trustee of the Separate School Board, the town council, president of the Canadian Club and president of the Liberal Association. In 1948 he was unsuccessful in attaining a seat in the Provincial Legislature for which his associates had nominated him.

**FREE TO TRAVEL**  
This mid-summer Mr. Croken disposed of his business and except for the necessary attention required of him as vice president and a director of the new Park Hotel in Grand Prairie, he is free to enjoy himself in travel, including a trip to Japan and China which he is looking forward to. The Park Hotel which has recently been opened, has forty-two rooms and contains a banquet room, cafe, and beverage room, and was erected at a cost of half a million dollars.

In Charlottetown, Mr. Croken is visiting his sister, Mrs. Milton Cannon, and Mr. and Mrs. Allison Croken. A visit to two of his cousins, Rev. Basil Croken, St. Theresa's and Rev. Harold Croken, Kinkora were particularly pleasing as was also a visit to Very Rev. Father Moreau, C.S.R., rector of Holy Redeemer Parish who was parish priest at Grand Prairie for several years.

A delightful climax to round of visits were reached when Mr. Croken called at the former home in Dundas, of Mr. Alex MacLeod, Manager of the Bank of Nova Scotia in Grand Prairie. A chat with Mr. MacLeod's mother proved most interesting.

Many Islanders will recall Staff Sgt. Keyes who served with the R.C.M.P. here and is now stationed at Grand Prairie.

**WAIT TYPHOON**  
**TOKYO (AP)**— Erratic but powerful typhoon agones was expected to pass 140 miles east of Okinawa early today, headed for Japan's southernmost island of Kyushu. The typhoon, gaining force and speed as it churned through the Pacific and the east China seas, was moving north Sunday night at 15 miles an hour with centre winds of 180 miles an hour and gusts up to 230.

**ENGAGEMENTS**  
**MR. AND MRS. ROBERT B. BROWN**, Charlottetown, announce the engagement of their eldest daughter Glenda Lillian to John Elmer, son of Mr. and Mrs. J. Stanley MacLean, Birch Hill. Marriage to take place September 21st at 3 o'clock in the Charlottetown Baptist Church.

**MR. AND MRS. CAIRNS McCALLUM** of Brackley Beach, P.E.I. wish to announce the engagement of Miss Eva Annette Finlayson, of Cambridge, Mass., daughter of Mrs. McCALLUM, and the late Samuel Finlayson, to Charles Herbert Beede, son of Rev. Harold R. Beede, and Mrs. Beede of Cambridge, Mass. Marriage to take place Aug. 31st.

### CAR OVERTURNS ON TCH NEAR CLYDE RIVER

Beverly Beaton, 17, of Bonshaw received lacerations to his car when the 1956 Rambler station wagon in which he was a passenger overturned on the Trans Canada Highway a short distance East of Clyde River

Bridge last night. Aidan Sheridan, Charlottetown, driver of the vehicle stated that he was coming from the Meadow Bank Road onto the highway when his brakes failed, causing the automobile to shoot across the road

and over a ten foot embankment. Two girl passengers in the vehicle escaped with minor cuts and bruises. Dr. A.D. MacLeod of Bonshaw attended the injured at his office.

### Closing Of World Scout Jamboree Is Described

The last two days at the World Jamboree at Sutton Colfield, England and the impressive closing ceremony are described in a special story to the Guardian from the Prince Edward Island contingent.

"On August 11th the boys awakened at 7 a.m. Everyone arose and got breakfast and cleaned up the patrol site. They were then free for the morning which they spent visiting Scouts from other countries and swapping scout badges. The afternoon was spent in the same way.

"In the evening there was a display by the Sutton Colfield Scouts to which we were invited. It was greatly enjoyed by all and afterwards we went to bed.

"Today we had the pleasure of another of the daily visits by Terry Manning and Ray MacLean who are with the Canadian Servicemen's boys from Germany.

"The Scouts started arriving at the scene at 7.45 and from then until the 9 p.m. starting time, they were continuing to arrive until finally they were packed in like sardines.

"The impressive ceremony started with a parade of national flags, the flag being held by a United Kingdom scout, and the scouts from other lands mounting the dias and receiving a memento on behalf of his country.

"After that had been completed Lady Baden Powell, the wife of the man who founded Scouting, gave a speech in both French and English.

"Next there was a huge fireworks ending with a set piece depicting a Scout's badge. The ceremony was ended with the Scouts singing the Jamboree song as they marched arm in arm, out of the arena singing.

"The Prince Edward Island boys straggled home one by one and went to bed after an inspiring show."

**Q. When do people reach old age?**  
A. Teen-agers think they will be old at twenty-five. Grandmother, at fifty-five may consider sixty-five as the mark of old age. Actually, the aging process is gradual and begins at birth. If Father Time could be stopped and the body made to retain the healing and resisting powers of a 10-year old, you could expect to live about 800 years, maybe longer.

**Q. Do we inherit long life from our parents?**  
A. There is a good deal of truth in the old saying, "If you want to live to a ripe old age, choose your parents carefully." One doctor study the effect of heredity on aging is by comparing twins. Identical twins (one egg twins) tend to show their age at about the same time. They seem to inherit an equal measure of life span. Two-egg twins, who are twins just because they were born at the same time, usually have different age patterns. One twin may age early—the other late.
