

A HUMOROUS JOCK TALKK!

Wild-eyed and unshaven, Gerald is knocking at our door again asking for one more "Jock Talk". Since we have no activities to comment upon we'll turn to a booklet, turned out by Demon Statistician John Neville, which gives extensive figures on all hockey activities for the past season...almost to the number of left-handed spectators attending. Quite unfortunately we find most statistics boring so we will try to monotonize our column with witticisms too humorous to mention! Referring to this interesting(?) hockey booklet we find that blanks are left to be filled in for the awards to be made for "Most Valuable Player", "Rookie of the Year" and "Most Improved Player". Those entrusted with these choices are quite welcome to their task, We are also interested in who gets the uncoveted "H.A. Award" (Jock Talk uses no questionable language) as we hear there are several favourites as well as some dark horses still in the running. We find that the Ponderosa Cup goes to Wilfred MacDonald for "Star" selections in games played, Top Scorer is Louis Lortie while membership on the mythical All-Conference team goes to no less than THREE Panthers, Wilfred MacDonald, the unfortunately injured David Cameron and Louis Lortie...To us the really meaningful information is that, in league play, we won 11, lost 7

and tied 2 to finish in third place and that, in playoffs we lost 2. Finis.

But John's booklet has much more. For instance, we know we had a most exciting team and the reason is right there... we led the league in scoring with a whopping 115 goals...almost 6 per game! Are you keen on knowing that these were 42-34-38 by periods with 1 overtime? Our S.O.G.'s totalled 773 for a startling average of almost 39! No wonder there was lots of action in Panther games. In league powerplays, we had 111 opportunities and succeeded in making the

opposition goalie disgustedly fish the puck out of his net 29 times for an average of 26%, while in the reverse situation we succeeded in frustrating the opposition 75 of 97 times for a success figure of 78%. And, further, confounded the "Bad" guys by scoring 9 shorthanded goals! The goalkeeping stats are mostly those of Ronnie "Snags" McInnis who, in 19 games had 61 goals scored upon him for a 3.22 G.P.G. average, stopping 475 of 536 shots. One undivulged and important figure that we'd like to have would be the number of times

Snags made intruders regret invading that sacred territory inside his crease. Scoring leaders were Louis Lortie (47) David Cameron (43) and Val Mitchell (42). Ralph Josie had a substantial lead over all others in time spent in the penalty timekeeper's company. We wonder...if Ralph used his penalty time in studying French, would he be bilingual?

There is a plethora of other information in John's booklet that we trust will be perused ad nauseum by Panther fans. Personally, we'll leave it all for their edification and we'll go out on our own personal limb and forecast that we will not lose 4 games in league play next season!

Any bets?

Before giving this to Gerald, we read it to John and told him that, while we were impressed with all the work that went into gathering all this information, we think the won-lost record the only one worth much attention...we both had a good laugh over our opinion....except him.

We'll add a post-script. Just as we finished the above, it was pointed out to us by a hockey player (not involved) that on the night scheduled for the Athletic Awards Dinner, five of the hockey players will be out of town playing for Gentleman Jim's....Larry Arsenault, Wilfred MacDonald, Snags McInnis, Wayne Squarebriggs and Louis Lortie. Lots of Athletic Award potential in that group. Could we meekly suggest a change of date??

RUMOR HATH IT

RUMOR HAS IT.....

- The Conservative Party wants to use the Barn as Campaign Headquarters.
- March came in like a lion.
- Personnel Board positions for next year have been open for two weeks.
- The Movie Club will not be having a showing this week.
- Another snow storm is forecast.
- Student Council meetings, open to all students, are held in the Board of Governors Room in Kelley Building Sundays at 6 p.m.
- Ed Hilton is going to the NCAA basketball playoffs in St. Louis, Missouri.
- The "Great Blizzard" of February is to be followed by the "Great Flood" of March.
- Intramural playoffs are being held this week.
- Vince Mulligan draws up the rankings for the Horses Ass Award each week.
- Half of last week's layout staff for the SUN is laying out this week in Florida.
- Student Union Council party is to be held next month.
- Last Sunday's Council meeting was cancelled because there wasn't a quorum.
- The Senior Class made about \$700 in the Dance Marathon.
- The Co-Ed last Friday was a lot of fun.
- The Yearbook staff would like more staff.
- Shelly Pepler was seen in the 2nd Floor showers of MARIAN HALL late Tuesday night.
