DOWN MONTAGUE 6-3 BEFORE 2700 FANS

S'side Aces Enter Finals

The Summerside Aces won their way into the Island Hockey League finals at Civic Stadium last night before about 2,700 wildly enthusiastic fans, defeating the Montague Primroses by the score of 6-3. The Aces had a wide margin in play throughout alll three periods, Dillon stopping 42 shots to 18 for Mann.

Coke Grady scored three for the winners and helped out on another. He opened the scoring h alf way through the first period, stickhandling beautifully past two checks to blast a shot from the blue-line that beat Dillon to sag the upper right hand corner. Montague evened it up in less than a minute. Bub Dowling getting his own rebound. Coke Grady put the Aces in front again three minutes before the end of the period. Ron MacArthur carried from the Aces zone, weaved his way over the blueline and set up Grady with a neat pass.

Ulric Gallant made it 3-1, after 32 seconds of the second period, batting it home from a wild scrimmage in front of the Primrose cage. Coke Grady and Ron MacArthur combined beautifully for another counter at 8:01 with Coke's zipping shot finding the meshes. Vance Harris made it 5-1 at 16:30 on a nice combination effort with Gallant and Shepherd.

Apps Arsenault opened the scoring in the final frame with a solo effort at 2:41. Coke Grady set up Garth Harris who found the meshes from right wing with a hard shot at 9:48. The blast seemed to go through Dillon's pads.

Dave MacLeod ended the scoring for the night, his long shot along the ice getting through Mann to make the final score read 6-3.

Nine Mile Creek Cops School Title

Bobby MacDonald's goal at the 3-minute mark of the third period gave Nine Mile Creek School a 1-1 tie with Winsloe School and the North River League School title at North River rink last night. Nine Mile Creek won the 2-game-total-goal series 5-4, having won the previous game 4-3.

The winners took possession of MacKinnon Bros. trophy.

Girls Playoffs At Arena Today

Today at Sports Arena at 1.00 p.m. local fans will be able to take in a sudden-death game for the Island School Girls' Title and the Wellner Trophy as Georgetown School Girls cross sticks with Tryon School Girls. Both these teams have plenty of talent and a real tussle is expected before one or the other takes home the silverware. Georgetown girls are defending titlists and will be doing their best to hold the trophy another year while the Tryon girls will be going all out to annex the cup their first year in competition. The Trophy will be brought to the city by Georgetown and presented immediately following the game.

At 5.00 p.m. Tryon Sisters will play Georgetown sisters in the final game for the Girls' Provincial open title and the Physicla Fitness Trophy emblematic of same. The Trophy is presently held by Abbie Sisters who this year seemed unable to ice a team fo practice or competition due to retirement and change of residence of several of their former players.

At present Tryon Sisters coached by Keith Thomas and managed by Ken MacLean are 4 goals up on Georgetown but knowing Georgetown as we do, it is still anyone's series.

Immediately following the game the trophy will also be presented for this title.

Hampshire Wins R. R. Bell Trophy

Hampshire downed York 6-2 at North River rink Thursday to win the North River "C" League title and the R.R. Bell Trophy. By virtue of having won the league title for two years, Hampshire has gained permanent possession of the Bell Trophy.

Watt led the Hampshire attack scoring 2 goals. Singles went to MacLeod, Blanchard, Corbett and White. Scoring for York were MacDonald and Robertson.

Two Minds With Single Thought

REVERE, Mass. (AP) — Two minds with but a single thought: Al Rose of Brookline and Dick McCarthy of Medford saw their openings at the same moment in the first round of Friday night's preliminary fight at the Rollaway Arean.

Both threw right hands at the same instant. Both went down for nine counts under the blows. Both got up att he same moment.

Rose got a technical knockout over McCarthy at 1:10 of the second round.

DOWN THE BACK STRETCH

A friend of this column telephoned us a few nights ago asking the name of the horse that was second to Indian Land when Joe O'Brien won the $50,000 stake at Santa Anita with him. It was on the tip of our tongue to say Dr. Stanton and then caution said no, so we have gone back to the Year Book to find out the particulars. Before that however, we would like to trace Joe's history.

During the early part of 1947 he had raced in the Maritimes and after Old Home Week had gone to the newly opened track at Foxboro, Mass., where with some Maritime owned horses and some others he had been asked to drive, he acquired the reputation of being one of the best there. Sep Palin, the trainer of Castleton Farm Stables, Lexington, Ky., was on the lookout for a driver to handle the pacers in his string and he hired Joe with the understanding that he would train and race all the pacers and Mr. Palin would handle the trotters.

The first big event Joe drove in was the Golden West Free For All Pace, purse $50,000, raced May 1, 1948. There were 20 starters and Dr. Stanton 2:00 1-5 was the favorite. The best pacers that had raced in the United States the previous season were entered, and the turnout of fans was the largest ever seen at a harness race meeting n California.

The afternoon was a perfect one and the 20 horses got away quite well and changed positions frequently throughout the race. Coming down the stretch the backers of Indian Land did not think he had a chance but Joe had reserved his brush for the last furlong and mowed them down, finally winning by a head from Forbes Chief in 2:33 for the mile and a quarter. In the grand stand was Mrs. Johnston, who had been a Miss Dodge, and she and her friends were greatly excited and more than delighted with the outcome.

This is the order in which the horses finished. 1. Indian Land; 2. Forbes Chief 2:01 1-5; 3. Goose Bay 2:00 2-5; 4. Guest Star 2:02 1-5; 5. Little Judy 2:00 2-5; 6. Dick Eria 2:05 4-5; 7. Angus Worthy 2:02 4-5; 8. Scottish Boy 2:01 2-5; 9. The Diplomat 2:01 4-5; 10. Dale McKlyo 2:01 3-5; 11. Prince Richard 2:01 2-5; 12. Grattan McKlyo 1:59 4-5; 13. Jimmie Creed 1:59 4-5; 14. Easter Dale 2:02 1-5; 15. Poplar Byrd 1:59 3-5; 16. Rudagar 2:01 2-5; 20. Alamite 2:00.

GOOD SEASON

Dr. Stanton while not racing to the satisfaction of his backers, went on to establish quite a name for himelf, winning over $50,000 the following season. He was owned and driven by W.L. Fraser of Forest, Ontario, who has raced some of the top trotters and pacers in Canada.

Blair Andrew of New Glasgow, P.E.I., left early this week for Saint John, N.B. where he will take over the training and driving of The Chief's Stables of Glen Falls, N.B. Looking over the Year Book for last season we find that these horses did quite well. Tom Day 2:12 45 was 10 times first, 6 times second and once third; Earl Forbes of Hi-Lo 2:09 2-5 had 7 firsts, 10 seconds and 3 thirds; Danny Dale Boy 2:11 2-5, 7 firsts, 10 seconds, 4 thirds and Mr. Excellency was twice second and twice third. A new member of the stable is the 6-year-old pacing mare Esther B. 2:08 3-5 that was purchased at the Delaware sale last fall. She is eligible to the 2:19 pace. Blair took away with him the 3-year-old Shirley Andrew, that showed considerable speed and looks to be a good prospect for the slower classes.

A horse that is expected to travel the greatest distance to race at Vernon Downs this season is the 2:28 class pacer Blue Skylark, owned by William M. Paige, Saskatchewan, Canada. He is nominated to 14 early closing events. The Year Book shows him as sired by Poplar Byrd 1:59 3-5, an extra good sire, and his dam is Steinway. Last season he took part in seven, winning four and taking a record of 2:09 2-5.

Jacques Beaudoin of Montreal, Que. made no mistake when he bought Bay State Pat from Andrew Perry of Summerside in the fall of 1955. He was winter trained in the south and raced all through last season against some of the fastest horses in the United States and Canada. In 30 starts he was 9 times first, 4 times second and twice third and won $35,360, making his total earnings $46,360 during his racing career. This season he will be classed as a 2:05 pacer but will probably not have to meet any stronger opposition than he did last year. Bay State Pat was one of the real "finds."

He was overlooked for years and when he fell into the hands of Andrew Perry he was considered n.g. Andrew used patience and kindness and through the efforts of Chester Smith who got him used to the hopples, and later James MacGregor, who took him over and stepped him his first good mile—2:15, he increased in speed rapidly and during the season of 1955 made 36 starts, was 21 times first, twice second and twice third. He set up a track record of 2:06 at Summerside, also a track pacing record of 2:03 3-5 at Blue Bonnets, Montreal and 2:02 3-5 at Quebec City.

Luke Praught, Ernscliffe, has sent away for eligibility certificate, etc., for his good pacer Lana Dale 2:15 3-5, bay mare by Playdale 2:04½, dam, Ruby P. Lana Dale showed a lot of speed in her starts last year and should knock two or more seconds off her tab this year.

REAL RACING

Looking over our scrap book we came across the Annual Review of Harness Racing For the Season of 1919, written by our late friend James W. Power of Halifax. We thought it most interesting and that it would appeal to many of our older horsemen and also show the present generation that they really raced horses in those days. . . . "Seventy- three meetings with 252 races were held during the past season in the Maritime Provinces, with 667 heats trotted or paced in 2.30 or better, against 412 in 1918. For the first time in the history of the Maritime Province turf 2.10 was not only beaten, but seven times heats were tr ed or paced in 2.10 or better. Last year 29 heats were trotted or paced from 2.10¾ to 2.15; this year there were 80 heats from 2.08¾ to 2.15. Two hundred and seven heats were won from 2.15 to 2.20 and 373 from 2.20 to 2.30.

'No less than 18 track records were reduced and the class of horses in the Maritime Provinces may be gauged by those which made these new marks. The new track records are as follows: Chatham, John A. Hal 2.03¼, track record 2.08¾; Sussex, Peter Farren 2.07¼ - 2.09½; Moncton, Peter Farren 2.07¼ - 2.10; St. Stephen, John A. Hal 2.03¼ - 2.10; Fredericton, Adioo Guy 2.00½ - 2.11¼; Woodstock, Fern Hal 2.05½ - 2.11¼; Springhill, Fern Hal 2.05¼ - 2.13; Kensington, Peter Farren 2.07¼ - 2.14½; Summerside, Bob Mac 2.11¼ - 2.15½; New Annan, Our Colonel 2.03½ 2.1-6½; Glace Bay, Vanza 2.13½ - 2.16½; North Sydney, Tonita C. 2.15¼ - 2.17¼; Kinkora, Corwin Hal 2.13¼ - 2.16½; Truro, Cochato Lady 2.18 - 2.20; Inverness, Leila Burns 2.13½ - 2.21 Garfield, Dunholme 2.16¼ - 2.22 Middleton, Napoleon C. 2.17¼ - 2.22; North Tryon, Colarado L. 2.10¼ - 2.23½.

The champion of the year was John A. Hal, ow d by W.C. Fen-

HUNTERS' CORNER

Thousands of Wild Geese Clustered Around the Shores

March, with its bone chilling winds, is still with us and yet we have thousands of wild geese clustered around our shores. If the annual northward migration of geese continues at its present rate this spring bids fair to see a record flight of geese make a temporary stop-over on their way to the breeding grounds along the eastern shore of Hudson's Bay and its Northern islands. The northern section of Labrador also draws its quota of Canadas. April 10th to 12th will see the flight at its peak and between the fifteenth and twentieth of the month. The laying geese begin taking off. The non-laying birds, geese up to three years of age and sometimes older, remain until late May and have been known to tarry till the first week in June.

Open water is at a premium even at this date and if food in abundance was not available in the stubble fields and potato meadows the birds would have been hard pressed to obtain enough food to keep them in condition. I know of a stubble field with a southern exposure that borders on a noted Goose bay. It covers approximately 30 acres and during Combine operations last fall a lot of grain was left on the ground. Early this week the farmer who owns the field had occasion to visit his wood lot bordering the northern edge of the stubble and was amazed when over a thousand geese took wing... the air was literally full of birds.

I inquired as to how he made his count. He explained the field has 600 yards of shoreline indented with shallow coves. There was a strip of stubble l re all along the top of the high bank and a black windrow of geese was strung alalong its entire frontage. He estimated them by the yard...two geese to the yard would make the count twelve hundred. I've counted geese that way myself if I happened to know the length of an open channel.

Last Sunda aft...noon I drove to Orwell.....Lougheran's Marsh... to see how the geese were faring. I knew from 5 to 700 had made this spot their early headquarters. I arrived at 4:10 p.m. and was rather disappointed. The mile long, narrow black ribbon of open channel that curved and twisted seaward was devoid of geese. About 20 black ducks, where there should have been hundreds, dotted its surface here and there like raisins in a scrimpy plum loaf. I figured the birds could be feeding in the fields, altho gh I didn't like the look of the set-up, and a pair of high power Field glasses were kept trained on the skyline.

About 4:30 p.m. 7 black dots appeared on the horizon in the direction of Donald John's. It was a family of 5 last years goslings and a pair of large, seasoned parents. It was a lesson in strategy to watch their appproach. When about 400 yards distant from the open water the old birds forged ahead and climbed for altitude. They circled the channel at a safe distance and then swung back to meet the children. They led them in a wide circle from the open side for a landing. The goslings splashed into the water but the old goose and gander dropped on the ice at channel edge with necks held high and surveyed the woods 200 yards to the north...the danger side....before jumping in the water.

Maybe they remembered a blustery evening ten days earlier when snow squalls cut visibility to a few yards and a surface drift funnelled over the open water when, without warning, two dark blobs emerged from the white wall and three shotgun blasts spread death and destruction among the close packed geese. Maybe they also remembered the hiss of leaden pellets as they spattered their way across the ice surface and heard again the cries of wounded comrades calling for help that couldn't be rendered. Once when the 5 goslings drifted too close inshore the two old birds with outstretched necks and loud honking drove their charges into the upper channel.

If we only knew the reasoning power possessed by birds and animals we'd be truly amazed. Take for instance Smokey II, the cat mascot at the City Fire Hall. The other morning at 3:00 a.m. Police Officer Duncan MacPhail, on duty at the time, was sitting at his desk. Suddenly Smokey appeared. He generally spends the night looking for mice in the Fire Hall several corridors and some distance away. Luckily a door was left ajar. He jumped on the desk, spun in a circle several times, turned a couple of somersaults and headed back to the Fire Hall. In a jiffy h. returned and repeated the performance. He never acted like that before and Duncan lost no time in making his way to the Fire Hall.

He was barely in time. A rag closet in a corner was shooting flames clear to the ceiling and it took concerted action by Firemen to avert a catastrophe. When I went down to survey the damage the following morning and Smokey was the coole. member of the Fire Department. He was squatted in the charred closet watching a couple of holes burned in the wall...for mice if you pleased. "What a hop. he has" I remarked. "That's what you think," a Fireman replied, "he's caught five already." Yesterday morning Smokey called at the Tax Office and rubbed his back against my shins. I didn't have the heart to ask if he had paid his taxes.

FOR N.B.-P.E.I. JUVENILE TITLE

Abbies And Campbellton Tangle At Arena Tonight

Norman Larter's powerful Juvenile Abbies can wrap up the N.B.-P.E.I. Juvenile hockey title at the Sports Arena tonight when they face Campbellton in the second game of their total-goal series. Abbies, icing a full lineup, will carry a 4-goal spread into the tussle as a result of their 8-4 victory at Campbellton on Wednesday night.

Coach Larter has high hopes that his squad will win tonight and says with a good sheet of ice, fans attending will be treated to a brand of juvenile hockey not witnessed on Charlottetown ice for many years.

The present addition of the Juvenile Abbies is one of the strongest in years. It is a well balanced, fast skating team with three or four top notch hockey prospects.

In goal the Abbies have John Blatch, a never-say-die performer who can already hold his own with the Island's better goaltenders. Blatch has stopped most games for the Abbies this year and Wednesday at Campbellton played sensationally to inspire the Abbies to victory.

Coach Larter will use five defensemen tonight. George Trainor, a real promising blocker, will likely lineup with big Rick Bradley and Dave Currie, Keir Jones and speedy Don Murray will round out the blueline brigade.

On his first string line Larter will have one of the Island's most promising youngsters, blond Billy Mulligan centering rugged Frank Bradley and Dale MacWilliams, a big youngster from Cape Traverse. Donnie MacCormick, Brodie Lantz and Glen Thompson will be the second combination while Joey Arsenault, Wayne MacDonald and towering Don Stewart make up the next combination.

While giving the opposition their due, coach Larter is confident that the Abbies can bring Charlottetown the N.B.- P.E.I. title. "If the boys play like they did in Campbellton we can take them;" said the coach last night.

"They are big and will give us a tough game, but we can pass better and are faster. A good sheet of ice and we will show fans a brand of juvenile hockey that they haven't seen in a long, long time."

A big crowd of fans is expected to sit in on the game which gets underway at 9 o'clock sharp.

YOUR REGIMENT

the First Regiment, 8th CANADIAN HUSSARS (Princess Louise's)

Canada's oldest cavalry regiment — the 8th Princess Louise's (New Brunswick) Hussars, has been chosen to become the First Regiment, 8th Canadian Hussars (Princess Louise's) of the Regular Army.

For a limited number of young men, here is an opportunity to serve in an armoured regiment that has its roots in the Maritimes and that will make its headquarters at Camp Gagetown, N.B.

If you would like further information about career opportunities in this new armoured regiment, or any unit of the Canadian Army, mail this coupon, 'phone or visit your local Army Recruiting Station.
