MESSAGE

From His Excellency the Lieutenant Governor, in reference to a Despatch from the late Sir Donald Campbell, recommending an alteration in the Constitution of the Colony.

A. BANNERMAN, Lieutenant Governor.

The Lieutenant Governor has received the Address of the Assembly in reference to a Despatch, some time ago forwarded to the Colonial Minister, on the subject of the Franchise and Constitution of this Island; and the Assembly state, "that having under their consideration the Election Law, with the view of revising it, they are anxious that all the light that is practicable should be thrown on the subject, and request that the Despatch should be laid before them for their information."

The Lieutenant Governor has to acquaint the Assembly, that the Despatch alluded to was forwarded to the Secretary of State by his immediate Predecessor, under the belief, that it would be unwise to concede Responsible Government, unless accompanied with a measure to limit the Franchise to a close assimilation to a right of voting exercised in the other North American Colonies, where it is confined to Freeholders alone, by limiting the County Constituencies to freeholds, not less than forty shillings; and Leaseholders possessing fifty acres, at an annual rent of fifty shillings, twenty years' occupation, and improvements thereon, amounting to £300 currency,—to raise the qualification of the Members of the Assembly, and to reduce their number to nineteen. Such was the substance of the Despatch; and the Lieutenant Governor is of opinion, that laying it before the Assembly, with the proposed law necessary to have effected such a change in the Constitution, would not tend to aid the Assembly in the revision of the Election Law, which he observes is now under their consideration.

GOVERNMENT HOUSE, March 4, 1852.

PRINCETOWN LITERARY AND SCIENTIFIC SOCIETY.

The annual meeting of this Society took place at the Church at Princetown, on Monday evening, the 5th January, the Rev. John Kier, President, in the Chair.

The Rev. Robert S. Patterson being present, delivered an introductory lecture on the Properties of Matter. After which, the annual Report of the Society was read by the Secretary, and adopted.

Several interesting lectures were delivered during the year, and the attendance upon all occasions large and respectable. The amount received within this period, as subscriptions to the library, far exceeds that of any previous year since its formation, which will enable the office-bearers to enlarge the library, and thereby extend and increase its usefulness.

The accounts were examined and found to be accurately kept. Balance in Treasurer's hands to date, £19 8s. 9d. A Committee of order was appointed, and the following persons elected office-bearers for the ensuing year:—

Rev. John Kier, President.
William Clark, Esq., and Benj. Bearisto, Vice do.
James Bearisto, Secretary & Treasurer.

Committee—Robert Craig, Esq., Messrs. Neil Taylor, Geo. Thompson, James M'Kay, Geo. Ramsay, Harry S. M'Nutt, and Geo. Sinclair.

THE article headed "Wanted, a Constitution," extracted from the *British Colonist*, of the 1st March, we have given entire as it in every respect describes a similar state of things in P. E. Island, and Heaven knows we are as much in want of a constitution as any part of Her Majesty's dominions.

WANTED, A CONSTITUTION.

The fact of this Province being under the hoof of a contemptible despotism is now too self-evident to require further demonstration. —Nominally, we have three branches of the Legislature, but practically only one, and whether that one meets at the Province Building or at the Government House is itself a question. In short, we are in a state of such beautiful uncertainty, that though we hear constantly of Responsible Government, nobody can tell where the responsibility belongs. If the Executive is responsible only to the House of Assembly, what is the use of the Legislative Council?—Of how many members does the Executive Council really consist? If nine are requisite, why are there only six at present? If six are enough, why is the number not limited to that? Is the Legislative Council an independent body? If so, why can it be swamped, by the addition of the new members at the pleasure of the Government? Of how many members does it legally consist? In short, questions of this kind may be asked without end, and the only real truth we can come at is, that this glorious confusion allows the Executive to do exactly as they please. Having little or no stake in the general prosperity of the Province, their chief business seems to consist in interfering with the public offices, with a view either to direct as much as possible of the revenue into their own private coffers, or to secure themselves in the enjoyment of their ill-gotten treasures by a system of centralisation, sophistry, bribery, and intimidation. When certain members of the House of Assembly sometimes complain of the overpowering influence of the capital, they forget that they themselves are the very cause of that influence being predominant. The Conservatives do their utmost to oppose the centralising system, and wish to see the country represented by independent gentlemen. It is the Liberal members, who, while jealous of the city, are unconsciously rendering it more and more the focus of all power and patronage.

In the hope of throwing some light on what the Constitution ought to be, we venture to offer a few suggestions. Mr. Johnson, the most able and practical Statesman in the Province is now speaking out in favor of an Elective Council, and we also find this one of the articles in the constitution lately granted to the Cape. Let us have then, a Legislative Council elected by the people. That the functions and responsibility of the Cabinet may be made definite, let it consist of an equal number of members elected by each House; the Governor to have a casting vote. In this way the Governor will be really a third branch of the legislature. When the two Houses can't agree on any vital question, let the Government dissolve them, to take the opinion of the country. No public officers, except the legal advisers of the Crown to have a seat in either House. As for the remuneration, we would have the members of the Council paid like the Assembly, and would add a hundred a year additional allowance to each member of the Cabinet. The difficult question of patronage might be disposed of, by the offices being given to members of the legislature, with the proviso, that they resign their seats for the future. As for the funds to meet this new expenditure, it appears that enough might be struck off the Governor's salary, and those of the Provincial Secretary and Receiver General to cover the whole. The Provincial Secretary has certainly shown, that his deputy can do all the duty, and we can't see why, in this Province, a man should be paid in one capacity for acting in another. Above all, the suffrage should be so modified as to prevent prospectively, our being swamped by an influx of strangers. We would have a general registration, the lists to be constantly open for inspection in the local offices, and no man should vote, who could not sign his own name, at the very least. Such are briefly, the main points to which we would respectfully call the attention of the House of Assembly.

NEW BRUNSWICK.

The Attorney General laid on the table the two following Resolutions; First—

Resolved, As the opinion of this Committee, that the connecting the Provinces of Nova Scotia, New Brunswick and Canada, by a Great Trunk Railway, is of vital importance to the future interests and prosperity of this Province, inasmuch as the accomplishment of such undertaking must tend not only greatly to increase its population, but advance its Commerce, Agriculture, Manufactures, and all other industrial pursuits.—Second—

Resolved, As the opinion of this Committee, that the proposition for constructing a Railway from Halifax to Quebec through this Province, in accordance with the plan, and in the proportions lately suggested by the delegates from the Canadian Government at Halifax, and agreed to by the Governments of Nova Scotia and New Brunswick, should be accepted by the Legislature of this Province, as being the only line on the joint account of the three Provinces now left for construction.

The Legislative Council of New Brunswick have decided that no ecclesiastic shall henceforth have a seat in the body.—The Maine Liquor Law will, it is said certainly pass the Lower House.—The Judge's fees have been abolished by a vote of 28 to 4.—The very able speech delivered by Hon. Mr. Chandler in submitting the Rail Road Bills appears at length in some of the New Brunswick papers.

A report is prevalent that Government intend to impose a fixed duty of five per cent, to provide for the Railways, is passed.

If a man would keep both integrity, and independence free from temptation, let him keep out of debt. Dr. Franklin says, "It is hard for an empty bag to stand upright."

Dr. M'Hale has issued another pastoral, which is levelled at National schools, and all other educational establishments, not under the entire control of the priests of his church.

HOLLOWAY'S PILLS

CURE OF A DISORDERED LIVER AND BAD DIGESTION.

Copy of a Letter from Mr. R. W. Kirkus, Chemist, 7 Prescot Street, Liverpool, dated 6th June, 1851.

To Professor HOLLOWAY;

SIR,—Your Pills and Ointment have stood the highest on our sale list of Proprietary Medicines for some years. A customer, to whom I can refer for any enquiries, desires me to let you know the particulars of her case. She had been troubled for years with a disordered liver, and bad digestion. On the last occasion, however, the virulence of the attack was so alarming, and the inflammation set in so severely, that doubts were entertained of her not being able to bear up under it; fortunately she was induced to try your Pills, and she informs me that after the first, and each succeeding dose, she had great relief. She continued to take them, and although she used only three Boxes, she is now in the enjoyment of perfect health. I could have sent you many more cases, but the above, from the severity of the attack, and the speedy cure, I think, speaks much in favor of your astonishing Pills.

(Signed) R. W. KIRKUS.

AN EXTRAORDINARY CURE OF RHEUMATIC FEVER, IN VAN DIEMEN'S LAND.

Copy of a Letter inserted in the Hobart Town Courier, of the of the 1st March, 1851, by Major J. Walch.

Margaret M'Connigan, nineteen years of age, residing at New Town, has been suffering from a violent rheumatic fever for upwards of two months, which had entirely deprived her of the use of her limbs; during this period, she was under the care of the most eminent medical men in Hobart Town, and by them her case was considered hopeless. A friend prevailed upon her to try Holloway's celebrated Pills, which she consented to do, and in an incredibly short space of time they effected a perfect cure.

CURE OF A PAIN AND TIGHTNESS IN THE CHEST AND STOMACH OF A PERSON 84 YEARS OF AGE.

From Messrs. Thew & Son, Proprietors of the Lynn Advertiser, who can vouch for the following statement.—August 2, 1851.

To Professor HOLLOWAY.

SIR,—I desire to bear testimony to the good effects of Holloway's Pills. For some years I suffered severely from a pain and tightness in the stomach, which was also accompanied by a shortness of breath, that prevented me from walking about. I am 84 years of age, and notwithstanding my advanced state of life, these Pills have so relieved me, that I am desirous that others should be made acquainted with their virtues. I am now rendered, by their means, comparatively active, and can take exercise without inconvenience or pain, which I could not do before.

North Street, Lynn, Norfolk.

AN EXTRAORDINARY CURE OF THE GRAVEL, AND A MOST DANGEROUS LIVER COMPLAINT.

Copy of a Letter addressed to J. K. Heydon, Esq, Sidney, New South Wales, dated February 25, 1851.

SIR,—A Mr. Thomas Clark, a settler at Lake George, was for a considerable time seriously afflicted with a complaint of the Liver, together with the Gravel. His medical attendants, after trying all their skill, candidly told him that his case was hopeless, and any further efforts useless. In this situation, and when expecting every day would terminate his existence, a friend recommended him to try Holloway's Pills, and as a forlorn hope he did so, the first dose gave him considerable relief, he therefore persevered in taking them according to the directions, and is now restored to perfect health. He will feel great pleasure in confirming this statement, or even make an affidavit to the same effect, should it be required.

Goulburn Herald, New South Wales.
