

# JOCK TALK

## MICKEY PLACE

We recall, with amusement a cartoon, of about a decade ago, which showed two sedate old gentlemen looking out their office window at a parade of scuffy looking protesting college students. The captain was "I wonder what became of "Rah - Rah - Rah?" We have no objection to protests & think they often show a commendable interest in things but we often have wished for more of the "Rah - Rah" spirit so that we are happy to report that we find it stronger in the Panther Lounge directly after a football or hockey game th-

an in any place we can think of. Particularly so when our valiant Panthers have come out on top. Last Saturday afternoon's party was especially good. This is being written in and will be published and read in Prince Edward Island and we must have due regard for hard-to-understand laws so that we will dutifully report that good cheer was abundant as ginger ale & coke flowed freely. As our heroes dropped in for a relaxing root beer each was cheered roundly. Spectator students replayed the game in a manner that little resembled what went on on the field. Runs & passes become spectacular & hits are harder than in the N.F.L. ....all to singing, tablethumping & dancing & the music of CSUR. We might also comment that we appreciated being

served by Andree Beaurgard as we think her a much prettier than Billy Mutch, Don Maginnis or Carl MacKinnon. Or almost anybody else for that matter. As for the game itself . . .well ANY game is good when you win. We didn't think it was as close as the 35-18 score would indicate. We thought that after we reached a 25-4 lead, Coach Hilton started preparing for next Saturday's engagement with Mount A. We don't like to pick any players as outstanding but would say that we were glad to see that the Canvin arm can still throw strikes & our greatest thrill was Bobby Thompson's break through early in the contest to stop an almost certain field goal. This seemed to set the stage for the game that followed. Next week it will be our team travelling to Sack-

ville for an important game against the strong Mounties. If enough students show enough interest (and \$'s) the Student Union will run a bus. Including ferry fare the cost should be approximately \$4.00. You'll hear more over CSUR. These bus trips are REALLY fun & you shouldn't miss them. We expect there'll be a victory party in the Panther Lounge & the bus will be back in plenty of time for that celebration. Just go down & see Jane McCormac in the S.U. some time before Thursday with your money clutched in your mit & you'll never be sorry! We talked briefly with hockey coach John Kane & he tells us that there will be about 40 players trying out for the team. He thinks of this year as more of a reshuffle rather than a rebuilding although there are lots of new faces to meld in with the strong holdovers from last season. We are glad to see hometown players Jerry McCarron & Carl Trainor back with us after an effective sojourn with U.N.B. Our biggest loss, other than the expected graduations is Steve Van Deist who is defecting to S.M.U. Steve is one of our favorite players & we had a strong personal liking for him so we find ourselves at a loss to comment. After long cogitation we can think of is that we wish him luck and every success----- in his studies. We wonder if our students will have to pay admission as they travel to S.M.U., Acadia & Mount A. We consider it most unjust that we welcome visiting students free of charge & often have to pay full admission when the Panther Rooters in Sackville next Saturday and as we end this labourious two-finger typing task we'll take off our hat & bare our bald pate in tribute to the conscientious & enthusiastic hard working Cadre staff who are, this year, sacrificing their weekends so that you may get their excellent paper at a more convenient time! How about a (ginger) ale to these sentiments? Footnote . . . We have just learned that our Girl's Field Hockey team blanked U. of Moncton 2-0. Atta Girls!!!!!!
