

# DOWN THE BACK STRETCH

Tonight's races at the Charlotte town oval will see the first appearance of the season of Mary Merk 2:08 3/5, owned by Earle Semple and Harold Cudmore. It will also be her last appearance here for some time as she leaves next week together with other members of the stable—Jessie Dick 2nd and Hilda Mac—for Old Orchard, Maine, where she will be campaigned in \$10,000 worth of stakes. Jessie and Hilda will also race in open events. All Islanders will wish them the best of luck when they meet the fast brigade in the Potato State.

Director Frank Acorn of the Provincial Exhibition believes that the program for tonight will be one of the best and that the average time will drop several seconds from last Saturday night's. Of course the oval was heavy from rain and other causes but tonight with more work under their belts the horses will be capable of turning in faster miles. A glance over the entries will show that the events are well balanced and the finishes should be very close.

Next week afternoon racing starts at Riverside track where proprietor Leo Praught's classes should have a large entry list and give a good afternoon's sport. On Saturday the scene shifts to Summerside where Harold Gaudet has put the plant in the very best condition and is offering \$2,000 in purses. This will certainly draw the stars on the Island circuit and it will be an afternoon's racing that will give plenty of thrills. There will be no racing at Charlotte town Saturday night, July 1st.

The Dan Patch movie which drew such large audiences when here, will be understood, be back again on the screen at the Prince Edward for three afternoons and evenings in the near future. It is a picture well worth taking a second view of.

Josedale Clipper 2:06 1/2, recently purchased by Wendell Barbour and Roy Bevans from Dr. F. C. Dougan, was trucked over from Truro on Thursday by Roach MacGregor. He is in perfect condition—as one would expect coming from Johnny Conroy's stable—and is as kind as a kitten. He was given a brief job yesterday and a bit of a tune up and will be racing this evening.

Horsemen will regret to learn that the good little pacer Dick Budlong 2:13 1/5, owned by Dr. J. A. Donahoe, died at the Truro track this week. The news came in shipping from the Island to Truro and never got over it. He was purchased by Don from Dick Simms, thus his name. Fans will remember the wonderful heat he won at Charlotte town—certainly Don won't forget it—when Dick paid \$155.70 for a \$2 ticket. He was one of the Donahoe string

raced at Foxboro last fall where he was a winner. Don asks do we ever hear anything from Peter Budlong? The answer is, no, we haven't seen his name in the Maine summaries so far.

The season's pacing record received a jolt at Moncton Thursday evening when McKloy Cash stepped the first heat in the Free For All in 2:09 3/5, A. G. Scott 2. In the second heat these two horses raced to the half as a team but A. G. Scott on the inside going the short mile, was the winner in 2:11. Lock Hanover was 3-3. Miss Donna Mae, that has been racing very well this season, won the 2:20-2:27 class in 2:16 4/5—within two-fifths of a second of her record, and that good trotter Jennie Kinnison also won her event in 2:17 4/5. The winners were mostly from Springhill where an early opening and a couple of race meets were good tune-ups for Thursday evening.

The following appeared in the St. John's, Newfoundland, News this week and the Mr. Willis Reid referred to arrived here Thursday and had a drive around the track behind one of Teddy Weir's horses yesterday....

"The well-known horseman, Willis (General) Reid, leaves tomorrow by the S.S. Wellington Kent to take in some of the harness racing events at Charlotte town, P.E.I. He is taking along with him the trotting mare Harvest Melody, 2:10 1/4, and her foal by Big Gun, son of Guy Abbey 2:06 1/4, and Maytag (2) 2:05 1/4, by Volomite.

"Harvest Melody is now owned by Mr. John D. O'Driscoll, President of the Nfld. Horsemen's Association, but was bred by Mr. Reid and raced under his ownership during her outstanding campaign of Maritime tracks in 1936, equaling the Charlotte town track record in her first race, being driven by that prince of sportsmen, Lt.-Col. D. A. MacKinnon, D.S.O. She is to be bred to Willard Kelly's splendid stallion, Playdate, 2:04 1/4."

"As this is the 'Old General's' first visit to the mainland, I feel sure all lovers of the light harness racing sport will join with me in wishing him a most pleasant holiday at the 'Garden of the Gulf.'"

Below are the summaries of the two races which Harvest Melody won here in 1936—2:18 Trot: Harvest Melody (MacKinnon) 1-1-2; Silk Girl 2:10 1/4 (Boutiller) 3-4-1; High Toby 2:13 1/4 (Cummings) 2-3-3; John Dean 2:10 (Morris) 5-2-4; Calumet Bee 2:11 (McNeill) 4-8-5; Anna Guy 2:13 (MacMillan) 7-5-6; Fairweather 2:14 (Avery) 8-6-7; Captain Cope 2:14 (Semple) 6-7-8; Jolly Set 2:16 1/4 (Holmes) 9-8-5; Oh Boy Fischer 2:11 (Conroy) 10-8-5. Time: 2:10 1/4, 2:10 1/4, 2:11 1/4. (The second heat equalled the

# McCarthy Resigns As Manager Of Red Sox

ST. LOUIS, Mo., June 23—(AP)—Stating he is "physically exhausted," Joe McCarthy today resigned from baseball for the second time.

Joe Cronin, general manager of Boston Red Sox, immediately named coach Steve O'Neill to replace McCarthy as manager.

The ailing, 63-year-old pilot, who had seen the Sox lose 11 of their last 13 games, said when asked whether he planned to return to baseball:

"No, this is final." The announcement of McCarthy's resignation, made in St. Louis, came shortly after he had scoffed at reports that he was quitting. He had said then, at his home in East Amherst, N. Y., that he would rejoin the Sox for their game in Philadelphia next Tuesday.

He was reported ill with pleurisy and flu when the Sox reached

Chicago last Tuesday. He remained in his hotel room until yesterday when he took a plane for his home in East Amherst, a suburb of Buffalo.

Following the announcement of his retirement, McCarthy was asked about his plans for the future and he replied: "Give me a chance to make up my mind. I'll let you know next Monday or Tuesday."

He said he had notified Cronin in Boston this afternoon that he "must quit the sport."

McCarthy, who led the New York Yankees to seven world championships before retiring the first time in 1946, described himself as "physically tired, physically exhausted."

His wife said he took the action on the advice of his physician, Dr. Arthur Burkel.

"Marse Joe" became manager of the Sox shortly after the 1947 World Series.

# HUNTERS' CORNER

Trout are beginning to show signs of life. In short they are beginning to reciprocate and are overture. Some nice catches have been made this past week of both the fresh water and sea run varieties. The sea trout have been taking the fly quite readily on certain rivers and estuaries and on some streams are reported to have worked their way up to the head-water pools. Full fledged sea runs may be confidently expected any time after July 1st if not before that date.

June has been a warm, dry month. The insects hatch has been underway for some time and the trout have been extremely well fed. Seldom does one see trout with their sides bulging the bursting point so early in the season. This abundance of natural food may have had something to do with the finicky behaviour of our finny denizens during the first half of June. From observation and report there appears to be no scarcity of trout this season.

This month has been very favourable for the upland game hatch. It will particularly favour the Ruffed grouse, woodcock and snipe and a few early hatched pheasant broods. Hungarian partridge seldom hatch out chicks before July 1st although a few coveys have been observed in late June. Ring-necked pheasants brood earlier than do the Huns and frequently young pheasants are spotted by mid June. Chukker partridge, if information concerning them is correct, are supposed to be somewhere in between pheasants and Huns in respect to brooding activities.

This spring has been exceptionally favourable for all species of wildlife as regards the rearing of their young. It makes a world of difference in the life of thimble sized wildfowl chicks on how the weather behaves during the first week or ten days of their existence. The young of Ruffed grouse are very susceptible to cold rains and if this type of weather continues over a protracted period the losses sometimes run as high as 75 per cent. Even broods of ducklings suffer when the weather continues cold and wet. So far this spring everything has been hunky dory for all classes of wildlife.

Crow broods are on wing, those that got a chance to grow up at least, and the first hatching of rabbits are over half grown. There are some crow nests where the young are still in the fledgling stage and it will be well on in July before the crow hatch has been completed. The crow count is mounting and it is expected that several thousand pairs of crows will have been turned in when the Contest ends.

One doesn't realize how many nests of eggs, both game and nongame, that are destroyed by predators until a number are found and kept under observation. I have always considered it bad luck (for the nesting bird) when I stumble over the nest of a duck, pheasant, quail, etc. seldom prevail such nesting sites until I feel positive the incubation period has ended. One can tell whether or not the eggs have been successfully hatched or eaten by a crow or other predator. If the contents of the egg have been sucked or eaten the edges of the shell curl on account of the inner skin adhering to the shell. If the egg has produced a duckling or a chick the egg edges do not curl over.

A skunk generally digs a nest up after taking the eggs and a crow often leaves empty egg shells scattered over a considerable space. Crows will sometimes carry an egg off with them if they have found duck nests that were raided by a crow, or crows. Quite a few years ago I came across a black duck nest of 11 eggs that a crow had just found. Three eggs had been clean dry while a fourth had approx. one half its contents left. All the remaining eggs in the nest had been neatly punctured. It took that crow, or pair of crows, three days to finish the eggs. They must have made their visits at daybreak for I never caught them at their nefarious work although I spent many hours watching with a gun across my knees.

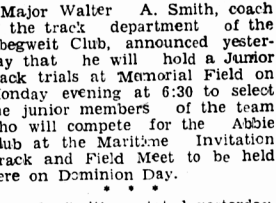

Several duck nests under observation by visiting wildlife men

# IN THE CORNER

Major Walter A. Smith, coach of the track department of the Abegweit Club, announced yesterday that he will hold a Junior track trials at Memorial Field on Monday evening at 6:30 to select the junior members of the team who will compete for the Abbie Club at the Maritime Invitation Track and Field Meet to be held here on Dominion Day.

Coach Smith stated yesterday, that the teams are being limited to three entries in each event and that due to the fact that there are several sprint men eligible for competition, it will be necessary to hold these trials to select the best men to represent the Club. This three-man entry will not apply of course where the relay competitions are concerned.

All members of the team who have been turning out regularly for training, are asked to be on hand for the trials, and an invitation is also extended to all others who have been training on their own but are interested in performing with the team on Dominion Day.

Local sporting fans will have considerable activity and entertainment to take in this week-end. Heading the bill this afternoon will be the third stage of the President's Match at the Charlotte town Golf Club's Belvedere course, while in the evening it will be Night Racing at the Exhibition Track. For the racing enthusiasts, it will be a big 10-yard-dash card that is expected to come up with the keenest competition and fastest times of the season to date.

Baseball will highlight the Sunday afternoon activities, when an All-City contest in Island Physical Fitness Baseball League play will get underway at Memorial Field at 2:30 when the Abbies and Men's Falcons clash in their second meeting. Summerside fans will see the Curran and Briggs nine take the field against the Moncton Royals in a double League exhibition fixture.

Local boxing fans will be interested to learn that Harry Poulton, Island welterweight champion, will step into the ring at Springhill tonight in a six-round, go with Johnny Stewart of Amherst. The bout will be the semi-final attraction, on the Ossie Farrell-Cobey McCloskey scrap there. McCloskey captured the Island Heavyweight title from George "Big Boy" Peterson here Friday, June 16th.

# Kinsmen Down Knights 5-3 In Junior League

The Kinsmen Juniors did the unexpected last night when they dumped the Knights of Columbus Juniors 5-3 in a regular junior league encounter. The game was played before a large crowd of fans on the Memorial Field diamond.

With Benny Carson pitching a masterful game and his teammates making the most of their opportunities the Kinsmen broke into the win column of the league for the first time this year.

Carson set the powerful Knights down on four hits while walking one and hitting two and whiffing thirteen batters. Jack Burke matched him pitch for pitch, however, and except for errors in the infield the game would have been closer. Burke touched for four base hits. He struckout ten Kinsmen batters.

The scoring in the game broke out in the top half of the third frame when the Knights tallied twice on a triple, a wild pitch, a walk, a stolen base, and two infield outs. However, the Kinsmen were not to be denied as they came to bat in their half of the same inning, and walloped five runs across the plate for their margin of victory. They had two hits, a walk, two fielder's choices, and the losers kicked in with four errors. The Knights came back in their half of the fourth when they sent another run across the plate on two hit batters and a brace of infield outs.

Hardest hits of the game went to Jack Burke of Knights who had a triple, and John MacDougall of the Kinsmen who had a double. Bunny Wood made a great running catch off Donnie MacLean's foul pop back of first in the eighth

for the fielding gem of the game.

# Name Committee To Attend Hockey Meeting

At a special meeting of City hockey enthusiasts at the Legion Hall last night, Major T. B. Rogers, Messrs Wes "Bucko" Trainer, William Boyles and R. J. "Roddie" MacDonald were appointed as a committee to represent Charlotte town at a meeting of the Maritime Senior Hockey League at Moncton, N. B., Sunday.

The committee will make official application for franchise and entry into the M. S. H. L. on behalf of a Charlotte town Hockey Club as a participant for the 1950-51 season.

At the meeting, presided over by Major Rogers, many other details and problems were brought up and discussed in regard to Charlotte town's participation in the Maritime Hockey League, and it was decided that a meeting would be held at the City Hall tonight at seven o'clock, to choose a name for the Club and appoint a nominating committee. The nominating committee will bring in a probable slate of officers as a temporary club management which will be put to a vote before a meeting to be held Monday evening.

A complete report on the number of holding seats and game tickets sold in the current campaign, will also be given at tonight's meeting, which will include those distributed yesterday at Summerside, Montague, Mount Stewart and Hunter River, as well as those received by mail from other rural areas.

Chairman Rogers stated last night that all tickets out must be returned at tonight's meeting, and that all ticket holders and any other interested citizens are invited and urged to attend this meeting.

# Whynott-McCloskey Bout Scheduled Here July 7

The next boxing thriller at the Forum will bring together two well known and clever boxers in the persons of Cobey McCloskey, reigning heavyweight champion of P.E.I., and the ex-Canadian middleweight champion Roger Whynott. Island fight fans will long remember the slugfest put on by the same Whynott and "Ace" McCloskey in the Forum three years ago, a fight that still has the fans talking.

Whynott has never stopped boxing and has had 17 wins in the last 21 starts and has done most of his fighting in the New England States with the odd one in the Maritimes and Quebec. He is a two way fighter as well as a very scientific boxer. In meeting Cobey McCloskey Whynott realizes that he will be up against one of his hardest opponents and has all kinds of respect for the hard hitting and clever Cobey who can give plenty and take whatever the other fellow has to throw at him. Like Whynott, Cobey is a two way fighter and has plenty ability in the squared circle and is coming along fast and improving with every fight.

There is a lot at stake in this important battle because the winner will get a shot at Yvon Durelle one week later in the Forum. This same Durelle has been after a bout with Roy Wouters, the present Canadian middleweight champion, so with this prize in sight neither Whynott or McCloskey will spare any chances or draw any punches in this meeting as both are itching for a crack at the hard hitting Durelle.

A little bout is in line for the semi-final when Bud and will lay his lightweight title on the block against Beau Jack. Fight fans are well aware that this pair always give of their best and it is bound to be a bang up scrap all the way.

# Abbies-Falcons To Meet Sunday

It will be an Abbie-Falcons clash that will highlight baseball activity here Sunday when the two squads oppose one another over Memorial Field at 2:30 in their second meeting of the Island Physical Fitness Baseball League schedule this season.

The game should be one that will pack plenty of action when the Abbies come out to garner their first win in three league starts this season and to avenge the 3-0 defeat they suffered at the hands of the Falcons in their first meeting one week ago Wednesday.
