

Keen Interest In Montague Races

It was only last week that Montague opened the New Federal building with appropriate ceremonies. These ceremonies served to point up the fact that Montague has many things in the "new" column, its new bridge, new residential, new high school, new streets. The town indeed is growing in size and attractiveness.

Moreover it is reviving a great old institution, a major Island summer attraction for many years, the Montague Races.

What memories these words recall to the generations of horse lovers, who attended this popular annual event between the two great wars. Who among those privileged to be there will forget the day the great Halifax pacer, Patrick Direct set the track pacing record at 2:09 1-2, against a great field of Island and Maritime owned horses?

Year after year the Montague races draw and held the patronage of large audiences and it is heart-warming to see the fine track once more advertised as the scene of a racing card.

They go today at the Montague track, and Wednesday half-holiday motorists who head that way, and who have not been in Montague recently will appreciate the town's growth.

Former Scholarship Winners Entertain New Rhodes Scholars

MONTREAL, (CP) — Six Canadians, bound for Britain and Oxford University as Rhodes scholars, were entertained at dinner Monday night by former winners of the scholarships.

The private dinner has become an annual event, one at which the older Rhodes scholars recall their own experiences at Oxford and give advice to the scholars-elect.

Eleven Canadians were elected as Rhodes scholars this year. The six entertained at the dinner party are scheduled to sail later today in the Empress of Scotland. They include Laurie Gauvin of Dorchester Crossing, N. B.

The five others picked for scholarships this year include: Arthur L. Fote, Halifax; John Lewis, St. John's Nfld.; and Robert Murray Mundle, Sackville, N. B.

CECIL RHODES IDEA The scholarships, worth £600 a year, are among the oldest in the English-speaking world. They were established under the will of the late John Cecil Rhodes of South Africa, who died in 1902, leaving his fortune for scholarships.

Scholarships so far have been awarded to approximately 21000 men, selected on the basis of scholarship, personality, sportsmanship and character from overseas nations of the Commonwealth and the United States.

Harvesting has been nearly completed here at Savage Harbour and already several farmers have completed their threshing. Yield is reported fair, with the grain, an average quality. Very soon potato digging will be in full swing. Little blight is reported through this area and a bumper crop is anticipated.

Good catches are being made by all boats fishing out of Savage Harbour.

Savage Harbour

Mr. and Mrs. Wilfred Coffin of Savage Harbour accompanied by their son, were visitors to Charlottetown on Sunday.

Mr. and Mrs. Charles Morrison, who for the past number of years have resided in Montreal, have returned to Prince Edward Island and have taken up residence in Mr. Morrison's home district, Savage Harbour. A sincere welcome is extended to Mr. and Mrs. Morrison as they return to take up abode in this district.

The regular meeting of the Savage Harbour Women's Institute was held at the home of Mrs. Barbara Doyle on September 14, with a large number in attendance.

In the absence of both the president and vice-president, Mrs. John Morrison presided in a most acceptable manner. Since this is the busiest season of the year it was decided to let all plans for raising funds such as card parties, etc., stand over until next meeting. A favorable report from the District Nurse, Miss Ida MacKay, was read by the secretary, Mrs. Clarence Murphy, and the suggestions embodied in the report will be carried out. Money was voted to buy the necessary supplies for the school and a donation to the Iron Lung Fund of five dollars met with the approval of all. The following committees were appointed. School, Mrs. John Morrison, Mrs. Lester Gunn, Mrs. Temple Murphy; sick, Mrs. Lester Gunn, Mrs. John Morrison, Lunch, Mrs. Fred Mosher, Mrs. Barbara Doyle; program, Mrs. John Morrison, Mrs. Catherine Doyle. At the conclusion of the program a delicious lunch was served. The next regular meeting will be at the home of Mrs. John Morrison on October 12.

The recent gale exacted its full toll throughout this area. Several barns were completely flattened, while many others were severely damaged. Livestock were in all the barns destroyed, but as far as can be learned not a single animal was hurt. The wharf at Savage Harbour was also badly damaged which causes much inconvenience to the fishermen. It is understood the necessary repairs will get underway shortly.

Good catches are being made by all boats fishing out of Savage Harbour.

Britain Offers To Sponsor Talks

LONDON, (AP) — Britain has offered to sponsor peace talks between Israel and Jordan aimed at ending their border feud.

Minister of State Selwyn Lloyd told a delegation of eight Arab ambassadors in London that Britain is willing to offer her good offices for negotiations.

Lloyd's declaration was made public by the foreign office Tuesday after a meeting attended by the ambassadors of Iraq, Egypt, Lebanon, Jordan, Saudi Arabia, Yemen, Libya and Syria.

The statement was in reply to a joint memorandum from the Arab countries Sept. 17 which called on "every power interested in peace to deter Israel from any further aggression" and to give immediate economic and military aid to the Arab countries.

The British statement urged Israel and Jordan to clear the way

for the peace talks through "reduction of tension by the cessation of incidents and a more conciliatory attitude on both sides."

NEW PAVEMENT

Light pavement is being laid on the seven-mile road for a 2-mile stretch just outside Cardigan. Last week the prime coat was poured over the road, and yesterday morning the work of laying the asphalt and chips got under way. The whole job will take about two days if good weather prevails. It is expected that the remainder of this road from Cardigan to Dundas may be completed next year, if possible, and its completion will mark another step forward in providing better transportation throughout the area which is already being well serviced with considerable work having been done on the clay roads. The amount of produce and other transport moving over this road is not inconsiderable, and with the advent of a paved road it will increase to a greater extent.

Continue Trial On Fraud Charges

QUEBEC (CP)—Defence counsel Maj. Guy d'Artois Tuesday told a court martial trying Lance Corporal Denis Gauthier of Montreal on 18 fraud charges involving \$3,000 that an accused cannot be convicted solely on the testimony of witnesses.

In his plea to the court, he cited a decision by Judge Laetare Roy in sessions of the peace court as precedent.

Gauthier and 24 other soldiers are accused in an alleged \$13,000 furniture-moving racket uncovered in July. The army says Gauthier, while an orderly-room clerk at nearby Valcarlier army camp, knowingly made out moving forms for men who had no intention of moving. The army says it paid a Quebec firm \$13,000 for fictitious moving.

DOUBTS WITNESSES D'Artois questioned the reliability of several crown witnesses and asked the court to consider whether the responsibility was Gauthier's alone or that of a group.

At the end of the defence plea, Judge advocate Yves Bernier summed up all testimony heard during the trial.

The 24 other soldiers are before a military court of justice at Valcarlier camp. They will be either acquitted, punished or referred to court martial if their offences are judged serious.
