

AN OPEN LETTER

Sir,—The F. E. I. Tuberculosis League, on the fourteenth anniversary of its founding, is pleased to announce to the public that it can now give effect to a policy which it has long sought to be able to implement — that is a free chest X-ray service.

The League draws to your attention that it is still a voluntary health organization, operated by chosen representatives of the public, and is still very dependent upon voluntary financial support to ensure that it remains so.

Yours sincerely,

Board of Management
F. E. I. Tuberculosis League.
