

LOCAL AND OTHER MATTERS.

A TERRIBLE STORY.

A little more than a week ago, the Civic authorities obtained information which warranted them in causing the arrest of Thos. B. Carter, Confectioner, of this City.

(COPY)

The information and complaint of Margaret Griffin, of Charlottetown, Jamaica, taken and made on Saturday, the 13th day of March, 1875, before the undersigned, one of Her Majesty's Justices of the Peace for and in Queen's County, who, being duly sworn, deposes as follows:—That she, the said Margaret Griffin, is, at the present time, confined on a sick bed in the dwelling of Margaret Thompson, widow, corner of Queen and Kent Streets, in Charlottetown, and her illness was occasioned by the brutal and barbarous conduct of one Thomas B. Carter, of Charlottetown, Confectioner. Deponent, Margaret Griffin, upon her oath, saith, that in the month of May, 1868, she became acquainted with the said Thomas B. Carter, being then in the seventeenth year of her age, and has kept his company since that time, except upon one occasion he was of the Island for a few weeks. Said Thomas B. Carter came regularly to see her every night, though all the weather. A mutual affection existed between them; and, by his assiduous attentions he won the affections of her heart, and she loved him most sincerely. He usually professed to care for her in the same affection towards her; and, frequently went together in the evening, to take a walk in the summer season about Charlottetown, his company increased. In the spring of last year, 1874, he obtained notice of control over her person, and she became pregnant with child. She told the said Thomas B. Carter her situation. He said for her to be in his room in a dream condition, and he continued to visit her regularly all the summer, in the fullest intimacy, as she advanced in pregnancy. Sometimes it would come to see her in a state of hysterical nature, in the day time and at night, and behave in a very rude manner towards her. On the night before New Year's, 31st December, 1874, he came to her room in a dream condition, and accused her of being in the same state. He took violent hold of her person, knocked her down on the floor in a corner of the room. He attempted to choke her by grasping her with his hands in a violent manner about the throat. He kicked her in the abdomen—caused pain—so told him that if he had no regard for herself, to have some soap for the child in her wash, and then kill her too. (The deponent became very weak at this stage of the deposition, and its progress was postponed until the should revive.)

Returned at four in the afternoon of the same day. After beating her in that manner, he afterwards went away and left her alone in her room in a dream condition, and he came at last, and she told him about her condition and injury he had inflicted upon her person. He said that he did not know what he was doing at the time. He offered her two dollars, and he refused to give a. When she got a little better, she managed to remove from her room to the house of Mrs. Thompson, where she now is. In the first or second week in January, she came there. Has been in a violent state since. He neglected her all the time. Never came near the place. On the 8th day of February she was delivered and gave birth to an infant, the girl attended by Dr. Dawson and Mrs. Purohit. The child lived for nearly two days—then died. She noticed a mark on the breast of the infant. It never swallowed. She is very sure that the treatment of the child, B. Carter towards her was the cause of the death of the child. Two days after the infant died her own legs began to swell, the swelling has increased and she has reached her body—she says she prays that justice be done in the premises.

MARRIED.

In New York City, February 13, by the Rev. Philip A. H. Brown, of St. John's Protestant Episcopal Church, Trinity Parish, Mr. William A. Adams, of Horncastle, Lincolnshire, England, and recently of the Lunenburg, Canada, and recently of the Lunenburg, Canada, P. E. I., to Miss Laura M. THE LEAGUES AT LOGSBURGH—BAY VERRE CANAL—REPORTED DISMISSALS OF SWINVA D.

OTTAWA, March 13.—The House is discussing North-West Territory Bill, in which Blake expressed different views to Premier, when Sir John compared them to the Mikado and Tycoon.

There was a sharp passage between Blake and Tweezer on reduction in Estimates to twenty-five hundred dollars for Tay Verte Canal. Blake favors stopping work and dividing the money between Maritime Provinces.

Swinyard is here, but not yet reported. It is stated Cunningham, engineer on Pacific Railway, is appointed in his place.

QUACKS CONFOUNDED.

Rheumatism and Gout have heretofore been considered by the ordinary practicing physicians as incurable diseases, and the query has often been propounded, of what benefit to the helpless sufferer is all their pretended science; and what doth it avail—their long and tedious course of study—they are obliged to acknowledge that all their resources are to an account when called upon to prescribe for a patient suffering from chronic rheumatism. The great trouble lies in the fact that the mode of investigation prescribed by certain boundaries and limitations compelling the student to tread in certain well worn paths, and to confine his investigations to a narrow field, and to neglect the really important and beneficial discoveries have been placed under the ban of censure by those self-constituted expositors for no reason whatever, but that they are innovations upon a stereotyped and time honored prescription. It was not so however, with the proprietor of the

DIAMOND RHEUMATIC CURE.

For his high standing in the profession, and the successful issue of his treatment, quickly compelled the Censor to succumb, and now physicians generally all over the world, who his medicine is introduced, regard it as a wonderful efficacy, and often prescribe it for their patients. Of course the use of the Diamond RHEUMATIC CURE, without the aid of a physician, is a saving in fee to the patient, and a relief to the conscientious physician should rejoice at this, for the reason of the general benefits arising to mankind from its use.

READ WHAT THE PEOPLE SAY.

OFFICE OF SANITARY POLICE, Montreal, June 18, 1874.

Messrs DEYVES & BOLTON: GENTLEMEN—Having one of the many attacks of Rheumatism that I meet on my daily rounds, I was induced to try the celebrated Diamond RHEUMATIC CURE. I had suffered the last five or six weeks the most terrible severe pains across the loins and back—so severe indeed that I could hardly walk without the aid of a stick. I commenced using the Diamond RHEUMATIC CURE, and after taking three bottles, I found myself cured, and I strongly recommend it to all who suffer from that distressing pain.

Respectfully yours, J. B. GIBBARD, 51 LaBelle Street, St. Jouis, N.B. Sept. 29th, 1874.

A. CHIFFIN SMITH.

DEAR SIR—This is to certify that the Diamond RHEUMATIC CURE has perfectly cured me of that distressing pain called Rheumatism. I have suffered with the said complaint for upwards of twenty years, and tried every other medicine, but never found anything to cure it until I took some of the Diamond RHEUMATIC CURE. After taking three bottles of the said medicine I found myself cured, and I strongly recommend it to all who suffer from that distressing pain.

This medicine has for several months past been used with perfect success and satisfaction in the hospitals of Montreal, and is recommended by the best medical practitioners in that city, as a safe, speedy, and positive cure for either chronic or acute Rheumatism.

There is no medicine which so promptly relieves the depressed vital action, restores the general and local circulation, allays the pain, dissipates the congestion, prevents inflammation, and restores the healthy action, as

The Diamond Rheumatic Cure.

In thousands of instances the prompt and free use of this medicine has saved valuable human lives. Hence the Diamond Rheumatic Cure should be in every hospital and infirmary, in every doctor's office, in every factory and factory, in every shop and office, in every office and counting room.

The experiment of twenty years in the London Hospital, England, has demonstrated to the Medical Faculty of Europe, that the only medicine having control over this class of diseases, is the Diamond RHEUMATIC CURE.

DIAMOND RHEUMATIC CURE.

It is the result of a life time of scientific study, and is now for the first time offered to the Canadian public, prepared by a careful, experienced, and conscientious physician, in obedience to the desire of anatomists, chemists, and the profession in general, and among the people.

Every bottle is warranted to contain the full strength of the medicine, in its highest state of purity and development, and is superior to any medicine ever compounded for this terrible complaint.

This medicine is for sale at all the druggists throughout Canada. It is to be had in bottles of one, two, and four dollars, and is sent by mail to

W. R. WATSON, CHARLOTTETOWN.

JOHN NEWSON, Jan. 18, 1875. 1y new

MR. BYRNE, Veterinary Surgeon,

Of London, England.

HEGGS to inform the public that he has opened an office and surgery at Desjardins' corner on the Market Square, and wishes to call the attention of all owners of horses, stock, &c., to the following list of medicines, which are guaranteed to be genuine and made from the prescriptions used at the Royal Veterinary Colleges of London and Edinburgh.

The Black Drink.

A certain remedy for Colic, Gripes, and Stagnation of the Bowels or water of any animal.

Stimulating Liniment

For Bruises, Sprains, etc., etc.

A Liniment

For wounds of every description. No fly will touch the wound when dressed with this embrocation. An excellent dressing for cuts from the shies in winter.

Emollient Liniment

For sore shoulders, sore backs, etc., the best remedy known as yet by the profession.

Physic Balls

Of all sizes, made of the best Barbadoes, &c.

Cough Mixture.

A guaranteed cure for Coughs of any kind.

Alterative or Condition Powders

For horses in low condition, the result of influenza, or other lowering diseases.

Tonic Powders,

A fine medicine for horses whose appetite is bad or impaired.

Diuretic Powders,

Special attention should be given to the use of these powders in all affections of the Kidneys and Urinary Organs, as many valuable horses are annually destroyed by the injudicious use of Diuretic medicine of inferior kinds and over doses.

Vermifuge Powders

For the destruction of worms of all kinds.

Cattle Medicines.

Cleansing Drenches, Thriving Drenches after calving, Nourishing Drenches for calves, Drying Drenches for cows, medicine for Red and Black Water in cows, medicine for Scour in calves and sheep, dressing for Foul or Rot Foot.

SUNDRIES.

Blistering Ointment.

For reducing Enlargements, Spavins, Splints, &c. Medicine for the removal of Moths.
