

And, whatever its final doom may be, still dust to dwell, or live eternally, long may it be, to Memory given a shrine, and the Great of terror to the heart. And bring—what riddens o'er its dead hands, and all her powers to mournful musings—such sweet remembrance of the past, as well shall show the duties to be done, as well shall show the duties to be done, that which ever scans the fish part, that which that alone, at Freedom's side, leaves the sharp falchion and the sword, that which—through, by such course, it here Fortune and power to Honor will give, as well shall show the Christian's life, whose rule of life is heavenly Charity; who meekly flies the Truth, without price, as free from measure, as from avarice; who knows no greater joy than that which flows from the blood that soothes another's woe; who loves as Christ does love, who dreads all, and ever shall be dead to misery's call.

By such, in life, their spirit is not shown in the more outward acts of Love alone, but, as the flowers their essence pure distill, and, through the ambient air, their sweets transpire, so that their spirit, whatever their life, exhale a virtue which their spirits breathe, an influence which even Guilt surrenders, and the last hopes of those around them. Create an atmosphere of love around them, and so-impelled, turn to the light ground; give, to Old Age, the high of youth, and Childhood circles in a flowery maze, which, e'en to subject brutes, its charms, and virtue almost in its nature, and so, as its own service tends to destroy, and warn its being with grateful joy.

And, not with life's blessed influence, but, from the grave, the dead, the silent, the spirit speaks e'en from the silent grave. Yes, from the ashes of the virtuous dead, a holy influence flows, that, which, which works, in those who loved their virtues here, to prove their memory they indeed reverse by every vain and vice foregone. And every loved virtue made their own; by chartered lives, and by the method of their rich in deeds of Love and true Humility.

And some, we trust, who, o'er this honor, have truly shed "the willing yoking yoke," will, from the grave, with grace approved, to sacred home or busy sphere depart; but each, with humble confidence in God, resolved to tread as the departed tread; to live a life of purity and peace; to live prepared, when earth's fond joy shall cease.

With cheerful will the summons to obey, which life dissolves, and clay consigns to; but the freed spirit, at the glad behest, to God, who gave it, and eternal life.

R. B. IRVING.

All of the Imperial Troops are now removed finally from New Zealand, and the colonists have henceforward to look after their own protection; the home government will no longer allow the "red coats" to keep watch and ward over the lives and interests of the settlers. As an immediate consequence of the removal of the troops the Moaers—that is, the hostile portion of the natives—are beginning to muster and threaten. They are bent on having the confiscated territory of Waitakato restored to them, peacefully if they can, but they are ready to fight if otherwise. Matters don't look particularly pleasant to the colonists. Another war is among the probabilities of the immediate future.

A telegram from Havana states that all the property of the Royal Mail Steamship Company at St. Thomas was destroyed on the 29th ult., by a terrible tornado. The Steamer *Ithone* was lost on Peter Island and the *Wye* on Back Island. The Conway, Captain Hancock, went ashore on Tortola Island, and the *Derwent* at St. Thomas. The vessel and Tyne were dismantled. The town of St. Thomas is in complete ruins. Fifty vessels were ashore. The loss of life has been very great and the destruction of property immense. All the officers and engineers of the *Rhone* and all others on board of her were saved. Of the passengers on board the regular steamer for Southampton, which had sailed with 150 passengers, only twelve were saved.

The Honorable and Right Rev. John Strachan, Bishop of the Church of England, who died at Toronto on the 1st instant, was eighty-nine years of age. He was intimately connected with the affairs of Canada for nearly three quarters of a century, and was the oldest bishop of the church in the world.

CHEAPER THAN EVER—Now is the time for those who are in want of Dry Goods to make their purchases. And we would desire to call the attention of our friends to Robinson's Large and well selected stock, confident that those who favor him with their patronage will get the best value for their money at his establishment.

The crew of the *chr. Comet*, Capt. McPherson, at this port, were taken sick with fever after leaving St. Jago, and the vessel put into Isagua. Isaac Day, seaman, of Jodere, died before reaching Isagua, on the 7th Oct. The *Comet* experienced heavy weather on the passage home, and lost bulwarks and galley, and had lost stove and part of sails split.

A STARTLING TRUTH—Hundreds die annually from neglected coughs and colds, when by the use of a single bottle of Dr. Winter's Balsam of Wild Cherry their lives could be preserved to a green old age.

A horse thief, named Hayden, was arrested last week at or near Summerside, by H. H. Pollard, who allowed his prisoner to ride alone in a carriage before him, whence he escaped. Hayden had stolen a mare belonging to Mr. May, of Rusbank, and swapped her for a heavier horse. He then extended his operations to Morrell, where he made free with a mare belonging to W. E. Clarke, Esq., which he swapped with a Frenchman at Kells Bay. He next came to town, hired a wagon from M. Butler, Esq., and shaped his course westward. In the three counties constables are now on the hunt for the scamp.—*Put.*

Several Lots of Land near Casimpe Harbor, Alberton, were offered for sale by the Commission of the Public Lands on the 7th instant. The reserved price—£50 per acre—was however considered much beyond their value, and no bidders offered themselves. Previous to the sale Mr. Woodman served a protest on the Commission, claiming a pre-emption under the Act 16 Viet. chap. 17, over three or four of the Lots as laid out, as being part of the land occupied by him for the last 25 years.—*Can. to S. Journal.*

On Friday the Bark *Albena*, Campbell, master, cleared for Liverpool, with a cargo of 15,500 bushels of oats, and 12,900 feet of deal. The ship L. C. *Albena*, Brown, master, and the Bark *Empress*, Gillie, master, cleared the same day, the former for Havre, France, with 25,200 bushels of oats, and 10 of barley, and the latter for Cork, with 25,500 bushels of oats. Today the Brig *Idalia*, Robert Paul, master, also cleared for Havre with 13,500 bushels of oats, for the same parties.—*Put.*

From the last Royal Gazette.

NOVEMBER 6th, 1867.—His Excellency the Lieutenant Governor in Council has been pleased to make the following appointments, viz:—

The Hon. Francis Kelly and Edward Reilly, Esquires, to be Members of the Board of Education, in the place of the Reverend George Sutherland and the Reverend Michael Ritchey, who have left the Island.

Mr. Michael Hession to be a Commissioner for the recovery of Small Debts for the Court at Georgetown, in the place of Wm. Whitman, Esquire, resigned.

Mr. William S. Longworth of Charlottetown, and Mr. James McDonald, of Little Pond, Township No. 56, to be Preventive Officers and Land Wardens, in terms of the Act of 18th Victoria, Cap. 1.

Mr. Henry Clay to be Assessor of Weights and Measures for Dundas, in the place of Mr. George L. Wines.

Mr. James Leard to be Wharfinger for the Wharf at Howat's Shore, at Tryon, in terms of the Act of 18th Victoria, Cap. 13.

Archibald McPherson, Esquire, and Mr. George Moore, of Georgetown, to be Justices of the Peace for King's County.

Mr. Michael Hession, of Donora Road, Township No. 57, to be a Justice of the Peace for Queen's County.

From the Patriot, Nov. 16.

PROMISE.—The wet weather and bad roads made it impossible to carry out a operation. Oats continue to command a ready sale at 28. 84. In barley we have no change to note. Potatoes exhibit an upward tendency. Yesterday 2s was asked on the streets, but shipping rates range from 1s. 84 to 1s. 10d. In Halifax at latest advices (12th) they were selling at 25s 40 cents and rather dull at that. Oats, by retail, at 48 cents, and 45 cents wholesale. Barley 75 cents. Shipments for the week—387 2/2 bushels oats; 4400 do. potatoes; 2000 turneps.

PORK is a shade lower, and purchasers inclined to speculate largely. Between 200 and 250 dressed hogs changed hands during the week. Yesterday the highest market price for any considerable transaction 34s. The price of pork is down in Halifax, St. John, N. B. of the United States and England. This is attributable to the decrease of our own supply, and the fact that the people must have. Shipments 88 barrels.

BETTER, by far, in large supply, and ruling a little lower. Flour continues high. Receipts 134 barrels flour and 24 do. bread. Several hundred barrels exported from Canada in a few days.

APPLES scarce and in great request. Receipts 35 barrels. A lot coming in the "Albion".

RECEIPTS, 253 barrels herrings, 20 do. mackerel, 25 do. cod, and 100 boxes codfish.

COAL—A few cargoes required to complete winter stock. Receipts, 72 tons coals.

LEASONS—30 tons and four cargoes of boards, etc. arrived during the week. Shingles not to be had at any price.

WEST INDIA PRODUCE—Week's receipts, 10 hides, sugar, 40 lbs molasses, and 12 pigs. run.

ACCIDENTS.—On Saturday last the coachman of Martin Black, Esq., was killed in the collision of his engine with a horse, and subsequently died from the effects of the injuries received.—On Saturday morning a number of men were employed in removing some bundles of hay from the second story of the City Railroad Depot, and one of the men, named John Kelly, in so doing, fell from the fourth story of Burns & Murray's new building in Holly Street, and struck a laborer named John Kelly on the temple, injuring him severely. He was taken to the surgery of Dr. Almon, where his wound was dressed.—*Halifax Sun, Nov. 11.*

Rheumatism's Outward and Pains—Soleaia, Rheumatism.—The very sound of these names carries terror to the minds of all who have once experienced the torments of these dire diseases, though the latter has pointed out a method of relief that should give the most despondent sufferer renewed courage and refreshing hope. After the afflicted parts have been duly fomented with tepid brine and carefully dried, this Ointment should be patiently and perseveringly rubbed upon the skin thus prepared for its reception, and these Pills should be taken in doses as prescribed in the "Instructions." This simple cure will conduct the severest forms of the neuralgia, rheumatism, and gout to an easy resolution, reduce the accounts of Charlotetown, about fifteen hundred dollars, and strengthen the nervous fluid.

Ayer's Cherry Pectoral, FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness, and so numerous are its cures, that in almost every section of our country are persons publicly known who have been restored by it from alarming and even desperate diseases of the lungs.

When once tried, its superiority over every other expectorant is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what attitude to employ for the distressing and dangerous affections of the pulmonary organs incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferring benefits on the afflicted that are never forgotten, and procuring to our country and too remarkable to be forgotten.

We can assure the public that its quality is carefully kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever done.

Great numbers of Clergymen, Physicians, States men, and other eminent personages, have lent their names to certify the unparalleled usefulness of our remedies, but space here will not permit the insertion of them. The Agents below named furnish gratis our American Almanac in which they are given; with also full descriptions of the complaints our remedies cure.

Those who require an alternative medicine to purify the blood will find Ayer's Comp. Ext. Sarsaparilla the one to use. Try it once, and you will concede its value.

Prepared by Dr. J. C. AYER & Co., Lowell, Mass., and sold by all Druggists and dealers in medicine everywhere.

AN EFFECTUAL WORM MEDICINE.

Brooks's Vermifuge Combs,

On Worms, Lozenges, Much sickness undoubtedly, with children and adults, attributed to other causes, is occasioned by worms. The Vermifuge Combs, is a powerful and safe medicine, and can do no possible injury to the most delicate child. This valuable combination has been successfully used by physicians, and found to be safe and sure in eradicating worms from the human system.

Children having worms require immediate attention, as neglect of the trouble often causes protracted sickness.

Symptoms of worms in children are often overlooked. Worms in the stomach and bowels cause irritation, which can be removed only by the use of a safe remedy. The combination of ingredients in Brooks's Vermifuge Combs, is such as to give the best possible effect with safety.
