**Burning a Penny Candle, to look for a Farthing.**  
 That is what some folks do when they try to save cents in the purchase of adulterated soap made from cheap oils. They not only "burn the candle" but they "lose the farthing" as well, when they subject costly fabrics to the corrosive action of such soaps. Dollars are literally thrown away in washing fabrics like lace, muslin, damask, cretonnes, silks, and embroideries with trashy imported soaps made from inferior oil.  
**Royal Oak Soap**  
 expressly manufactured for the washing of such articles. It is made from the purest materials; white goods become whiter and colored goods brighter when washed with it. A purer soap is beyond the art of soap making. Ask your dealer. For sale everywhere.

The person afflicted with the terrible disease is a married woman residing on the road near Annapolis. The doctor stated that it was one of the worst cases of leprosy he had ever seen.  
**SOME TRUTH IN IT.**—At the examination in the academy this morning Principal Lay got an answer to a question that he hardly expected. It was in the civics class, and he asked the length of tenure of office in the Government service under our system. Silence reigned for a few moments and was broken by a youth in one of the rear benches, who called out "Till a change of Government."—Amherst Press.

**OLD COUPLE SUICIDES.**—It is reported from Boston that William T. Ball, aged 66, and wife aged 73, were found dead in bed at their home, Ackron Place, Roxbury, a few mornings ago, from the effects of gas poisoning. Ball was an old time journalist and Shakespearean student. He was the dramatic critic on the Traveller for 21 years.

**Paid Their Full Liabilities.**  
 [Hamilton Spectator.]  
 Two years ago Adam Hope & Co., merchants, this city, being in difficulties made an arrangement with their creditors and paid 50 cents on the dollar, that being accepted as payment in full. The other day, two years later, the creditors were surprised to receive from the firm the other half of the money, together with interest in full for two years! And the firm not only did not make any fuss about the unusual proceedings, but will possibly be annoyed at the publicity hereby given to a private business matter.

**ESTEEMED EXCHANGES.**  
 Montreal Gazette: The Liberal St. John Telegraph asserts that there is yet such a thing as public opinion in Canada. The information is not untimely, and will give new courage to the Conservatives. From the way bye-elections and things have been going, the fear had been growing up in some hearts that public opinion was as dead as Sir Richard Cartwright's love of an economical administration.

Toronto World (Con): "The best that The Globe can say for the redistribution measure is that the preservation of the county lines is more important than a mathematically accurate division of the population. Those who remember the vigor with which The Globe under the Hon. Geo. Brown contended for adherence to the principle of representation by population will appreciate the utter abandonment of the former sound position in the present attitude of the Liberal organ."

**The Great Fire at the Windsor, N. Y.**  
 Was an awful calamity, but cannot be remedied. Now, Catarrhzone can remedy and is a positive cure for catarrh and kindred dreaded diseases. This statement is backed up by hundreds of testimonials, which we have and can produce. Soaps, ointments, washes, etc., have been proved useless in giving relief or curing catarrh, bronchitis, irritable throat, nasal and ear passages, but Catarrhzone, the ozonated air cure, does not only give immediate relief, but effects a permanent cure. Why delay? Send at once for sample bottle and inhaler, 10 cents. Outfit, \$1.00.
